

### WHEAT AT DOLLAR BEFORE YEAR END DECLARES CAPPER

#### Kansas Senator Optimistic On Farm Future Under Remedial Legislation — Secretary Wallace Lauded

NEW YORK, June 21.—(AP)—Senator Arthur Capper of Kansas looks for dollar wheat by the end of 1933.

Cheerfulness about the future was the keynote of an interview given by the Republican senator, a veteran in the fight for remedial farm legislation.

He said commodity prices should continue to rise, thus increasing employment and wages. Wheat that sold at 30 cents a bushel last year at this time now sells around 60 cents, and he said that by the end of the year it will yield the farmer \$1.

Wallace Lauded

Asked whether the latest farm legislation, with its bonuses for acreage curtailment, would work, he said:

"I think that in the hands of Secretary Wallace, a high-class man, and the ablest agricultural economist we have in the west, that it is bound to work."

He said that "this country goes up or down as agriculture goes, and increased purchasing power on the part of the farmer will be reflected almost immediately in all branches of business."

Of the recovery program put thru the recent session of congress, he said:

Experiment Necessary  
"As I see it, the congress has joined with the President in a supreme effort to save the government, perhaps to save a civilization. To go that far, we have been obliged to experiment, and to experiment on a huge scale. This huge experiment in national planning, national teamwork, national control of individuals and business, does not mean that we have ignored the lessons of history. To me it means a concerted attempt to profit from the lessons of history."

### METHODISTS OPEN ANNUAL CONCLAVE

PORTLAND, Ore., June 21.—(AP) Election of officers and appointment of committees were high spots of interest in the first session of the 81st Oregon Methodist conference which opened here today at Sunnyside Methodist church.

The Rev. Sydney W. Hall of Ashland was unanimously elected secretary following the resignation of Dr. A. S. Hisey of Gresham. Rev. Hall nominated as his assistants the Rev. E. G. Ronton of Myrtle Point, Dr. C. L. Andrews of Astoria, and the Rev. Edward Terry.

The 81st conference was organized last night with Bishop Titus Love of the northwest area, presiding. For the first time in the history of the Oregon conference, lay delegates were added to the standing committee. Herman Clarke of Salem, Homer Billings of Ashland, and L. D. Mahone of Portland were appointed to a new committee which will certify credentials of lay delegates.

### GUARDS ENJOYING SEA AIR AND SUN AT ANNUAL CAMP

By Capt. C. Y. Tengwald, CAMP CLATSOP, Ore., June 19.—We are now entering upon the second week of intensive training here, and with ideal weather conditions prevailing the boys of Company A and Headquarters company are enjoying camp life to the utmost.

The first week of training consisted

principally of basic training, physical drills, parades and acquainting ourselves to camp life. With the first week-end over the camp now gets down to more serious work and the next few days will see the troops indulging in field maneuvers which will take them out on long hikes and possibly an overnight bivouac, ending with the big field day Friday and the annual review and demonstration next Saturday.

This latter event has been viewed by thousands of visitors and with the ideal weather prevailing it is believed that the largest crowd that has ever witnessed this event will be on hand next Saturday. After that the boys enjoy another week-end at the beaches or wherever they may choose to go, and then it's "home again" returning to Medford next Wednesday morning shortly before noon.

Camp was deserted over Sunday—

hardly any of the boys stayed in—and the beaches and Seaside and Astoria were swarming with the "boys in khaki." Some of our boys indulged in a bit too much "beach bathing" and as a result are today nursing some nice sunburns. Corporal Clyde Fichtner was so sunburned that he had to report to the medics for first aid and Guider Bearer Jerome T. Bosbars, Jr., had his face all plastered up with ointment and looked like a circus clown.

Donald W. Neilson spent the week-end in the base hospital, as it was feared that he had appendicitis, but after two days of observation he was discharged and is again back on duty.

All in all the boys have been enjoying excellent health and outside of a few stomach aches, caused principally from over-eating and a few cases of sunburn and minor ailments

the boys are all well and happy. And do we eat here? Well, you should see the amount of food consumed at each meal. One would wonder where it all went—but when the meal is over the tables are clean and soon they are back calling for more. This sea air and sunshine surely gives one a real appetite.

After the day's work is done the boys play baseball, or go over to the beach, about a half mile from camp, and then after supper take in the movies and other entertainment provided here in camp at the big recreation tent. Our only regret is that our stay here is for only two weeks—

we just commence to enjoy it here when we have to leave for home again—the time passes all too fast. On our return journey we get a 12-hour lay-over in Portland and all are hoping to see a big league baseball game or a dog race or something real exciting.

Predicting that A. E. Reames will gain the federal judgeship of San Francisco, and making the prediction with a hint of definite knowledge Carl C. according to announcement in this morning's Oregonian. Hal Moore, reporting Donaugh's promises upon return, writes: "A. E. Reames of Medford is just about a certainty for the new federal judgeship at San Francisco."

### BOY DROWNS AFTER FALLING FROM RAFT
