

ELKS AND FRIENDS WILL SEE FIGHT CARD THURSDAY

Elks and their friends will enjoy a program of sports and other entertainment Thursday afternoon and evening at the local lodge's picnic grounds on Rogue river, in one of the greatest picnic programs ever planned by the local lodge.

A ring card has been arranged for nine o'clock which will pit Paul Thill, (young Schmeling) and Spider Fields in a six-round set-to as the main event, with Perry Houston and Young Jack Willis, in the semi-windup. Willis knocked out Herb White recently in a battle which left the fans eager to see more of this promising fighter.

There will be two preliminaries scheduled for four rounds, one of which will show Tony Ortiz, well known to local fans, in action against Jimmy Compagne, also a favorite here.

At five o'clock the kitchennet clash will be staged with Stan Sherwood's gang meeting Sam Colton's office boys.

In addition to the sports events and other forms of entertainment there will be concessions and a great beer and "Dutch" lunch feed spread at 5:30 to appease the hunger of those who attend.

In the words of Jerry Jerome, one of the "engineers" of the picnic, "there will be something doing every minute for Elks and their friends who turn out Thursday evening."

MENDENHALL HAS HIGH TRAP SCORE

KLAMATH FALLS, June 17.—(AP)—Frank Troeh of Portland, although shooting into a head wind, broke 197 clay targets out of 200 in the Oregon class events to capture the class A championship at the opening of the annual Oregon state trapshoot here Friday.

Guns from all sections of the Pacific coast were present.

Earlier in the day, Troeh, a star of the day, broke 100 bluebirds straight.

S. G. Mendenhall of Grants Pass was second to Troeh in the class A shooting, with a score of 195. A. Knoblock of Heppner won the class B competition with a score of 195, and S. S. Woodward of Klamath Falls was second with 190. B. L. Burnett of Portland, with 163, won the class D shoot, with F. N. Lansing of La Grande, and Tracy Hollister of La Grande, tied at 179.

KLAMATH PLAYS E. POINT SUNDAY

Klamath Falls invades Eagle Point Sunday and it gives the local fans an opportunity to see the team in action for the first time in the valley.

Manager Hoffer will have Spears to hurl for the Cheesemakers and Ivan Harrington will do the receiving. Nip has just returned from the University of Idaho and finished there with a good season. Bud Conlin, Johnny Christensen, Harry Dunn and Taylor will make the infield and Hoffer, Newton and Van Scoy will be in the outfield.

MEDFORD PUPILS WIN HIGH PRAISE THRU PENMANSHIP

Marking another year's very fine progress in penmanship for the Medford schools, eighth grade Rice certificates were received last week by 44 per cent of all the sixth grade pupils in the Medford system. And with the certificates came a letter complimenting the Medford schools upon the exceptional showing made during the past two or three years, describing the Medford papers as outstanding among the thousands received by the Rice Publishing company.

According to returns received by the city school office here from the Rice Publishing company, eighth grade final certificates were earned by 66 sixth graders as follows:

Jackson school 11, Lincoln school 9, Roosevelt 22, Washington 24.

According to the Medford plan these pupils are excused from penmanship (unless they desire to take it) in the seventh and eighth grades. They are, however, tested each semester and those who fall below a certain standard must re-enter the penmanship class and work their way out again.

This plan makes it unnecessary to teach so much penmanship in the junior high school, and has cut the teaching cost for penmanship in that school by about \$900.

W. J. Rice, manager of the Rice Publishing company in returning the awards wrote Supt. E. H. Hedrick as follows:

"I have completed the grading of your wonderful set of papers and have issued all certificates earned. These were carefully packed and forwarded by express. I believe you will receive all in perfect order. In the package I also included the papers from the first, second and third grades, which Miss Wise requested.

"I am not in anyway exaggerating when I say that all of the thousands of papers that have come to our office in this and past years, no school system has given us as uniformly high quality work throughout the system as you have sent for the past two or three years."

HEALTH EXHIBIT OF COUNTY UNIT VIEWED AT FAIR

Jackson county's health unit has scored again! In the maze of turbines, sky rides, dirigibles, and gigantic mechanical devices, neon lighted, which make up the 1933 World fair, a niche has been devoted to the accomplishments of the local health workers. It was learned yesterday.

A letter was received by Miss Mildred Carlton, president of the Jackson County Public Health association from Dr. Estella Ford Warner announcing that the latter had located Jackson county at the Chicago fair.

The Jackson county display is composed of pictures of the Alex Sparrow Memorial clinic, the Central Point health house, the Medford dental clinic and interior of the Jacksonville clinic, all made into color-prints, which are being viewed by the people of the world, who venture to the lakeside to view another century of progress.

Accompanying the slides are the names of the places shown and an outline of the purposes of the various health units.

They are included in the exhibit of the United States Public Health Service.

The Jackson county unit gained space at the World's fair through the efforts of the Oregon state board of health. They were forwarded to the United States health department by Dr. Frederick G. Stricker and the work illustrated was considered of sufficient importance to convert the pictures into slides for display in the national health exhibit.
