Holcomb Springs about 20 miles north of Medford, via Bybee bridge, is becoming quite a popular place for Medford people, in search of com-plete rest and the benefits of natural mineral waters, and warm springs. James Taylor and F. W. Payne, well known local residents, have been go-ing to this resort for many years, and claim great physical benefits. The former plans to establish a sum-mer camp, hear the aprings, and spend a large part of the warm weather there.

We do not build a low-price car: the cost to us of building our car

Almost every new Ford V-8 car we have built so far this year, has cost more to manufacture than its selling price was. As you buy them at only \$490 3610, we have to depend on increasing volume to make up the difference.
