

ASHLAND, ROGUES CLASH TODAY AT FAIRGROUND PARK

Where they play today
Ashland at Medford.
Coquille at Klamath Falls.
Eagle Point at Roseburg.

The Medford Rogues will meet the Ashland Lithians in the Southern Oregon league baseball game this afternoon at the fairgrounds starting at 2:30 p. m.

Although the Ashland nine has yet to register in the "win" column, they have a strong and well balanced team, having held the strong Coquille Loggers to a 4 to 3 score and the Roseburg Vets to a 6 to 4 score.

Loosing to Coquille last Sunday did not dishearten the Rogues in any way, and they are more determined than ever to win today in order to remain in the running for the league leadership.

Manager Haight has signed a new catcher in the personage of Ivan Harrington.

Harrington is one of the best receivers in the valley and should add considerable strength to the team.

Bill Lake, who beats the Roseburg Vets in the league opener here and who practically won the game single-handed with his terrific batting will undoubtedly be Manager Haight's choice for mound duty.

Local high school and Junior league fame, will be held in reserve, should the Lithians attack too severely. Charley Pritchett's arm is still giving him trouble and he will be unable to play. Another week will find him in tip-top shape.

Earl Davis will again call balls and strikes.

BLIND BOGEY GOLF TOURNAMENT AT COURSE TODAY

Dozens of Medford's golfers went to sleep last night with dreams of winning the large leather golf bag to be awarded at the Rogue Valley golf club this morning in the blind bogey tournament, and others, whose bags are new, had visions of winning a new wood or iron. This is one tournament, according to A. P. Johnson, tournament chairman, when the men will win something they can use.

Play will start at eight o'clock this morning, or as near thereafter as possible. Players will tee off early, so as to finish their 18 holes before the sun bears down too heavily, Johnson said. The last player should be back to the clubhouse by around noon.

Non-members will select their own handicaps before teeing off, so everyone will have an even break at the valuable prizes.

MICHAEL SCOTT, ANCIENT GOLFER, WINS IN BRITAIN

HOYLAKE, Eng. June 24—(AP)—The honorable Michael Scott, at 55 the oldest player ever to win the British amateur golf championship, maintained the traditional uncertainty of this sporting classic by decisively beating Thomas A. Bourn, a 30 year old country man, today, 4 and 3, in the 36-hole final match.

Scott was a champion of Australia when Bourn was a babe in arms. He never had advanced beyond the semifinals before and that happened a dozen years ago. The experts figured he should have been beaten by any of the youngsters he trounced this week, certainly by George T. Dunlap, Jr., of New York, the brilliant American youth, who fell before the veteran in yesterday's semi-finals.

But Scott refused to be beaten, even though he surprised himself, his friends, and his opponents. Quiet and dignified, in fact introducing something of the austere atmosphere of the House of Lords to the Royal Liverpool links, Scott played carefully and slowly all week. His correct and quite faultless style was rewarded by a triumph such as no man his age ever achieved before. Away back in 1902, Charles Hutchings, at 55, won the amateur crown.

ROSS WINS NOD OVER CANZONERI

STADIUM, Chicago, June 24—(UP)—Barney Ross, dark eyed, raven haired Chicago boy, joined that long line of light weight champions which go all the way back to the bare knuckle days in England almost 200 years ago, when he wrestled the 135 pound championship from Tony Canzoneri in a thrilling 10-round battle here Friday night.

Before a crowd of 14,000 persons, who paid about \$60,000 to see the bout, Ross, 21 year old Chicagoan who battled his way up the pugilistic ladder from bare fist, back alley fights on the roaring West Side, came from behind with a thrilling rally which snatched the title from Canzoneri.

TRUCK OWNERS ORGANIZED FOR BATTLE ON LAW

Temporary organization of a Medford branch of the Truck Owners and Farmers Protective association was accomplished here yesterday at the meeting called by A. C. Anderson, member of the state board and speaker from Salem. George Bohnert was elected temporary chairman of the organization and a county-wide meeting called for Thursday, June 29, at 7:30 o'clock at the court house auditorium.

All owners of trucks, large and small, farmers and merchants, are urged to attend the meeting to obtain startling facts regarding the new truck and bus bill, it was stated at yesterday's meeting.

The object of the gathering was to give publicity to the requirements of the new license law, to become effective July 1.

An injunction has already been filed by the Truck Owners and Farmers Protective association to restrain, temporarily, enforcement of the law until its constitutionality is tested.

All persons operating trucks will be effected by the new law, however small their haulings, Mr. Anderson stated yesterday.

Illustrating the license costs to result from the law, he submitted the complete figures effecting a one and a half ton truck. They include: license, (4000 lbs. at 90 cents) \$36; permits fee \$3.00; cash deposit on three fourths mill tax \$30; \$1000 good faith bond (\$100 cash collateral) \$20; P. L. & D. Ins. 25 mile radius \$47; gas tax (15,000 miles) \$75; three fourths mill per ton mile 10,000 miles \$45; total tax \$238.

S. P. WILL SLASH FARES TO 2 CENTS

Permission to reduce fares 45 per cent for coach and tourist sleeper travel between all stations on its Pacific Lines has been requested by the Southern Pacific company in applications to the Interstate Commerce Commission and various state commissions, it was announced here Saturday.

The proposed tariff would establish a basic one-way rate of two cents a mile for such transportation, as compared with the present first-class rate of 3 1/2 cents a mile, and with approval will be made effective July 1, according to Felix S. McGinnis, vice-president in charge of system passenger traffic.

As now planned, it was stated, the low-fare program provides for a 90-day experimental period, at the end of which it will be made permanent if patronage warrants such action.

