

MEDFORD HIGH TO MEET BEAVERTON FOR DEBATE TITLE

By John Snider. Defeating Springfield, in Eugene, has given the Medford high debating squad the right to meet Beaverton high school for the western Oregon title.

Including the Springfield debate, the Medford team has taken part in 16 debates during the current season. The squad has held many exhibition debates before service clubs and various groups throughout the valley.

The first of the series of intradistrict debates followed the winning of the southern Oregon championship, being with Myrtle Creek, who defaulted. The Springfield high school defeated the Willamette valley champions, the Albany high school, thus giving them the right to meet Medford. This contest was held in Eugene, the Medford squad emerging victorious.

Yehudi Menuhin Plays In Portland This Evening. The several Medford people, who heard Yehudi Menuhin play in Seattle last week and the many more who have wanted to hear him, watching his progress through reviews, will read with interest the following announcement of his concert in Portland this evening, as given in the Spectator:

"On Monday evening, when Yehudi Menuhin steps out before 46 men of the local symphony orchestra in the auditorium and at the signal from Alfred Hertz' baton opens the concert, will begin one of the greatest musical programs ever offered here. "Yehudi played in New York last January, on the day of his 16th birthday, and W. J. Henderson wrote of the concert: 'Yehudi Menuhin was 16 years old yesterday and he is no longer in the 'infant phenomenon' class. A little more than five years ago he stood on the same platform and played the Beethoven Concerto with orchestra. Much has happened since that memorable afternoon. Yehudi has studied earnestly under good masters. He has grown out of childhood into youth. He has acquired physical vitality and his imagination has put away childish things."

"The full measure of the boy's present artistic stature was revealed in the fugue. This he made a vehicle for a truly moving exhibition of tone, technique and splendor of style. It was violin art of which any adult virtuoso might have been proud."
