REBEKAH'S HOLD ANNUAL SESSION

District No. 12 of the Rebekah lodge is conducting its annual session today in the Oddfellows' hall...

Jenkins' Comment (Continued from Page One)

PROOF bearing out that theory would interest the scientists tremendously. They believe, you know, that the beginnings of human life on this continent were comparatively recent.

NO DANCE SATURDAY IN EAGLE POINT HALL

Announcement was made today that the dance next Saturday night, July 15, at the Eagle Point dance hall, located across the street from the bank in that town, has been called off.

The University of North Carolina this year sponsored the state's first dogwood festival.

Electric Air Conditioning Is Displayed

The first demonstration of electric air conditioning equipment ever held in southern Oregon opened today at the Hotel Jackson.

Raymond Gill, commercial engineer for the Frigidaire corporation, is being held in the small dining room of the hotel and has already attracted many local and out-of-town visitors.

The need for air conditioning to cool and dehumidify the air is particularly apparent during the present hot spell and much interest has been taken in the new and improved methods recently introduced by the Frigidaire corporation.

Through its many distinct advantages the Frigidaire conditioner fills a long-felt need...

It makes it possible to flood a room with cool refreshing air at the flick of a switch.

Walker Busy On Orders of Fehl Court Informed

Walker has been more or less in the limelight, since County Judge Fehl assumed office.

Under examination Walker stated, "I have the thought we all left together about 7 o'clock."

Under cross-examination, Walker admitted that he could have left before Glenn, Brecheen, Schermerhorn, Jones, Fehl and others the state holds were the ballot theft master minds.

Under cross-examination Pinkston testified that "Mr. Hugg," a son-in-law of Walter J. Jones, had first broached him to be a character witness.

Under cross-examination Pinkston testified that "Mr. Hugg," a son-in-law of Walter J. Jones, had first broached him to be a character witness.

JENNINGS BARRED AS WITNESS UPON STATE OBJECTION

W. J. Looker, court reporter, and Mrs. Mary Wilson by the defense.

Mrs. Wilson had testified for the state she saw Schermerhorn on Laurel street between 9:05 and 9:25, on the robbery night.

She also testified that she saw no auto leave the rear courtyard after 9:30 as Sergeant O'Brien testified Wednesday.

Looker was questioned relative to the custody of the woman's ward of the city jail where he admitted he took shorthand notes of a conversation, between the Sexton's and Schermerhorn, shortly after the ousted official was arrested February 23.

Looker testified he was interrupted only "four or five times" by the auto traffic. The defense contended the traffic would prevent a complete report.

Hess Warned Sheriff H. E. Hess of Coos, testified that the reputation of the Sexton father and sons in the coast county was "bad" for truth and veracity.

Under state cross-examination Attorney Moody boomed once at Hess. "Answer the question, and no argument from you please!"

The state questions to Hess over a minor charge and the management of a stock farm were not allowed by the court.

P. W. Culver, deputy sheriff, Myrtle Point, and William Howe, night marshal at Coquille, also said the Sexton's reputation for truth was "bad."

Amuse W. Walker, on his direct examination by the defense, and before the revelations in the contempt surprise, testified that he was around the courthouse February 20 until 7:00 o'clock.

He said Schermerhorn, Jones, Glenn, Brecheen, Chuck Davis, Fehl, Glenn, Fehl and others were in the county judge's office with L. A. Banks arranging bonds for Banks on criminal libel charges.

Under examination Walker stated, "I have the thought we all left together about 7 o'clock."

Under cross-examination, Walker admitted that he could have left before Glenn, Brecheen, Schermerhorn, Jones, Fehl and others the state holds were the ballot theft master minds.

CHERRY CROP BIG, DEMAND SMALL, GROWERS LAMENT

Cherry growers of the Rogue River valley are this year confronted with a very serious problem, it was pointed out today by growers and canners of the fruit.

The buying has been scattered over so much territory as possible, Mr. Boutelle stated, to distribute the money to be expended, to a number of growers. Complete crops have been taken only in cases where a few trees were owned by the grower.

The Royal Ann crop in the Rogue River valley this summer in the estimate at 75 tons. With but 25 tons ordered, a lot of cherries will have to be placed on other markets.

Because of the exceptionally large crop this year, Mr. Boutelle stated, many of the cherries are small and cannot be used in canning. During average years the Rogue River Valley Canning company has put up between 35 and 40 tons of cherries, but due to lack of money with which to buy fruit the people have failed to use the normal amount and the market has therefore dropped.

The canning company here, he stated is paying from three to five cents a pound for cherries. In the Willamette valley the price range is two and a half to three and a half cents. If the prices were higher, the canners stated, the cannery as well as the growers would make more money.

Sixty people are now employed at the cannery and the cherry run will probably continue through 10 days or two weeks.

Although growers have stated to the Mail Tribune that a plan is underway to get the cherries canned on a contract basis, Mr. Boutelle said that such a program had not been advanced to the cannery.

If such were done, he stated, he did not know where the fruit would be marketed, if preserved. In view of the small demand, he said, the best fruit naturally gains precedence, and large cherries are required for sale.

There are numerous cherry plantings in the Rogue River valley, and the Westerlund orchard, one of the largest, Carl Y. Tengwald, manager, stated yesterday, has been unable to obtain a market for Royal Anna. He stated that he would be willing to pay for the canning of the cherries, if he could get a contract to pack them on a contract basis.

A big business has been line up for the year season, the cannery officials stated today and when the fruit is ready the plant will be running at capacity.

Tells How She Lost 15 Pounds of FAT

Rheumatism Gone Too

Here is a woman who was rapidly putting on weight and who was troubled with rheumatism too. Read her letter:

"I started taking Kruschen Salts because of the food it had done for a friend of mine who had been crippled with rheumatism. At the end of the second bottle I was weighed and found I am now only 148 pounds (original weight 163 lbs.), at which I am so pleased. But I have also felt my rheumatism much less, which has been so troublesome in my knees. I must say I think Kruschen a splendid weight reducer." (Miss E. L. P. Overweight and rheumatism poisoning often go together. The six salts in Kruschen assist the internal organs to perform their functions properly—little by little that ugly fat goes; slowly, yes—but surely. You feel wonderfully healthy, youthful and energetic—more so than ever before in your life!)

Kruschen Salts is obtainable at Jarmin & Woods—a jar lasts four weeks and costs not more than 85c.