ITALIAN AIR FLEET READY FOR FLIGHT TO U. S.

Italo Balbo, aviation minister who is one of the leaders of the projected flight of 24 Italian seaplanes to the Chicago world's fair, is shown inspecting his command at Lake Orbetello, Italy, where the flight will start as soon as weather conditions are favorable. The men are standing in front of some of the planes that will be used on the flight. (Associated Press Photo)

JURY SELECTED FOR GLENN TRIAL IN BALLOT THEFT

(Continued from Page One)

La Dieu trial and part of the Jones trial, and listened to the evidence, but declared he had formed no opinions. The court excused Frost with the comment, "it was not possible to listen to the evidence and not form a conclusion, one way or the other."

Frost admitted he had attended two meetings of the "Good Government Congress" in the courthouse last spring.

Williams Challenged Charles Williams of the Wimer district was challenged by the state. Williams admitted he had signed a "congress" card, and the Norton and Coding recall petitions, "but have since changed my mind."

The jury was sworn in and received instruction from the court Saturday afternoon. They will be kept together during the trial at a local hotel.

Two Vets Excused I. D. Canfield, of this city, head of the Veterans of Foreign Wars, of which Glenn is a member, and Rankin Estes, local poolhall operator, who was one of Glenn's bondsmen when he was first arrested, were excused by the court.

Vivian Barzo of Wimer, dance hall matron during the Pipes administration, and bitterly attacked by Fehl in his weekly, during her incumbency, was excused by the defense.

At one stage of the jury selecting, five women were in the jury box, but all were excused or challenged.

Roy Ashpole, Eagle Point, merchant, and Don Wilson, Central Point, student, were excused because of fixed opinions, as was James O'Brien of the Applegate.

Third Defendant Glenn is the third ballot theft defendant to go on trial and is defended by Attorney H. Von Schmalz of Burns, and T. J. Enright of this city. The state is represented by Assistant Attorney General Moody, assisted by Deputy District Attorney Neilson.

Glenn, at the time of the vote stealing was county jailer, appointed to the place, at the instigation of County Judge Fehl, evidence at the Schermerhorn ouster proceedings revealed.

In the trials of La Dieu and Jones, both of whom were convicted, thirds of the testimony that will be presented against Glenn were revealed. The Sexton brothers declared that Glenn had "propoitioned" them to commit the crime and had promised money and jobs. The state also contends that Glenn was present at conferences held to discuss the crime at which Fehl, Jones, the Sextons and others were present, a few hours before the theft. Glenn was one of the ring leaders, the state maintains.

Only a fair sized crowd was in court Saturday to hear the proceedings. The court order to keep the corridors clear of spectators and the witnesses in their rooms is still effective.

The Glenn trial is expected to be completed by Thursday at the latest, and will be followed by the case of Thomas L. Brechen, Ashland politician, who at one "congress" boasted

GOOD ROADS NOW TO DIAMOND LAKE

Mr. and Mrs. W. H. Walker, the first persons to register at Diamond Lake since the opening of the season, have returned to Medford, and report the roads to the resort in excellent condition. Mr. Walker stated that the last four miles were somewhat rough, but the entire trip into the lake can be made in high gear.

Fishing at the lake is reported good, and boats are ready for use. Most of the cabins are in readiness for visitors. Mr. Walker stated, having conferred with Manager George Howard.

At the present time, it is necessary to use the road beyond Sand creek, as work is being done on the Union creek road, which is expected to be completed the latter part of the week.

In Town Saturday—Glen Hurst was in Medford Saturday from Crater Lake national park, attending to business matters.

A MESSAGE TO ALL FORD WORKERS

You and I together are credited with having created "mass production." We use it to make more things in less time at lower cost. By it the people have more and better goods at cheaper prices. Workmen earn higher wages with less strain—not less work. The level of American family comfort has been visibly elevated.

Industry never harms a country; harm comes from elsewhere. But Industry bears the brunt of it. After the slump came, we increased our \$6 minimum wage to \$7 a day, which continued for 22 months. Today our wage rate is the highest in our line. But Industry still suffers for something she did not cause. Between making and using things, something outside Industry has stepped in to prevent the maker from making and the user from using.

We pioneered the 8-hour day, the 5-day week, a minimum wage that has always exceeded the market rate. Relations between employees and the Company have always stood on a just and human basis. We are as interested in social progress, and possess as sensitive a social conscience as any reformer whose theories have never met the test of a pay-roll. We pay for doing what we think is right. And we achieved these industrial decencies not by regulation or compulsion, but by being free of financial control and "gentlemen's agreements"—free to do what we saw was right and necessary.

We have no fears of what is ahead. We can make good motor cars under any just system. I think industry will spread out. Big factories, crowded industrial centers, will dissolve. Instead we shall have workshops in village and country. Nearness to the land will prevent the worst shocks of economic change. The benefits of "mass production" can be retained without the evils of massed industrial crowding. That is the next step.

You and I are able to take this next step because of what we learned in taking the present one.

FEATHERY CROWN FOR RODEO QUEEN

Sally Gale, queen of the Santa Monica, Cal., annual pioneer days and rodeo, is honored at an Indian ceremony as Chief White Eagle places a feather bonnet on her head in the presence of a group of Indians known as "Little Horse and his band." (Associated Press Photo)

American Speed is American Power...

By train from coast to coast... by phone to mid-ocean... by cable to foreign lands... typical of the speed, the intensity of American industry. If every business man would put the same momentum, the same driving force... behind his determination to SAVE as behind his desire to EARN... then earnings would be easier, and saving would be rich in its fruitfulness.
