VETS PLEAD CAUSE OF FRUITGROWERS UNABLE GET LOANS

The following resolution was passed unanimously last night by Crater Lake Post 1833 of the Veterans of Foreign Wars: "Whereas, the fruit industry of the Rogue River valley is the main industry and the life stream of southern Oregon, furnishing employment to thousands of people in the orchards, packing houses, lumber business, transportation business, storage plants, etc., among them a large number of veterans and their families, who have no other means of earning a livelihood, also the main source of the merchants of Medford, Ashland, Central Point and other points of the valley.

"Whereas, this industry will be wiped out entirely unless immediate steps are taken to finance the fruit growers of the valley, thus causing the old suffering to thousands who have established their homes here, forcing them to take to the highway to mill with the crowd of unemployed.

"Whereas, the Regional Agriculture Credit Corporation of Spokane, Wash., in their Portland, Ore., office has utterly failed to render any financial assistance to the fruit growers on any terms they can meet.

"Therefore, be it resolved that Crater Lake Post 1833, Veterans of Foreign Wars demand that an immediate investigation be made of the Portland office of the Regional Agriculture Credit Corporation, and means be found for the immediate financing of the fruit growers of the Rogue River valley.

"It is further resolved that a copy of the resolution be sent to Senators Steiwer and McNary, also Congressmen Mott, Pierce and Martin, also Henry Morgenthau, Jr., governor of Farm Credit Administration, also James A. Farley, chairman Democratic National committee, also Carl G. Donough, care Walter M. Pierce, House Office Bldg., with a request that an immediate investigation be made of the Portland, Ore., office of the Regional Agriculture Credit Corporation, and means taken to immediately finance the growers so they can grow and harvest the 1933 crop of fruit."

JOHN BROCK NOT IN BALLOT CASE

In a news article in this paper Monday, the name of John Brock was included in a long list of individuals indicted in the ballot burning cases, who had pleaded "not guilty."

Including Brock's name was an error. Brock was never indicted and there are no charges filed against him. The error was due to the fact that he was held as a material witness under \$500 bond, immediately after the crime was committed. He told his story to the grand jury, and was then released and his bond automatically forfeited.

The Mail Tribune is glad to make this correction in justice to Mr. Brock.

Department of education statistics show that two out of every three high school graduates in Alabama never attend college.

DON'T TRIFLE WITH COMMON CONSTIPATION

Constipation gets its grip on a person almost unawares. It often starts with such little things, headaches, listlessness, bad complexion, unpleasant breath. If unchecked, it may seriously impair your health.

Fortunately, you can avoid this danger by eating a delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides two things needed to overcome common constipation: "bulk" and vitamin B. ALL-BRAN is also a rich source of iron for the blood.

Biological tests demonstrate that the "bulk" in bran is similar to that in leafy vegetables. Inside the body, it forms a soft mass, which gently clears out the intestinal wastes.

How much better than taking unpleasant patent medicines. Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Serious cases, with every meal. If not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Benson Dancers Will Get Chance At Movie Career

With reference to an announcement which appeared recently, word has been received by Eve Benson to the effect that Mr. Ernest Ritter, camera man and Talent Scout for Film studios, will return this summer to work with Eve Benson and her students on a production.

Talented pupils of this school only will be used.

This studio offers a future for students professionally inclined. Paid adv.

The resolution limits debate to one hour but would permit amendments. The leaders took this means of pushing the measure the president asked after it had been defeated yesterday by three yeas when called up under procedure that required a two-thirds majority. Under the new procedure a simple majority would suffice for a passage.
