Yeoman and Knight Pupils Charm Audience

An exceptionally enjoyable recital was offered Medford music lovers Friday evening when John B. Knight and Mrs. Effie Herbert Yeoman presented their violin, voice and piano pupils in a program at the First Christian church. A large and appreciative audience attended the recital and much praise for each local artist was heard from critics following the program.

Advancement of pupils under their guidance and the accomplishment of beginners were both noted with pleasure.

The Knight pupils played their violin numbers with a certain flare and sympathy, characteristic of the professional, and throughout the program exhibited fine training, complimentary to their instructor.

Both piano and voice pupils of Mrs. Yeoman, who had been heard in previous recitals, showed definite advancement, the result of ambitious and continuous work.

William F. Isaacs, well known local soloist, sang a group of three numbers and was in especially fine voice for the last, "Large a Factotum" from the Barber of Seville by Rossini, a very difficult composition.

Among the less experienced singers, showing fine quality of tone and increased confidence, bringing a pleasing freedom of voice were Genevieve Brown, Jean Woodford, and Joan DeLoach.

Mrs. Mabel Sims, Katherine Genter and Lavon Davis contributed much beauty to the program through their piano interpretations of compositions of Burgmuller, Bohm, Bach and Poldini.

Violin pupils participating were William Church, Donald Sauer, Donald Horner, Jimmy Cooley, Ruth Mitchell, Genevieve Croissant and Tommy Dunnington.

Miller Concert Attended By Appreciative Audience.

It was not a large crowd, but an appreciative one, which attended the concert last evening at Sacred Heart parish hall, played by Fred Miller, blind artist, who is on a concert tour of the coast.

The beauty of Mr. Miller's music and the word pictures he drew of the compositions in a few well-chosen words, before each number, won the enthusiastic praise of his listeners, who saw in him a master of his art, and pored by his loss of eyesight, but in spite of a greater comprehension, and expression of the music that is in his soul.

One of the most interesting numbers of the evening was one of his own composition, played on the standard guitar.

St. Mary's Students In Splendid Recital

An inspiring contribution to a very musical week in Medford was the recital by St. Mary's Academy students Friday evening, which was attended by a large crowd and one which found in the singing and playing of the students refreshing entertainment.

Piano and voice numbers and chorus work showed evidence of splendid training and considerable native talent. Many different compositions were mastered with apparent ease by the student musicians and the boys' and girls' choruses accomplished delightful harmonies in the singing of works of Burleigh, Harris, Ardit and Hahn.

Girls' League Luncheon Marks Year's Close

By DOROTHY GOORE

As a grand climax to the year's fun and activity of the Girls' League, a joint council luncheon was held Thursday noon at the Medford high school. Miss Maurine Carroll, dean of girls, and Miss Clita Walden, assistant dean of girls, were present and also Miss Doris Baler and Miss Josephine Kirtley, who have assisted throughout the year in making the Girls' League an outstanding and effective organization. Margaret Warner, the outgoing president, presided and all of this year's officers as well as the newly elected officers were guests.

Miss Walden, who is to be married soon and will not be here next year was given a beautiful silver token. Her sunny smile and understanding spirit will be greatly missed by all of the girls.

One good thing after another happens to Margaret Warner. After proving herself to be the most outstanding Girls' League president she is now to enjoy a trip to Hollywood, a graduation present from her grandfather, Judge William Colvig. The Girls' League gift to her was a crystal necklace.

Those present were: Miss Maurine Carroll, Miss Clita Walden, Miss Doris Baler, Miss Josephine Kirtley, Margaret Warner, Margery Paley, Erma Niedermeyer, Leona Conger, Elizabeth Perry, Maxine Robinson, Ethel Slagle, Barbara Field, Helen Stewart, Alice Mae Shirley, Aileen Latham, Katherine Stearns, Helen Stearns, Aileen Ray, Frances Laing, Anna Mae Fuson, Ruby Stone, Dorothy Burgess, Virginia Lindley, June Davis, Dorothy Gore.

While the Girls' League appreciates the efficient work of its officers and the sympathetic help of many teachers, they realize that their splendid success of the year is due to the fine leadership and counsel of the dean of girls, Miss Maurine Carroll. It was brought out at the luncheon.

