Ye Smudge Pot

Formation of a Public Defense League. From the Professional Patriots, the Professional Poor, Amateur Frederick the Great, and itself, the public sure needs defense...

The fair and opposing sex has started wearing broad-rimmed hats, and looking like something.

The weather range this week has been from sleds to gents in their shirt sleeves, what with snow on Sunday, and Old Sol beaming busy yesterday.

The furniture business has shown a marked improvement during the last two weeks, said Harry A. Green, head of the Doernbecher Furniture Manufacturing company, Portland.

Reports we get by telephone indicate that steel operations this week showed a marked increase all along the line.

"Business failures in the United States during the month of March were the smallest in number for that month in the past eight years," says the weekly report of Dun and Bradstreet.

It was only slightly higher than the five-year average figure covering the years 1925 to 1929, inclusive.

Sharp advances in the prices of commodities all along the line were a sensational development of this week.

On every hand, locally, there is statement by dealers that "business is better."

The good ship America has weighed her anchors and set sail. She is headed for that fine old port, Prosperity.

Leslie Riley rode over to the schoolhouse Thursday afternoon and presented the school teacher with a bouquet of wild flowers.

A shortage of cow hides is reported, and unless you want to go barefooted, shoes will cost a staggering amount.

The Democratic party now proposes to make the \$ worth less, to make it worth more.

"People have got to stop dumping garbage in Bear Creek, or I will know the reason why," declares Chief of Police Hitson.

Three youths blamed for a runaway when they threw an inflated sack in front of a farmer's horse.

Miss Sybil Fish has been visiting friends in Eden Valley the past week.

"The Kiss that Burned Her Soul" and a John Bunny picture at the Star.

TOLO, April 20.—(Sp.)—Mrs. Vera Richmond of Evans Creek visited her mother, Mrs. J. R. Kathan, Saturday.

Chas. Standford and Tom Hagen are hauling from their mine to the Wright and Haft stamp mill on Blackwell hill.

P. A. Tracy made a business trip to Winona on Jump Off Joe creek Friday.

Mrs. L. W. Jacobs and Mrs. H. M. Butler attended. Mrs. Fowler, who is home from Corvallis, Mrs. E. C. Borg of Talent, Mrs. J. Q. Adams and Mrs. E. A. Woods, Ashland, were among out-of-town visitors.

Mr. and Mrs. Ray Moore entertained at dinner Sunday for Mr. and Mrs. Will Whit, Mr. and Mrs. Ralph Witt and son, Delbert.

Mr. and Mrs. C. S. Winters of San Francisco, evangelists, will hold a series of meetings, beginning Sunday at 11 a. m. and 7:30 p. m.; also Wed-

Who Will Pay?

Who will pay taxes if Southern Pacific doesn't? The heading is ours. The story is clipped from the Oregon Voter. SOUTHERN PACIFIC, Oregon's largest taxpayer, seeks \$22,000,000 loan from R. F. C., for which it offers to put up \$28,000,000 of underlying bonds.

With All Sails Set

WELCOME the reported action of the president and the secretary of the treasury in placing an embargo on gold exports," said J. P. Morgan, head of the mighty Morgan banking house, New York.

It had become evident that the effort to maintain the exchange value of the dollar at a premium against depreciated foreign currencies was having a deflationary effect upon already severely deflated American prices and wages and employment.

This is startling testimony from a startling source. It is support of the Roosevelt new financial policy from an unexpected quarter.

The Morgan opinion seems confirmed by tidings, from many quarters, of improved business conditions, due to the vigorous and united action of the president and congress.

Reports we get by telephone indicate that steel operations this week showed a marked increase all along the line.

Personal Health Service

By William Brady, M.D. Signed letters pertaining to personal health and hygiene, not to disease, diagnosis or treatment, will be answered by Dr. Brady if a stamped, self-addressed envelope is enclosed.

THE HEALING OF VARICOSE ULCER.

The rubber sponge dressing is a good one: Cleanse ulcer and skin around it with benzine. Paint ulcer with 10 per cent silver nitrate solution.

QUESTIONS AND ANSWERS. No, Honey. Please advise me if honey is fattening, also if it may be used by those who have been denied sugar.

1. No ointment, salve, lotion or other medication can hasten the rate of healing in any case.

2. It is silly to imagine that an antiseptic remedy promotes healing in any circumstance.

3. Unless complications demand medical attendance, plain soap and water is preferable to all other antiseptics for the care of varicose ulcer.

Various means of aiding the removal of the stagnant blood through the veins are available, and sitting or reclining with the affected limb elevated is one of them.

Wearing of an elastic stocking, legging or bandage fitted or applied after a day's rest in bed or at least before you get out of bed in the morning, is helpful to healing.

