

DUFFERS WARNED FINISH MATCHES BEFORE SUNDAY

Gene Thorndike, manager of the Duffers' tourney now underway at the Rogue Valley Golf club, announced this morning that all games in the second flight of the tourney must be played before Sunday, as the committee wants to start third flight games then.

Rainy weather has held up second flight play, but golfers and near-golfers entered in the tourney are urged to play at least nine holes between showers, and get the matches over with. Other tourneys to come soon make it imperative that the present tourney be played to completion, he said.

Matches to be played this week are between E. C. Ferguson and Walter Levere, with the winner to play Orin Schenck in the third flight. Robert Ruhl, who will play Eugene Thorndike in the third flight, Ruhl having taken two by default, and Thorndike having defeated Larry Schade two up, and A. B. Cunningham. Bert Theroff defeated A. S. Rosenbaum, and then took his match from Ray Reter by default. Ray Henderson won from George Nelson by default, and will play Justin Smith, who drew a bye on the first flight.

F. R. Reum won, four and three, from Rawles Moore, and will play the winner of the Major Morris and F. H. Johnson match, who have not been able to play because of rainy weather. A. H. Endries won from George Codding by default, and will play the winner of the Dr. Kresse and Jack Porter match.

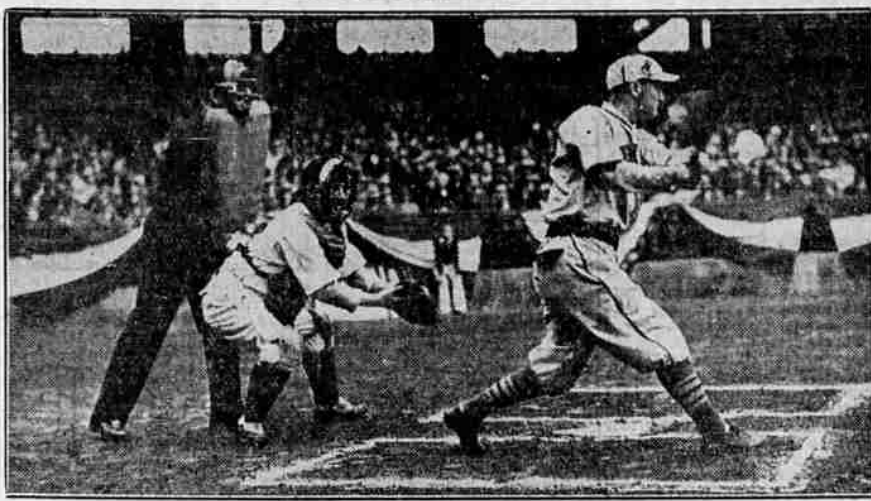

SOLON AND OAK MANAGERS FIGHT

(By the Associated Press) With Manager Earl McNeely's flying fists added to their offensive equipment, Sacramento's Senators were again piling the Coast league today, a game and a half ahead of the second-place Oaks. A second-inning fist fight between McNeely and Manager Ray Brubaker of the Oaks yesterday seemed to fire the Solons with the desire to administer a licking, and they did, 11-0. They went into action in the next inning to score the first of their 11 runs. The battle of the bosses followed McNeely's protest of the manner in which Pool, Oakland outfielder, slid into third base.

HORSESHOE STARS IN TOURNEY HERE

Medford's star horseshoe pitchers will meet a five-man team from Ashland and Grants Pass on the Medford court Sunday afternoon, to pick a five or six-man team from southern Oregon to represent this district in a match at Eugene for the state championship July 4, according to an announcement made by local pitchers this morning. Medford's team will be composed of Hadley and Ray Arthur, G. E. Shell, Al Simmons and Orville Gibson. The opposition will be composed of John Sparlin, George Manning and G. Wiles of Grants Pass, and Dell Lacey and Harvey Sparlin of Ashland. The Grants Pass-Ashland combination team beat the Medford team 13 out of 25 games last year, and this year the locals expect to avenge the defeat.

QUALIFYING ROUNDS AT PUBLIC GOLF COURSE SATURDAY AND SUNDAY

Qualifying rounds at the open tournament to be played at the Medford Public Golf Course, under the direction of F. W. Chausse, will be played Saturday and Sunday. Chausse said this morning and during the following week. The tourney was scheduled to start last week-end, but rainy weather has held up the play. The public course is in excellent condition this spring, with drainage facilities keeping the course dry, and the turf of the fairways makes play possible immediately after a rain. Greens are also in better condition than they were last year. Some low scores are being made this year, although Keith Baughman's par-smashing round of last year has not been surpassed. Prizes for both winners and runners-up will be given by Chausse in the handicap tourney, and although no qualifying rounds have been played so far, dozens of Medford's municipal course golfers are making plans to enter the play.

Burgher, coach at the high school, will manage the team. Games for next week, scheduled at the meeting, will be between the Office Boys and Jennings Tire, and between the Junior high school and the Active club for Monday evening. Lampert's will play Chet Leonard's Oilers Tuesday night, and on Wednesday night the newly organized senior high school squad will play one of the teams that played Monday night. The tie between Jennings Tire and the Oilers, scheduled for last night, was not played, but, weather permitting, it will be played tonight.

DERBY ENTRANTS REDUCED TO 22 AS RACE NEARS

LOUISVILLE, Ky., May 5.—(AP)—Twenty-one colts and one filly, at top, are eligible to go to the post tomorrow in the Kentucky derby. Four or five of the twenty-two were expected to be declared out before post time.

Post position in the huge field was drawn by Pomposon, one of W. R. Coe's entries. Charley O., drew second position. Pingal third, and Good Advice fourth. Ladysmith is seventh and Head Play eleventh from the rail in the list of formal entries announced today.

While the track was sloppy today, a strong wind blew out of the east, giving promise of a fast course by Saturday afternoon provided no additional rain fell.

The tip circulated in some quarters that the Coe stable would place chief dependence in Pomposus rather than Ladysmith in case of a muddy track, was given some credence when the Pomposus not only out-worked his stable mate, but turned in the outstanding spin of the morning. He was well within himself to rattle off three-eighths in :35 4-5 and the half in :48 2-5.

Ladysmith was not extended to make the same distance in :51 3-5 after going three-eighths in :37 3-5.

RUN OF CHINOOK UNHAMPERED AS NETTERS STRIKE

ASTORIA, Ore., May 5.—(AP)—Thousands of Chinook salmon, the choicest of the species, were flashing in from the Pacific and up the Columbia river today, their progress toward the spawning grounds virtually unhampered by the gillnetters of fishermen.

The lack of that challenge meant that some 4000 Oregon and Washington fishermen were keeping their boats off the river; that nearly 1000 cannery workers in this vicinity were idle; that at least 14 canneries were closed. At a time when the industry, one of the most important in this region, would ordinarily be at the height of its activity, it was today practically at a standstill because a gap of two cents a pound separated the fishermen and the packers.

The gillnetters, who struck when the season opened Monday, still demanded 8 cents a pound, while the packers were holding to their original offer of 6 cents, the opening price last season. Seven hundred cannery workers walked out in sympathy with the fishermen.

Officers of the Columbia River Fishermen's Protective Union declared today that the strike is spreading up river, a claim that was supported by word from Longview, Wash. It was reported there that fishing was virtually at a standstill as far upstream as Kelama. From Ketchikan, Alaska, came word that 100 trollers there have decided to strike in sympathy with the Columbia river gillnetters.
