

VETERANS ADVISED AGAINST MARCHING IN BONUS BRIGADE

According to press reports, the communists are endeavoring to organize another "Bonus March" to Washington. They are trying to involve veterans in the movement, but the real motive is to cause trouble and their ultimate objective is revolution and the overthrow of the Government of the United States.

The concentration of veterans at this time would be dangerous to the welfare of the nation and detrimental in every way to the cause of veterans as a whole. Veterans who take part in any so-called "Bonus March" or any other kind of march on Washington now will absolutely destroy existing prospects in congress for any consideration of the bill for immediate cash payment of the World War Adjusted Service Certificate.

As commander-in-chief of the Veterans of Foreign Wars of the United States, I ask every officer and member of our great organization to refrain from taking part in a movement of this nature and I call upon all to strenuously discourage others from participating in any proposed mobilization at the nation's capitol. Revolutionary tactics as advocated by the communists back of this proposed march on Washington are un-American in spirit and in violation of the ideals and principles of the United States.

The Veterans of Foreign Wars of the United States is still working for immediate cash payment of the Adjusted Service Certificate. The V. F. W. has been the leader in this fight and we have no intention of surrendering. We believe the increasing demand for expansion of the currency as a means of coping with the depression is favorable to cash payment and will eventually prove that the V. F. W. plan is the logical means of controlled currency expansion. However, we can not hope for success unless we make an orderly and dignified presentation of our program.

I feel sure that every member of the Veterans of Foreign Wars of the United States will oppose the communist program and all other similar demonstrations designed to reflect discredit upon the patriotic veterans of this country.

JACKSONVILLE GRANGE FIFTH ANNIVERSARY TO BE MEETING FEATURE

An Arbor day program was enjoyed at the Jacksonville Grange opened with a song followed by a short talk on Arbor day by Charley Hoover. In roll call each member was called upon to name his favorite tree and why? This provided a number of laughs.

This feature was followed by a tree naming contest, the loser of which was to entertain the grange with some stunts. Other musical features were two baritone horn solos by Geo. Wendt, and two vocal numbers by Henry Niedermeyer.

Next grange meeting will be in the form of a birthday dinner and party, honoring the fifth anniversary of the grange. It is hoped that every grange member will be present to commemorate the day. Dinner will be served at 7 o'clock followed by games and dancing.

Members are reminded that birthday gifts for the grange in the way of kitchen equipment, etc. would be very acceptable. Mrs. Myrtle Arnold will have charge of the package, all of which will be opened at the banquet table as a part of the program. Other committees are: Menu, Anna Hartley Ora Niedermeyer, Edna Skinner, Florine Severance; table, Mattie Mechem, Reva Henepeter, Nellie Craus; decorating, Irma Niedermeyer, Doris and Leona Conger, Florence Gifford; reception, Callie Sanden, Claire Hanley, Mr. and Mrs. C. C. Hoover; music, Chester Wendt; games, Ted Sims.

133 Exclusive Models.

Time was when a waffle was just a toasted hotcake. But there were entirely too many possibilities for development for that to remain satisfactory. It was just the beginning of a most varied existence for waffles, and the latest 1933 models are as colorful as the spring fashions, and as welcome to the jaded appetite as the freshest strawberries (homegrown).

Your waffle iron, therefore, is a delightful ally coming to your assistance at a minute's notice to provide a wholesome meal.—be it breakfast, lunch or supper. Waffle desserts fit into dinner plans also, thereby winning the thanks of the whole family. Remember these three rules—then make the variety as wide as you please.

CLEAN-UP DRIVE BY C. OF C. ENDS IN COMING WEEK

Next week the Clean-up and Paint-up campaign being sponsored by the chamber of commerce during the month of April will bring the intensive part of the drive to a conclusion and it is expected that a considerable amount of work will be created before the campaign actually closes, is the report today from J. C. Cloer, chairman of the present week.

During the present week the campaign has been particularly directed to gardens and landscape work and a number of reports would indicate that some improvement has been although possibly not as much as the committee would have desired.

The Medford Garden Club has cooperated with the chamber of commerce in this work and announces that those living on Riverside or Central can obtain Chinese or Black locust trees to be placed in parking strips only. In giving away these trees the Garden Club wishes to emphasize that the recipients must accept responsibility of taking care of the trees and if same are tended properly Riverside and Central will present a very splendid appearance in years to come.

Anyone living on these two streets who would like a tree is asked to communicate with the chamber of commerce so that arrangements can be made for delivery.

"In entering the last week of the campaign," stated Mr. Cloer, "we hope we shall receive even more cooperation from merchants and householders than has been our privilege during the past two weeks.

"The tourist season is almost upon us," continued Mr. Cloer, "and with our city presenting a spic and span appearance there can be no doubt of the effect it would have on our visitors, many of whom are prospective settlers of Medford and the Rogue river valley."

Persons who are having paint work done, carpentering, remodeling, or any other type of work are asked to
