

ARTIST ON SAXOPHONE WILL BE PRESENTED AT HIGH SCHOOL MAY 1

On Monday, May 1, at 1:00 p. m., the Medford senior high school will present Cecil Burton Leeson, concert saxophonist, with Paul Karady, pianist and accompanist, in concert.

Mr. Leeson feels that the saxophone, when properly played, possesses the warmth and flexibility of strings, the agility of reeds, and the roundness of the brasses, plus a lyric quality of tone quite individual. It is adapted to heroic singing passages as well as the most delicate staccato, and contrary to the average belief, is capable of producing every tonal shade from the lightest pianissimo onward.

A small admission will be charged. Tentative program follows:

"Erica" Weidott
 "Schoen Rosmarin" Kretzler
 "Flight of a Bumblebee" Rimsky-Karsakoff
 "Two Guitars" Old Hussain Air
 "Silence of Night" Rachmaninoff
 "First Arabesque" Debussy
 "Cora Staccato" Dancu-Helfetz
 "Danse Hongroise" Ring-Hager
 "To a Wild Rose" MacDowell
 "Zapateado" Sarasate
 "Rhapsodie for Saxophone" Debussy

Goes To Philippines

Mayor Frank Murphy of Detroit was named by President Roosevelt to be governor-general of the Philippine Islands.

Y. W. C. A. WILL BE NOON REST SPOT

A new plan is being devised this week by the Y. W. C. A. board to make the building on North Bartlett more definitely allied with the requirements of women for rest, leisure and recreation.

All working girls and women, and other persons with time during the luncheon hour for a little rest or recreation, are invited to gather at the "Y" building for that period of time. To rest, indulge in a game of bridge, or a cup of tea. Hostesses will be at the "Y" to welcome callers during that time and all persons, who have been seeking a down town place to spend the extra minutes between luncheon and return to work, are cordially invited to drop in at the "Y".

DOGS NEED HELP IN AVOIDING FOXTAILS

This week being observed as "be kind to animals week," Mrs. Roy Stanley of Eagle Point has suggested a kindness to dogs that owners should consider at the present time. Mrs. Stanley stated that the dog's suffering from foxtails between the toes could be avoided, if hair would be clipped between the toes, which would eliminate possibilities of the stickers lodging in the hair, and working into the flesh.

NEW KELLY TIRE WEAR RESISTANT

The new registered Fatigue-proof tire, Kelly-Springfield's 1933 offering to automobilists, is "fortified at every point against wear and weakness," according to Sam Jennings, local Kelly-Springfield dealer. Mr. Jennings said that the Kelly-Springfield company has pioneered every step of the way in tire development and that the new 1933 product is a distinct achievement in scientific processing and manufacture.

"Having established the cause of tire fatigue," said Mr. Jennings, "Kelly-Springfield evolved the new tire, which they fortified in six different ways.

"One way was through the use of cork-screw cotton, which can be woven into an almost indestructible cord fabric. Gum-inforced plies, giving 40 per cent greater adhesion than in ordinary tires, were used. Prime first rubber was employed exclusively. Vitalized rubber treads, bigger, deeper and thicker, were built into the tire giving 20 per cent more mileage than the best former record."

FRUIT, VEGETABLE MART WILL OPEN

Tom Boothby announced today that he will open a modern market, to be known as Tom's Quality Market, tomorrow at 14 South Central, in the location formerly occupied by the Pig Tail market. Mr. Boothby is an experienced grocery and produce man. For the past four and a half years

he has been with the Reliable Grocery. The new market will feature the finest fruits and vegetables at unusually low prices, according to Mr. Boothby. The market will also feature Gold Seal products, Fluhrer's break, cakes and pastries, S. and W. canned goods and Best Foods mayonnaise. As a special feature Fluhrer's hot bread will be on sale every day, except Saturday, between 5 and 6 p. m.

Tom's Quality Market will have an attractive open front. The interior has been completely remodeled and redecorated. The front of the store will be improved with the installation of a new Neon sign, manufactured by the Medford Neon Sign Co.

HOMING PIGEONS WILL BE PRIZES

Some boy or girl in Medford will be the proud possessor of a pair of homing pigeons, through the courtesy of the Gates and Lyndard Groceries, according to announcement made this morning by W. A. Gates.

Two pigeons, one from each store, will be released Saturday morning, the bird at the Groceria No. 1 being released at 9 o'clock and from Groceria No. 2 at 9:30 o'clock. The boy or girl in the city who can most accurately guess the time required for the birds to arrive in Portland, will receive the little carriers. The guess will apply to either bird.

With the birds, when they are presented the winner, will be full instructions as to the care and training of the pigeons. Jack Walker of the local Sperry offices, wired yesterday for the birds to be sent from the Portland lofts of the Sperry Flour company, and the birds were scheduled to arrive here today, according to Mr. Gates.

A large number of children are expected to be attracted by the guessing contest, and Mr. Gates stated this morning that their answers to the time may be presented at either Groceria Saturday until the report is received from Portland of the actual time required.

Paul Hirsch, northwest sales manager of the Sperry Flour company, will telegraph Mr. Gates the minute the birds reach the lofts in Portland, according to the present plans, and when the answers are all tabulated, the winner will be announced.

When going on a trip to the woods, or on a vacation, the boy or girl can take one of the pigeons with him, and send a message home. Mr. Gates said. He stated that when the bird is released, it will return to its mate, so it is necessary to keep one of the birds wherever the message is to be delivered.

KELLY WILL AID BOND ARGUMENT

Appointment of Representative Edward C. Kelly, this city, to a joint legislative committee to prepare arguments on senate joint resolution 122, embodying a change in the bond issue vote to require a two-thirds majority for passage, was announced here today through notice from the secretary of state's office.

Serving with Kelly on the committee will be Senator James T. Chinnock of Grants Pass and Representative V. B. Staples of Ontario.

The three will prepare arguments for publication in the Voters' Pamphlet, prior to the special election to be held July 21. Representative Kelly is asked to prepare a one-page argument in support of the resolution.

Science and Bible Topic Tonight for Evangelist Leavitt

Evangelist Teddy Leavitt speaks tonight at the Christian church on the subject "Scientific Truths and the Bible." He will show that many scientific facts recently discovered were made known in the Bible centuries before Christ was born. Anyone thinking that the Bible and Science contradict each other is especially invited to hear this sermon. The choir will sing a negro spiritual.

A large crowd heard Leavitt last night when he spoke on the subject, "Outstanding Predictions of the Bible Fulfilled." Delegations were present from Grants Pass, Rogue River and Ashland. The evangelist pointed out many historical facts that were predicted in the Bible centuries before they took place. One of the most outstanding predictions was that regarding the taking of Jerusalem during the World War, when General Allenby of the British forces took the city without firing a gun.

Services will be held every night this week beginning at 7:30.

We are fully equipped to care for all your needs and keep our money right here in this, "A GREAT COUNTRY."
