

PRESS PREJUDICE CITED AS REASON FOR MAKING PLEA

(Continued from Page One)

testified at the Banks murder trial that he was sequestered in the Hotel Holland room of Attorney H. Von Schmalz during this period.

It is further set forth that Fehl is willing to be tried either before Circuit Judge George F. Skipworth or Judge Norton, in a county other than Jackson, and he can be ready for trial within "a reasonable time."

Denies G. C. Membership Fehl denies that he is, or was, a member of the self-styled "Good Government Congress" and claims that the local press stating he was had caused prejudice.

Fehl further asserts that the press has printed the testimony of the La Dieu and Jones trials, tending to show, as the state contends, his connection with the ballot thefts, and that this prevents him securing a fair and impartial trial.

Fehl also recites that he signed the recall petition against Judge H. D. Norton and publicly stated his reasons therefor, and that this has caused a prejudice against him among the friends and adherents of Judge Norton.

Friends Advise Change The motion also states that he has recently interviewed George Oberchain of Central Point, one of his bondsmen; Dr. J. M. Keene, J. H. Young, Dr. Kunz, William Kinsell of this city and P. M. Morrison of Ashland, and all have sided to him that from their observations and belief it would be impossible for Fehl to secure a fair and impartial trial.

Similar opinions are also expressed in the motion by Attorney Frank J. Newman and City Attorney Frank P. Farrell.

Assistant Attorney General Ralph E. Moody said the change of venue would be resisted by the state on legal grounds, and because of the additional expense burden it would place upon Jackson county, and the delay resulting. No date has been set for the argument on the motion.

Fleming said he attended the "congress" with Earl Bryant and James D. Gaddy, and after the meeting he went to the "mess." When the three came back to the courthouse they were stopped by "three large men, and a small man" and one "backed Bryant up against the wall with a hammer.