Skilful strapping of the leg and ulcer by the physician is successful in many cases.

Miss Alice Hanley and Clare Hanley of Jacksonville visited Mrs. Sarah Howlett and Mrs. Millie Hoyt April 9.

Mrs. Charlie Cingardo and Mrs. George Wright visited Eugene Newman at the Sacred Heart hospital Monday.

Mrs. Dollie Matthews is staying with her mother, Mrs. Drucilla Nichols, since the departure of Mr. and Mrs. Artie Nichols to Fort Klamath.

Mrs. Millie Hoyt, who has been so ill at the home of her mother, Mrs. Sarah Howlett, remains about the same.

Mrs. Octavia Shaw, of Portland, daughter of Mrs. Sarah Howlett, is spending some time with her mother and sister, Mrs. Millie Hoyt, while Ed Hoyt is in Klamath Falls caring for his farm work.

Mrs. Sophia Childreth spent several days with her son, Clarence Robinson and family in Medford last week.

Mrs. Lillian Fowler, who spent much time in late years at Corvallis, has returned to Rogue River for an indefinite stay.

J. G. Andrie, F. J. Cyr, John Stenbald and Geo. DeHaire, all of Seattle, arrived in Rogue River Monday and will spend two weeks working at their mine here.

Friends were sorry to hear of the death of Mrs. Hyde at her home on March 20. Mrs. Hyde had been ill for some time with flu and suddenly took worse, dying Tuesday morning.

Dr. Chisholm of Gold Hill was called to Rogue River Tuesday to attend Bill Breeding, small son of Henry Breeding. They are visiting here from Myrtle Point.

High school orchestra, under the direction of Prof. Botta of Medford, entertained the Grange during the lecture hour with some fine music, April 18.

Octagonal Mirror Enables New Measurements of the Speed of Light

SANTA ANA, Calif.—(AP)—Using an octagonal mirror whirling at the rate of 3100 revolutions a second, scientists plan new tests at the Irvine ranch, near here, to complete measurements of the velocity of light.

A 32-sided mirror turning 730 times a second has been employed in previous observations by Dr. Francis G. Pease of the Carnegie Institution's Mount Wilson observatory, and Fred Pearson, University of Chicago.

Check of Findings Sought. Dr. Michelson used an octagonal mirror, revolving at a lower rate than that now planned, to flash light between Mount Wilson and the top of another peak nearby, announcing in 1927 he had found light traveled 166,284 miles a second.

High Speed Aids Accuracy. The use of the new octagonal mirror rotating at the high speed will furnish more light beams for the measurements and should aid considerably in their accuracy.

Such a change in the apparatus, he added, is highly desirable as a check upon results already obtained, and may lead to explanation of some apparent periodic differences which occur in the measurements so far made.

Dr. Pease said they hope to complete the series of observations begun nearly three years ago by the latter part of March.

Dr. Francis G. Pease (above) of the Carnegie Institution's Mt. Wilson observatory, and Dr. Fred Pearson of the University of Chicago are using a mile-long tube (below) incorporating an arrangement of mirrors reflecting light from a whirling mirror (diagram) to make further checks on the speed of light.

Golf Bad Just After Luncheon

HURRY UP! LET'S GO! THERE'S NO RUSH. WASTE MAKES ACHES AND PAINS FOR YOU.

Flight 'o Time

(Medford and Jackson County History from the Files of The Mail Tribune of 20 and 10 Years Ago.)

TEN YEARS AGO TODAY April 21, 1923 (It was Saturday)

The application of Oscar Callison, center of the O. A. C. football team and basketball player has been received by the local high school to fill the vacancy caused by the retirement of Eddie Durmo.

W. A. Folger has returned from a three months stay in the east, and reports everybody working and business conditions good, and plenty of money.

Transient family at the auto campgrounds refuse to leave after a six weeks stay. Chief of police moves them out.

Local dairymen issue call for milkers without success. State Federation of Women's clubs to meet here.

Three men held for stealing radio equipment of what is now KMED, from the fairgrounds. TWENTY YEARS AGO TODAY April 21, 1913 (It was Monday)

Fletcher Fish, tenor, and Dr. Howard Join the ranks of the Medford Orchestral club.

A. S. (Rosey) Rosenbaum leaves on an extended tour of the eastern states and will boost the valley. He is general manager of the Medford division of the Southern Pacific.

"People have got to stop dumping garbage in Bear Creek, or I will know the reason why," declares Chief of Police Hitson. "I told a man not to do it, and he was back in 20 minutes with a bigger load. They want to land in the coop."

