

SOCIETY and Clubs

Activities of Legion Auxiliary

By Mrs. Cole Holmes
The Sewing club met at the home of Mrs. C. E. Kunz last Monday evening, April 3rd. There were only about nine members present but quite an amount of work was accomplished and delicious refreshments were served by the hostess. The dinner and dance given by the Ashland Legion post and its auxiliary was well attended by Medford Legion post and its auxiliary. During dinner a program of vocal and instrumental music was presented. After dinner the state of-

ficers presented their messages. Mr. Paul McDonald, first vice commander of the state of Oregon, brought a message from the 1933 convention city, Klamath Falls. Mrs. Waive Ender, district president of the state of Oregon, told of her recent visit to Lakeview and Klamath Falls. The two major objectives of the auxiliary are child welfare and national defense. All are urged to make themselves familiar with these subjects. The Legion posts are making rehabilitation their major objective. The next speaker was Jack Eakin, commander of state of Oregon. The first duty of every Legion and auxiliary member is to the United States and to our president. We are banded together for many purposes but the main ones are "To uphold and defend the constitution of the United States," "To foster and perpetuate a one hundred percent Americanism" and "To consecrate and sanctify our association by our devotion to mutual helpfulness." The national commander of the Legion places his faith in the fairness and con-

sideration of President Roosevelt and believes that this new act will do away with any unfair or unjust claims and that the country can begin a new program of rehabilitation of the disabled veterans of the world war with a clean slate. National Commander Johnson has placed in the hands of the president the entire facilities of the Legion's national rehabilitation committee, that he may have the expert advice and experience of these American Legion officials who have devoted their lives to the rehabilitation of the disabled veterans.
Monday evening, April 10th, will be the regular social meeting of the auxiliary at the club rooms in the armory. The meeting will start at 8:00 p. m.
Don't forget the Easter Monday ball, Monday evening, April 17th, at Oriental Gardens.
Building Bridge to Meet After Easter.
The Building Bridge club will not meet again until after Easter, it was announced last week.

D. A. R. News

Plans for the April meeting of the Crater Lake Chapter Daughters of the American Revolution, as printed in the year book, have been changed and the meeting will be held at Mrs. R. G. Beach's home, 113 Geneva avenue, on Saturday, the 15th, at two o'clock. Mesdames Warren, Snedcor, Newman and McElhose will assist Mrs. Beach.
Delegates who attended the state conference at Eugene will give their reports and candidates for chapter officers for the coming year will be nominated.
Sunny Sisters to Meet At Clement Home
The Sunny Sisters of the Presbyterian church will meet at the home of Mrs. Clement Tuesday afternoon at 2:00 o'clock. A good attendance is requested as important business will be considered. Sewing will comprise the project of the afternoon.

W. C. T. U. Notes

By Mrs. Wm. H. Hill.
The next regular meeting of the local union is Thursday, April 13, at the "Y" at 2:00 p. m. A food sale will be held at the Reliable Grocery store, just north of Pay 'n' Takt, on Saturday, April 15th.
Missionary Society To Meet Tuesday
The Woman's Home Missionary society of the First M. E. church will meet Tuesday afternoon at the home of Mrs. E. C. Koppen on South Oakdale. Miss Helen Carlton will conduct the program.
Come prepared to make a lenten offering.
Grahams Return To Home on Chetco
Mr. and Mrs. M. P. Graham have been Medford visitors for a few days, returning from San Diego, where they spent the winter, to their home on the Chetco river.

Garden Club Hears of Spray Materials

L. P. Wilcox, county agent, told members of the Garden club Thursday evening about spray materials and chemicals used in control of plant diseases or insect pests that affect plant life.
Directions for the use of fungicides and of insecticides were given with the suggestion that prevention, rather than cure be planned.
The speaker recommended the use of materials containing sulphur or copper sulphate in dealing with fungi, using lime sulphur, either liquid or dry, Bordeaux mixture, either commercial or home-made, dusting sulphur or manganese, a DuPont product.
As insecticides for "chewing" insects contact materials such as oil emulsions, lime sulphur, black leaf 40 and pyrethrin for the "sucking" type of insect or garden pest, poisons such as arsenate of lead, arsenate of calcium and fluorine were men-

tioned and instructions as to care and mixture given. Three in one dust for general purposes recommended.
Other chemicals used in eradication of soil pests, in seed and seedling treatments and general bait materials were enumerated.
Directions for mixing small quantities for common sprays were given.
1. Lime sulphur liquid, 1/2 gal. to 3 gallons water.
2. Dormant oil emulsions 1 quart to 8 gallons water.
3. Summer oil 2-3 pint to 5 gallons water.
4. Black leaf 40, 1 1/4 teaspoon to 1 gallon water.
5. Arsenate of lead, 2 1/2 ounces to 8 gallons water.
