French and Music Featured, Valley School Program

Children of the Valley school chose music and French as media of entertainment Friday morning at the regular assembly program, enjoyed by an appreciative audience.

Petit Chaperon Rouge (Little Red Riding Hood) was dramatized by the group in the French with the following characters appearing: Nancy Day, the grandmother; Jean Salade, Little Red Riding Hood; Charley Hart, the wolf; Patricia Farrell, Red Riding Hood's friend.

The little play inspired much favorable comment from the audience, the children putting into it the spirit of the romance language as well as commendable pronunciation.

A number of French songs, "A Paris," "Bonjour Belle Romaine" and "Mon Pere Ma' Donne un Mari," also illustrated a fine understanding of the French.

Billy Patton, John Kirk and Donny Brown appeared in a clever little French street scene and Julie Carlin assisted by John Kirk, Susan Vilas, Peggy Scherer, Ruth Johnson and Harriet Hart described in French the furnishings of the Valley School doll house.

Bobby Tuttle and Patricia Farrell told of an imaginary trip to France. Turning from the French to the chosen language of the nation, Alice Ruhl, who recently returned from a winter in the south, described the school attended in California. A group of English songs were then sung by the girls' chorus, including "Song of the Sea Gull," "The Little Vagabond" and "My Gentle Harp."

The next assembly will be held June 2, marking the closing of school.

Activities of Legion Auxiliary

By MRS. COLE HOLMES
The National Defense committees of most all patriotic organizations have been trying to interest the people they can contact in the need for more navy bases. The Island of Guam and Samoa are ideal spots for naval bases but are really unprotected. The Hawaiian Islands have just one protected island in the group, Pearl Harbor, on the island of Oahu. The other seven islands of that group are absolutely unprotected and would furnish an enemy with an ideal base for an attack on the mainland. Our naval bases on the Pacific coast are few and far between. There are but five naval bases from Seattle to San Diego and about two of these are "up to date." The Pacific coast states are separated from the rest of the United States by the Rocky Mountains.

National President, Mrs. Blackburn; State President, Mrs. George; state officials and presidents of the Auxiliary units of Southern Oregon enjoyed a beautifully arranged reception, program and dance prepared by the Roseburg unit of the American Legion Auxiliary. Grants Pass unit welcomed the caravan and luncheon was served at the Del Rogue hotel.

Medford Post of the American Legion and the Auxiliary are looking forward to a delightful dance at the Jacksonville meeting Monday evening. Don't forget your membership card. The meeting will start at 8 p. m. and will be followed by a dance and refreshments.

The Glee club meeting will be held at the home of Mrs. Gladys Watson at 8:45 instead of 7 p. m. to enable members to leave in time for the Jacksonville meeting.

The Sewing club met last Monday evening and a great deal of work was accomplished.

Lawrence gave the third number of a most instructive series of talks on "International Problems." The Present Political Outlook in Europe—Demand for Treaty Revision—War Debts, and the Forthcoming Economic Conference were discussed by Mrs. Lawrence, and the last study program of the club year was brought to a close by Mrs. M. HOW THE BANK CONTRIBUTES TO COMMUNITY WELFARE

Inflation... "To Blow Up"

Commodity prices reached so low a point of deflation that it has been deemed necessary to "blow them up." Arbitrarily higher prices can't be set, but lower purchase value of money can be. The result is the same, and long dormant demand for goods sets in—with necessity to replenish supply and thus to cause added employment. Higher prices will also surely require a bigger bank account on your part.