Three youths blamed for a runaway when they threw an inflated sack in front of a farmer's horse. Miss Sybil Fish has been visiting friends in Eden Valley the past week.

"The Kiss that Burned Her Soul" and a John Bunny picture at the Star.

KMED Broadcast Schedule

Weather Forecast. 10:00—Schubert's Love Songs. 10:30—Morning Comments. 10:45—Musical Notes. 11:00—Dorothy and Howard Thompson. 11:15—Morning Melodies. 11:30—Song and Comedy. P. M. 12:00—Mid-day Review. 12:15—Pyroll Parade. 12:30—News Flash, Mail Tribune. 1:00—Lumber Jacks. 1:00—Patrician Program. 1:15—Varieties. 1:30—Grants Pass Hour. 1:45—Interlude. 2:00—Dance Matinee. 3:00—Songs for Everyday. 3:30—KMED Program Review. 3:35—Music of Old. 4:00—Across the Seas to Hawaii. 4:30—Masterworks. 5:00—Popular Parade. 5:45—News Digest, Mail Tribune. 6:00—Medford Theater Guide. 6:05—Andy Slough. 6:20—Dinner Dance Music. 7:00—Reveries. 7:30—Eventide. 8:—U. S. Frost Forecast.

"KUROK" a specific remedy for treatment of poison oak. Satisfaction guaranteed. Grace Laboratories, 205 Liberty Bldg.

Eagle Point

EAGLE POINT, April 21.—(Sp.)—Cantata presented at the Presbyterian church Easter pleased a large audience.

The program included 12 numbers, under the direction of Miss Yetta Olsen, with Miss Helen Smith at the piano, and with the following voices: Sopranos, Mrs. Ray Parker, Mrs. Lulu Taylor, Mrs. Lottie Van Scoy, Mrs. Madeline Barrett, Mrs. Roy Smith, Mrs. Edith Weidman, Minnie Putnam, Hazel Smith, Eleanor Throckmorton, Francis Smith, Evelyn Abbott, contraltos, Mrs. Jessie Mittelstead, Wilda Darnelle, Donna Earl, Hazel Cingardo, Rose Smith; tenors, Lawrence Winslow, Charles Sturgill, Gerald Hansen, Lyle VanScoy; bass, Rev. Smith, Dr. D. A. Forbes, Harold Ed Hoyt, in Klamath Falls caring for his farm work.

Mrs. Sophia Childreth spent several days with her son, Clarence Robinson and family in Medford last week.

Mrs. Lillian Fowler, who spent much time in late years at Corvallis, has returned to Rogue River for an indefinite stay.

J. G. Andrie, F. J. Cyr, John Stenbald and Geo. DeHaire, all of Seattle, arrived in Rogue River Monday and will spend two weeks working at their mine here.

Friends were sorry to hear of the death of Mrs. Hyde at her home on March 20. Mrs. Hyde had been ill for some time with flu and suddenly took worse, dying Tuesday morning.

Dr. Chisholm of Gold Hill was called to Rogue River Tuesday to attend Bill Breeding, small son of Henry Breeding. They are visiting here from Myrtle Point.

High school orchestra, under the direction of Prof. Botta of Medford, entertained the Grange during the lecture hour with some fine music, April 18.

TOLO, April 20.—(Sp.)—Mrs. Vera Richmond of Evans Creek visited her mother, Mrs. J. R. Kathan, Saturday.

Chas. Standford and Tom Hagen are hauling from their mine to the Wright and Haft stamp mill on Blackwell hill.

P. A. Tracy made a business trip to Winona on Jump Off Joe creek Friday.

Mrs. L. W. Jacobs and Mrs. H. M. Butler attended. Mrs. Fowler, who is home from Corvallis, Mrs. E. C. Borg of Talent, Mrs. J. Q. Adams and Mrs. E. A. Woods, Ashland, were among out-of-town visitors.

Mr. and Mrs. Ray Moore entertained at dinner Sunday for Mr. and Mrs. Will Whit, Mr. and Mrs. Ralph Witt and son, Delbert.

Mr. and Mrs. C. S. Winters of San Francisco, evangelists, will hold a series of meetings, beginning Sunday at 11 a. m. and 7:30 p. m.; also Wed-

By pulling a lever without leaving his place a bowler can reset pins that he has knocked down in a new alley, magnets replacing them on their spots.

To speed airplanes in flight and enable pilots to slow them up when landing a ring covering has been invented that surrounds propellers.

Portable asbestos shields have been invented in Germany to protect firemen landing hose nozzles and enable them to approach close to blazes.

Moisture, grease and water proof transparent envelopes that can be washed have been invented for protection of food in refrigerators.

JOHN B. GRIFFIN. April 20, 1933.