ASHLAND TAILOR IS FOUND DEAD

K. Nelson, about 75, was found dead this morning at his room in the Mickelson building at Ashland, apparently having died last Friday. He was last seen on that day, according to Officer Lee L. Moon, who was a visitor here today from that city.

Mr. Nelson, who has operated a tailor shop in the Mickelson building, in Ashland for the last year, was found on the floor of his sleeping quarters today by his nephew, "Doc" Porter of Ashland. Mrs. C. O. Porter of Ashland is Nelson's sister.

According to Mr. Moon, Mr. Nelson would go to his sister's home on Sunday for dinner and to spend the evening, and when he failed to appear this week, his nephew went to his quarters and found him.

REUM AND RUHL IN 'DUBS' FINAL

In a hot match in the semi-finals of the Dubs' tournament at the golf club yesterday, F. H. Reum defeated Bert Thierolf one up, and will now play R. W. Ruhl for the honor of being the champion dub golfer of the organization.

Reum had his opponent four down at the turn, but the Big Pines masher refused to be treated that way and put up a terrific struggle on the next nine, the match being all square on the 15th hole. Bert then proceeded to grab a hole, being up for the first time in the match, but his opponent won the 17th, again squaring the match. The struggle for the 18th was so intense it left a perfect trail of divots all over the course, as well as several nicks out of nearby oak trees. Reum finally winning. The golf was so high class and the two players so anxious to avoid paying \$3 each for breaking 100, that they lost their score cards, which indiscretion will be referred to the tournament committee for final action.

The two "R's" Reum and Ruhl, will have to play 36 holes in the finals for the tin cup, and will be compelled to have official score keepers accompany them. Gene Thorndike, who financed the dubs' tournament and secured the cup from the Modern Plumbing company, needs the money.

NICOTINE SPRAY WILL KEEP DOGS OUT OF FLOWERS

Local gardeners, who are in despair, searching for a means of keeping dogs and cats out of the petunia bed, or any other choice garden patch, are offered the answer in a recent article in the Morning Oregonian. Entitled "Shrubs," with Dogs and Cats following in small lettering, it recommends a spray which will keep cats and dogs away.

The article reads: "The injury done to small shrubs by one's own or neighbor's dogs is not inconsiderable. Particularly, specimen evergreens are badly discolored and damaged; plantings of box are often nearly ruined.

"However, at last, here is a remedy. One simply sprays a shrub or plant with a solution of nicotine sulphate; and, because most animals are far more sensitive to odors than humans, a weak solution, leaving no odor that a person would note, will keep off both dogs and cats. An appeal came in today for help in a garden where wild rabbits are eating up delphiniums and petunias. Rabbits have extremely sensitive noses, so the same remedy was suggested.

"Nicotine sulphate spray is a standby with most gardeners in a war against aphid and other sucking insects so it is a simple matter to turn the spray gun in the direction of shrubs (also tree trunks), should necessity arise.

"Even a weak solution of 1 1/2 teaspoonful of the ordinary commercial 40 per cent nicotine sulphate preparation to one gallon of water will do the trick, so an authority states. This should be grand news for those who live in neighborhoods where cats and dogs go a-visiting. It may even make one feel that a fondness for dogs, repressed because of a love of flowers and shrubs, may now be indulged, without one being eternally on guard to protect a cherished planting.

Jenkins' Comment

POSTAL savings banks, we read, are to be made somewhat less attractive to the depositors.

That will be valuable to the smaller cities. As things are at present, the postal savings banks are serving as vacuum sweepers that pick up the funds of the smaller cities and drain them into the bigger cities.

That isn't good.

YOUR FREEDOM'S AT STAKE

WOMEN who are slaves to their stoves have little time to call their own. Why put up with such old fashioned drudgery when an Electric Range will set you free? The Electric Timer will handle all of your baking and roasting automatically, doing away with the testing, watching, waiting that have squandered so much of your time in the past.

Besides, there's the Automatic Heat Control that eliminates guesswork and prevents costly and annoying cooking failures. The clean, flameless heat of the Electric Range also makes unnecessary all of the cleaning of blackened pots and pans and soiled walls that was unavoidable with an old fuel stove. More important than all of these time-economy features, however, is the simple fact that you'll like the flavor of foods cooked the new electric way much better.
