

# DOUBLE-HEADER BASEBALL GAME SLATED SUNDAY

### Legion Juniors Play Klamath Lads at 1 o'Clock and Eagle Point Meets Rogues in Three o'Clock Tilt

Medford baseball fans will have the opportunity to witness two baseball games Sunday afternoon at the fairgrounds when the Klamath Falls American Legion Junior nine meets the Medford Juniors for the championship of southern Oregon in the first game, starting at 1 o'clock, and the Eagle Point Cheese-makers play the Medford Rogues in a regular league game, starting at 3 o'clock.

Rogues Play Next 4 Games Here. The Rogues start Sunday's game with an even 500, having won three and lost three games. However, the worst part of the schedule is over with, four of the above games having been played away from home which necessitated considerable traveling. The next four games with Eagle Point, Coquille, Ashland and Klamath Falls respectively, will be played at the fairgrounds.

By agreement of the directors of the league, after all league games have been played, the teams in first and second place will play a three-game series to determine the championship. The Rogues still have a good chance of taking at least second place, and the fact that the remaining games are to be played here should be in their favor. Lange Injured. The loss of "Half Pint" Lange, star second baseman of the Rogues, was quite a blow to the team. Lange suffered a broken arm when he was hit by a fast ball in a game July 4 at Ashland, and will be out for the remainder of the season. Plans are being formulated to stage a benefit dance or baseball game in his behalf in the near future.

# Queen Presents Prize

Queen Ruth of the Mid-Columbia regatta, held July 3-4 at Vancouver, Wash., congratulates Kenneth Hayslip, winner of the 25-mile General Four-Star event for class C boats with his hydroplane. Whoozit, powered by a 20 h. p. outboard motor, as her majesty presents him with his certificate for first prize. Leonard Davis and Sig Unander finished second and third, respectively. All three winners were from Vancouver. The event, one of the exciting races on the opening program, was sponsored by General Petroleum corporation, which furnished all the prizes. First prize was 100 gallons of the new General Four-Star gasoline and five gallons of Socory motor oil; second prize was 75 gallons of the company's new motor fuel, and third prize was a \$10 scrip book, good in trade at any General station. An exciting moment in the race also is shown in the above picture, with three racing boats grouped as they round a buoy on the course, with the Interstate bridge spanning the Columbia in the background. The regatta, conducted by the Vancouver Junior chamber of commerce, was colorful and replete with many thrilling races and aquatic stunts.

# CLOWNING BY GRAPPLERS TABOO IN SAN FRANCISCO

By RUSSELL NEWLAND Associated Press Sports Writer SAN FRANCISCO, July 11.—(AP)—Misplaced teeth, unnecessary foot-work and such fun as tossing opponents out of rings or batting the referee on top of the head are sidelines of wrestling that will be seen no more around here while Chaplain Leslie C. Kelley is a member of the state athletic commission. The chaplain is going to be on hand whenever the big boys flip each other around in the districts under his supervision. Any straying from the path as laid down by the rules of the commission will receive prompt attention. He intends to forfeit purses and fine the promoters. The boys will have to start wrestling, if they know how.

Chaplain Kelley stopped saving a plank to deliver his pronouncement that concerns "horseplay" in wrestling. Among other things the cleric member of the commission is supervising the rebuilding of his church here. It burned down recently. "These hippodromers who perform under the guise of wrestling had better get next to themselves," Chaplain Kelley said. "Some of them don't know even the elementary holds. They are trying to get by with hair pulling, biting and eye-gouging. There have been more now so-called wrestling holds originated in the last year than in all the other time since the Greeks and Romans first started this. "But we can do without a lot of peck chewing and face claving. Who ever heard of tickling feet in wrestling during Frank Gotch's time? One of our former college football players is winning matches with a double action kick to the stomach. He had better learn to wrestle if he is going to appear here because that kind of a 'hold' is barred. "The next wrestler who attacks a referee or throws an opponent out of the ring will have his purse forfeited. And he won't get it back the next day, either."

The supper will be served family style and the meeting will be more of a gathering than a meeting, according to the leaders. Porter Neff, Rose Scheffelin, Edward Reames, and Frank De Souza will speak. Merland Tolleson, tenor, will sing, accompanied at the piano by Miss Genevieve Brown. # NEGRO DECISIONS MAX ROSENBLUM

SAN FRANCISCO, July 11.—(AP)—John Henry Lewis, negro light heavyweight of Phoenix, Ariz., held a 10-round decision over Maxie Rosenbloom, champion of the division, here today though the title did not go with the honor. The flashy negro won the victory in a civic auditorium battle last night to even matters with Rosenbloom, who gained a 10-round win over him in the same ring last November. Lewis took a beating in the first two rounds until he solved Rosenbloom's shifty style of attack. From then on he made things warm for the champion and opened up a cut over Rosenbloom's left eye in the fifth round.

LAKE CREEK, July 11.—(Sp.)—Lake Creek Grange will meet July 14, at 8:30 p. m. Three weeks will elapse between meetings because of five Fridays in June. # CLIMBING BREAD PRICES WATCHED BY GOVERNMENT

WASHINGTON, July 11.—(AP)—Secretary Wallace telegraphed today to mayors of 49 cities in 25 states announcing that the government will use its full powers if necessary to prevent "unwarranted increase in bread prices." He has received protests on "unreasonable increases" in bread prices in connection with the processing tax levy of 30 cents a bushel on wheat which went into effect Sunday. His message said: "The department of agriculture is receiving complaints of unreasonable increases in bread prices in your territory. "The department disapproves of increases in consumers' bread costs in excess of the amount involved in market commodity price increases plus the processing tax. "In the case of bread a special vigilance in consumers' interests is imperative. "This is no time for pyramiding. "Placing unwarranted burdens on the consumer should not be tolerated. "The attorney general is being informed of complaints. Governmental powers will be used if necessary. "The cities included Boston; Laramie, Wyoming; Chicago; Tucson, Arizona; Portland, Oregon; Louisville, Kentucky; Houston, Texas; Atlantic City, N. J.; Denver; Tampa, Florida; Des Moines, Iowa; Philadelphia and Miles City, Montana.

# GILMORE RED LION SALES INCREASING

A sharp increase in sales of Gilmore Red Lion gasoline ranging from 15 to 30 percent in various parts of Oregon since the introduction about 10 days ago of the new "Portified" Red Lion, is reported by D. E. F. MacPherson, northwest division manager for Gilmore. Increased sales are the direct result of the first part of one of the most extensive advertising campaigns ever launched by this independent refining and marketing organization, according to MacPherson. A major role in the newspaper advertising campaign is carried by the Mail Tribune. "From the first day of the advertising campaign," MacPherson reports, "we have enjoyed the biggest sales increases in the history of the company in the northwest. "I can honestly say that the results have been gratifying in the extreme, thus definitely justifying the action of the company in introducing the new product at this time and in making a heavier appropriation for advertising than ever before."
