GOLD RECOVERED FROM KITCHENER WARSHIP, REPORT

(Continued from Page One.) mine layer that had operated in the district. The sailor had kept a scrapbook record of every mine his ship had laid and after a search the old scrapbook was located in the attic of the sailor's home in Germany. Armed with this information, the relative interested a fishing captain in his quest and soundings were taken. It was a long and arduous process, but finally he located what he believed was the wreck of the Hampshire. Going down in a diving suit he recovered a piece of a corroded smokestack which convinced him his find was genuine. Then came the effort to interest someone with capital in the venture, but it was only after the relative learned the Hampshire carried gold that he received any backing. Salvaging operations since have been going on at a feverish rate, but the depth of the sea, the shifting of the ocean's bottom and the heavy armor of the ship have hampered progress.

CAUCUS ON BONUS WILL BE FORCED

WASHINGTON, April 26.—(AP)—Representative Patman (D., Texas), told newspapermen today he had obtained "more than enough" signatures on a petition to force a caucus on the Democratic Monday on each payment of the bonus. "A number of petitions have been circulated," he said, "and we have many more than the 25 names required by the rules of the Democratic caucus. "It is not our desire to do anything that would embarrass the administration's program but we feel that in these days of talk about currency expansion we should consider the best way of distributing the money."

Pursuant to a proclamation issued by Grand Sire Wm. F. Jackson, Odd Fellows and Rebekahs of the Rogue River valley will celebrate the 114th anniversary of the order on April 27 at Ashland. The lodges of the valley include Ashland, Central Point, Gold Hill, Medford and Jacksonville, and for the past month committees from all the lodges have been preparing a program and making arrangements for the affair.

Dinner will be served in the I. O. O. F. hall at Ashland, beginning at 6 p. m. and continuing until all have been served. Following the dinner a fraternal address will be delivered by Rev. H. J. Ashland, and this will be followed by a lengthy program to include musical selections and special numbers.

All Odd Fellows and their wives, and all Rebekahs and their husbands (whether Odd Fellows or not) are cordially invited and expected to be on hand for the occasion. This applies to sojourning members from whatever jurisdiction. The committee chairmen, with A. J. Hanby of Medford, general chairman, are as follows: Central Point, Sam Peague; Gold Hill, W. H. Hittie; Jacksonville, John R. Norris; Ashland, E. S. Robbins.

The committee urges all members to meet at I. O. O. F. hall in Medford in time to leave for Ashland as near 5:30 as possible, and in this manner all who have not transportation can make the trip with some one else. Those not being able to leave at that time are requested to appear at the hall at the most convenient hour after that in order that all may have an opportunity to make the trip.

The program was in charge of Rotarian Archie Pierce, who returned recently from a honeymoon trip to Honolulu and was introduced by a talk on the Hawaiian islands in which Mr. Pierce told some interesting facts about the islands. Two Hawaiian solo numbers by Mrs. Pierce, accompanied by Mrs. Ames, were heartily applauded by all present. The moving pictures, which were taken by Mr. Pierce and exhibited by H. L. Bromley, gave a comprehensive idea of the scenic beauties as well as the resources and products of Hawaii. Many beautiful views of the outstanding scenic attractions were shown in addition to interesting shots of the fields of sugar cane, pineapple and other well-known products. The ocean voyage to and from Honolulu was covered by Mr. Pierce and some excellent footage of Long Beach after the earthquake was also secured on the return trip. Following the picture program a number of unique souvenirs of the islands were exhibited by Mr. and Mrs. Pierce. Visiting Rotarians at the luncheon were Fred Belnecke of Los Angeles, Wm. Wittfield of Portland and Ernest Gillstrap of Eugene. Guests included Mrs. Amesgober, Mrs. Pierce, Mr. and Mrs. Hubert High, A. H. Banwell and D. W. Haddo of Portland.

INFLATION VOTE STRIKES SNAGS

WASHINGTON, April 26.—(AP)—Senator Glass (D., Va.), staunch opponent of "unwieldy money," broke with the administration today on its currency inflation proposal, while an attempt to inject the bonus issue and protracted debate postponed a vote until tomorrow. The Virginian, a former secretary of the treasury and an author of the Federal Reserve law, was particularly opposed to the provision in the pending legislation which would empower the President to reduce the gold content of the dollar.

This clause aroused a vigorous attack from Republican ranks led by Vandenberg of Michigan. The bonus issue was raised by Robinson (R., Ind.), who proposed that the measure would authorize the cash payment of the veterans' bonus. A deputy sheriff at Detroit, Mich., is a 19-year-old aviator.
