PARAGUAY, BOLIVIA WAR IS OFFICIAL
ASUNCION, Paraguay, May 10.—(AP)—Paraguay today formally declared war against Bolivia.
Bolivia and Paraguay have been engaged in a hitherto undeclared war in the Gran Chaco border area since last summer.
WASHINGTON, May 10.—(AP)—Paraguay's formal declaration of war against Bolivia today gave rise to a feeling among American officials that the situation can no longer be handled by negotiations in Washington and must be taken over by the League of Nations, to which both Paraguay and Bolivia belong.
With evident concern, it was pointed out in state department quarters that as Bolivia is not a signatory of the Kellogg-Briand peace pact which renounces war as a national policy, negotiations under that agreement are generally believed to be impossible.

WHAT TO EAT AND WHY TOLD ROTARY

He cited many examples to prove his contention and left his audience with much food for thought. Fruits and vegetables were praised by the speaker, particularly pears, of which he stated: "There is no better food in the world than pears." This statement naturally scored a decided hit with the local audience.
Congratulations were extended to Principal Glenn Smith for the excellent record made by the Medford high school in winning the 1933 debate championship of the state.
Ed Kirtley was a guest at the luncheon yesterday.

Qualifying rounds in the spring handicap journey to be held at the Medford municipal golf course will be held upon until the first good Sunday, according to F. W. Chausse, manager of the course. Players may qualify at any time, he said, and many have already played their qualifying rounds. Chausse said he wants at least one good Sunday, however, to allow more players to qualify.
The municipal course is improving every day, with the fairways now in much better shape than they have ever been since Chausse established the course more than a year ago. Great care and smooth, and many players are taking advantage of every break in the weather.
Chausse said that several delectable prizes would be given to winners in the tourney.

Sally Eilers and Jimmy Dunn Stars Of Coming Picture
In "Sally's Luck," which opens at Hunt's Craterian tomorrow, James Dunn and Sally Eilers prove once again that they are the most vivid romantic team on the screen. The promise they gave in "Bad Girl" in the picture that lifted them both to the cinematic skies, is fulfilled in generous measure by their joint performance in "Sally's Luck."
Dunn plays the role of a happy-go-lucky boy, always ready to fight but always naive in the ways of the world. Sally Eilers, as the girl who is responsible for it all, is the perfect foil.
Dunn and Miss Eilers are one of the screen's most natural couples. Sammy Cohen, whom everyone must fondly remember as the comedian of "What Price Glory," plays the principal comic role. And here's a comedian who is really funny!
"King Kong" closes its successful run at Hunt's Craterian tonight.

NEW YORK, May 10.—(AP)—Buoyed by news of further business gains, leading financial markets resumed their advance today.
Favorable reports from the steel, automobile, transportation and electric power industries gave new life to the stock market and prices of many favorites rallied 8 1/2 to more than \$5 a share. There was intermittent profit-taking, but reactions found plenty of new buyers and the market closed strongly. Turnover approximated 420,000 shares.
Wheat and corn closed with gains of more than a cent a bushel. Silver was slightly reactionary, but futures strengthened late. Sugar futures were lower in sympathy with an easier spot market. Cotton was higher.
From the New York textile markets came reports of brisk business and stronger prices. Demand embraced a wide range of cotton cloths, including percales, flannels and gray goods. Some mills were said to be sold out for nearby deliveries and refused to accept orders, even at the better quotations.

Ye Poet's Corner
A beautiful tribute to a mother in honor of Mother's day, which is next Sunday, was presented the Mail Tribune today by a friend of Mrs. C. J. Logan, to whom the poem was written by her son, Dee Logan, now a student at St. Joseph's college in California.
It is entitled "A Toast to My Mother," and reads:

"To a woman whom among all women is best;
To the one I love, yes, by far the best—
My Mother.
To the one who through the fond days of my youth
Has stood before me as an emblem of truth—
My Mother.
Her all she has given the best of her life,
That some day I might be a comfort in strife—
My Mother.
Do what I can and consolation be,
Not on earth her reward—but heaven in eternity."

PROVIDE GRUBSTAKES FOR JOBLESS MINERS IN NORTHERN SECTION
Announcement from Victoria, B. C. that the Dominion and provincial governments are grubstaking British Columbia miners, was today pointed to by local officers of the Southern Oregon Mining association as the plan which the organization here hopes to have carried out.
The word from the north says "The government subsidy was voted as a means of helping unemployed men who, in addition to being grubstaked, also will be given 25 cents a day and a short course in instructions on placer mining."
Two schools were conducted in Medford, when nearly ninety unemployed were given instructions and were then located on claims throughout Jackson and Josephine counties.
A complete review of the placer gold panning instruction was carried in a recent issue of the Christian Science Monitor, and listed the merits of teaching those who were unable to find a livelihood in other fields.
George S. Barton of the association here, stated this morning that the British plan was similar to that which workers here were hoping would be carried out to aid miners.

FEHL SILENT ON PLANS TO ISSUE RECORD HERALD
Earl H. Fehl, editor of the Pacific Record Herald, refused to comment today about the removal of machinery and equipment from his printing plant by Niedermeyer, Inc., asserted owners of the equipment. It is understood, however, that Fehl will take some legal action, but he would not divulge its nature.
It is understood that printing equipment belonging to a brother of John Glenn, former jailer and close friend of Fehl, will be moved here from Northern California, and that publication of the Herald will continue as in the past.
All of the machinery and equipment was removed yesterday and this morning by Niedermeyer, who claims that the equipment belongs to him on a mortgage foreclosure, and that Fehl has defaulted on rental asserted by Niedermeyer. A "reasonable rental" was agreed upon, and Niedermeyer construed the rental to be \$20 a week. The machinery is valued at \$1500, according to the complaint.
Fehl may file a re-delivery bond to gain possession of the machinery pending determination in court as to the legal owner. If he acquires the printing equipment from Glenn, however, he may not contest the ownership of the moved equipment.
Fehl did not announce where he would print his paper pending the arrival of other equipment.
