EVICION CAUSES RIOT IN SEATTLE

SEATTLE, Wash., April 28.—(AP)—Fifteen demonstrators were under arrest today on open charges, while Sheriff Claude G. Bannick and eight of his deputies nursed broken bones and severe cuts and bruises—the outgrowth of a riot during an eviction of a family.

In a battle in which stones, iron pipes, baseball bats and even razors were used by members of a crowd of between 200 and 300 who were protesting yesterday afternoon the removal of Frank Franzen from his home, the officers carried out the eviction successfully.

The eviction was ordered by Superior Judge John A. Frater on Monday, but had been delayed two days, Sheriff Bannick said, until another home could be found for the family. Franzen had paid \$2900 on the \$4500 purchase price of the home, but had not made any payments the past year.

MELLON DENIES INFLATION FIGHT

WASHINGTON, April 28.—(AP)—Andrew W. Mellon, former ambassador to Great Britain and former secretary of the treasury, today denied charges made in the senate that he had actively interested himself in trying to defeat President Roosevelt's pending inflation legislation.

Mr. Mellon, who returned to his home in Washington today, said he did not want to be understood as endorsing currency inflation, proposed silver legislation, proposals to issue fiat money or reduce the gold content of the dollar.

He said there were parts of the administration program such as the gold embargo and continuance of the government's open market policy which were justifiable and he hoped would have a beneficial effect.
