

ELECTION FRIDAY TO ALLOW TRADE IN CITY'S BONDS

Because the city of Medford cannot issue new bonds, an election is scheduled for Friday, June 30, to amend the city charter making it possible for the city council to inaugurate a bond exchange for \$311,000 improvement bonds which fall due January 1, 1934 and which the city is unable to pay, Mayor E. M. Wilson pointed out this morning.

In 1918, an improvement bond of \$700,000 was issued, and in the past 15 years, \$389,000 of the issue has been paid off, with \$311,000 falling due soon. The election calls for a change in the charter which will allow an exchange for the maturing bonds for others to be issued in their place with a five to ten years' longer time limit in which to pay, he explained.

Four polling places are being established for the election Friday, and will be open from 1 to 8 p. m. Each ward will have a polling place as follows: First, old public market on South Riverdale avenue near Eighth street; second, Jackson county courthouse at Main and Oakdale; third, Fichtner's garage at Sixth and Fir streets; fourth, city hall, corner Fifth and Central.

Boards for each of the voting places are: First, Mrs. Leda Hubbard, Mrs. Lucy Elwood and Mrs. M. M. Herman; second, Lydia Applegate, Hattie M. Alden, Mrs. Margaret Lewis; third, Mrs. Arthur Short, Mrs. Roseberry and Mrs. George Laidley; fourth, Mrs. Kate Young, Katherine Gaddis and Mrs. Nora Kirkpatrick.

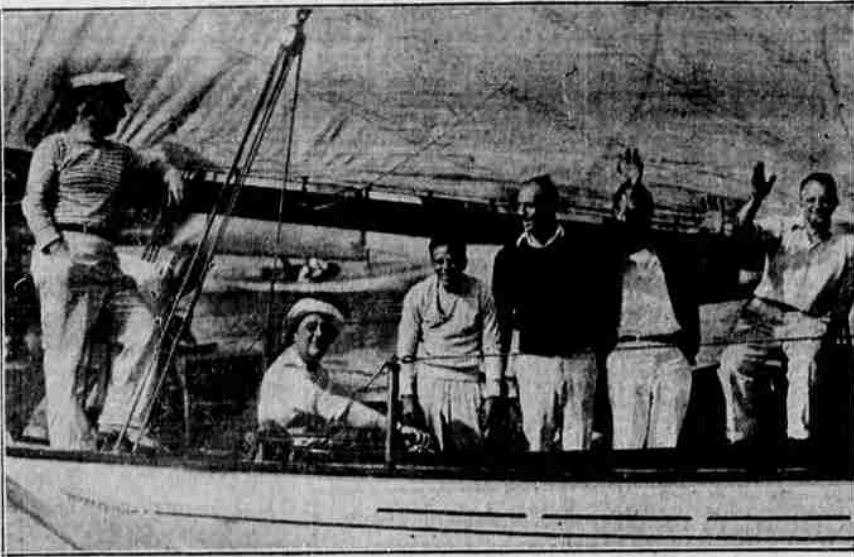

City Recorder Mose Alford said today that any registered voter in the city of Medford may cast his ballot at the election. He stated that the records show 8890 registered voters in the city.

FARMER'S LEG BROKEN WHEN HORSE BOLTS

Charlie Youngblood, who recently arrived from Los Angeles and settled on a farm two miles north of Ashland, suffered a broken right leg yesterday when the horse he was driving to a cultivator on his place became frightened and bolted.

Youngblood was unable to extricate himself from the farm implement and his leg was badly shattered, bones being broken in eight places.

PRESIDENT'S PARTY LEAVES ON VACATION CRUISE

Members of President Roosevelt's schooner party are shown waving to friends ashore as they left Buzards Bay, Maine, for a vacation cruise to Campobello Island, off the Maine coast. The President is shown at the wheel of the ship. (Associated Press Photo)

Rev. Bennett To Forest Grove, Ore.

Rev. Alexander G. Bennett has returned home from the Oregon Methodist Episcopal conference held in Portland. While at the conference Rev. Bennett received assignment to a pastorate in Forest Grove, Ore. He will be succeeded here by Rev. Joseph Knote of The Dalles.

BIRTHS

Mr. and Mrs. W. L. Gardner of Medford are the parents of a daughter, weighing 7 3/4 pounds, born June 26 at the Purucker Maternity home. The little girl has been named Venita Dolores.

Fifty-three graduates of this spring's University of California school of forestry class entered the reforestation army.

WHEAT SURPASSES DOLLAR IN JUMP

CHICAGO, June 27.—(AP)—Dollar wheat was reached and passed on the board of trade today in one of the wildest sessions since the war. Sensational advances which reached a maximum of more than six cents a bushel in the last few minutes of trading after yesterday's seven-cent jump, carried the December delivery to \$1.01 1/2 a bushel and the May delivery to \$1.04 1/2.

The market was a series of wild swings. Sharp advances were followed by heavy profit-taking sales, which

were in turn supplanted by wild rushes to buy again. The swings backward never amounted to much more than two cents a bushel and each advance was to a new high ground for the year.

Quotations on the blackboard were far out of line with those in the pits as the markers worked desperately to keep step with the madly rushing market.

Barley registered the greatest gain of the day with a flat jump of 8 cents a bushel. Two cents of this was lost before the close.

Corn soared almost four cents, oats three cents and rye a little more than four cents.

Only 35 per cent of department stores which operate restaurants do so with the expectation that they will return a direct profit, a recent survey revealed.

Three-fourths of the nation's forest area is east of the Rockies.

Monthly Misery

PERIODIC Pains every month or the weakening drains from which women often suffer can be overcome by the use of Dr. Pierce's Favorite Prescription. Then, too, in middle life it's just the right remedy for the woman who suffers from nervousness and "heat flashes." Hear what Mrs. H. C. Wickham of 733 Main St., Springfield, Oregon, has to say: "When I was growing into womanhood I was miserable. Monthly I would become deathly sick, my nerves were ragged, I had sick-headaches, also pains in my back, and was weak and tired all the time. Dr. Pierce's Favorite Prescription gave me strength, relieved me of pains and aches and I was soon healthy."

All Cigarettes are *not* Alike

Different Kinds of Tobaccos Make a Difference in Taste and Aroma

... Take Chesterfields, for Instance

SOME cigarettes are made out of only one kind of tobacco ... while others are made from several different kinds.

And everyone can understand that different tobaccos make a difference in taste and aroma. Chesterfields are a good example of this difference.

You see it's not easy to make Chesterfield's milder taste. It takes three distinct kinds of Domestic tobaccos. Then these must be seasoned with the right amount of Turkish. And they must be blended and cross-blended until their flavors are welded together ... to make a cigarette that has character and yet is not too strong ... to make a cigarette that's milder, a cigarette that tastes better.

Chesterfield They Satisfy
