

MARKET FOR EGGS SHOWS PROSPECTS STAGE COMEBACK

PORTLAND, Ore., June 9.—(AP)—Market for eggs showed an inclination to stage a comeback, although there remained unwillingness on the part of outsiders to take hold at former values. Current receipts were showing the bulk of recent weakness and sales for these have been reduced 2c a dozen from the high point. Most bids were around 12c a dozen for such offerings, but there was a good call at the reduction instead of a slow one at the higher price.

There was no change in the price on other eggs for the day. The market at New York has continued practically steady for several weeks past and shipments in that direction continued.

Market for butter continued to show steadiness here in spite of the efforts of shippers to California, who were trying to force declines here. On the open market prices were being maintained.

Cowing to depressed tone elsewhere, local broiler fowls were showing increased weakness with a further cut of 1c lb. in spots. Light hens were also down 1c with a low of a dime a pound.

There was a slightly less favorable tone for country killed beef such as medium cows and bulls. Bulls were now selling slowly 5-5½c with medium cows 4-5c.

Demand for both veal and lamb was active in the local country dressed meat trade with prices generally well held and a daily cleanup of offerings. Hogs were not snappy but were cleaning up.

There was a somewhat brighter tone in the market for peas as a result of the wet weather which has curtailed picking in the northwest. While this was by no means "straw-berry weather," the trade was absorbing supplies with little change in price. Some Banks New Orleans are now quoted to \$2.75 with Gold Dollars nominally \$2.25, Californians around \$1.75.

Another advance in the price of asparagus has been forced by the decreasing supply, the result of flooded fields on the mid-Columbia. Best stock sold \$2.25 pyramid during the day.

ICE PLANT TO COOL BOULDER DAM CONCRETE

The foundation for the evaporation tower of the refrigeration plant which will cool the concrete for Boulder dam on the Colorado river. Ordinarily the concrete in a huge structure like the dam might take a century to cool, but the refrigeration process will enable the pouring of concrete to be completed in a little more than two years, according to engineers. The plant will have a capacity of 800 tons of ice daily. (Associated Press Photo)

NEW YORK, June 9.—(AP)—A sharp spurt in grains and further weakness of the American dollar in foreign exchange markets apparently furnished a welcome lift to a lagging stock market today and leading equities replaced early losses with gains of fractions to 2 or more points. The close was firm. Approximately 3,000,000 shares changed hands.

Rallying tendencies developed before the final hour when farm machine issues leaped into the limelight and wheat, corn, oats and cotton moved to higher levels.

Case Threshing gained around 9 points. Other stocks with gains of 1 to more than 2 inclu'd International Harvester, Advance Rumely, Sears Roebuck and Caterpillar Tractor. Gains of around 1 to more than

DYNAMITE DRIVER IS LUCKY IN SMASHUP

HOOD RIVER, Ore., June 9.—(AP)—A. J. Deymoner, Yakima truck driver, crashed into a bank here today with 120 boxes of dynamite and lived to tell about it.

Swerving into the bank to avoid a "road hog" in a passenger automobile, Deymoner struck with sufficient force to break open 12 of the boxes of dynamite, snapping many sticks of the high explosives in two.

APPLETON CITY, Mo.—(UP)—Miss Mary Lane, who has served as a rural newspaper correspondent for the last 26 years, retired from active duty at the age of 84.

J'ville Chamber Plans New Deal For Dance Fans

The Jacksonville Chamber of Commerce, like President Roosevelt, is for a new deal. It believes something should be done for southern Oregon dancers and this week has completed arrangements with Mr. and Mrs. Floyd Dickey and Glen Hamilton, well-known dance instrumentalists, to furnish music at the Jacksonville Saturday night dances.

The trio, with other players who have worked with them, will specialize in music dancers like best, and which is intended to do away with wall flowers and keep all customers in the middle of the floor tripping the light fantastic. The Dickeyes have played to many southern Oregon crowds, while Hamilton will be remembered as furnishing music in the old mining town for many months prior to the first of the year. The policy of dancing from 8 till 2 will be continued according to chamber officials, who are sponsoring the dances.

Dentists Ad Ban Halted By Suit

PORTLAND, Ore., June 9.—(UP)—The state law prohibiting dentists from advertising, scheduled to go into effect last night at midnight, was temporarily enjoined today by Circuit Judge Tucker. Dr. Harry Semler, advertising dentist, through Frank J. Longgan, his attorney, obtained the injunction.

Four-Footed Chicken Owned.
CHAMMOIS, Mo.—(UP)—A four-footed chicken is one of a flock of Barred Rocks owned by Mrs. Nancy Long. The chicken is fully developed and uses all four legs in walking.

Squirrels Collected Golf Balls.
SEBAGO, Me.—(UP)—While working in an 10chouse here, Orville B. Dennison, Jr., and Earl Day discovered 34 golf balls hidden in sawdust by squirrels.

SEATTLE PRINTERS RETURN TO LABORS

SEATTLE, June 9.—(UP)—Their "disagreement" with Seattle publishers of the Star, Times and Post Intelligence settled, approximately 300 union printers returned to work today.

Non-union workers from San Francisco were employed while the publishers and union officials disagreed on priority rights and wage scales. Publishers today said the union had agreed to a 10 per cent wage cut.

Clerk Resigned After 50 Years.
BOONVILLE, Mo.—(UP)—T. B. Robertson has resigned his position as school clerk, a job he held 50 years at an annual salary of \$10.

UNIFORMITY... whenever you open a can of Hills Bros Coffee

It's not alone the thrilling flavor of Hills Bros. Coffee which makes it the most popular from Chicago to the Pacific. It's the uniformity of that flavor, too. The certainty of the same fragrant mellowness in every pound! Remember this about coffee: If the roasting varies, then the flavor varies. Controlled Roasting—Hills Bros.' exclusive process—roasts the blend evenly, continuously, a little at a time. Every berry is "done" to perfection. None are over-roasted... none under-roasted.

Such uniformity can't be achieved by bulk roasting. Because big batches of coffee don't permit an absolutely even spread of heat. Order Hills Bros. Coffee today, and look for the Arab trade-mark on the can. Each pound you buy will have the same delicious richness!

GROUND RIGHT TO TASTE RIGHT
Hills Bros. Coffee is correctly ground for best results by drip process or any other method.
