

TWO HOT GAMES SCHEDULED FOR BASEBALL FANS

Legion Juniors Of Klamath And Jackson Tangle At 1 O'clock — Rogues And Cheesemakers At Three.

From all indications, valley baseball fans, who have been waiting for warm weather before attending games, will have the pleasure of witnessing a doubleheader today at the fairgrounds without fear of catching cold. If old Sol keeps up the work he has been doing the past few days it should be warm enough for all.

In fact two very hot ball games are anticipated when the Klamath Falls American Legion Junior team, champions of Klamath and Lake counties, meet the Medford Juniors, champions of Jackson and Josephine counties, in the first game and the Medford Rogues meet the Veteran Eagle Point team, in the second and feature game of the afternoon.

Strong Junior Team
Manager Lee Watson and Coach Shorty Miles have collected a very likeable bunch of youngsters. Having seen several of the state champion Junior teams in action, it is the writer's opinion that these boys will make a strong bid for this year's championship. Last year the Klamath Falls boys snuffed out the local chances, but from the spirit with which the local boys have been working out all week, there will be a different ending to this afternoon. They certainly aim to get revenge.

Harold Wilson of Sams Valley will start on the mound for the Medford Juniors with Calvin Stoddard of Butte Falls, catching. The balance of the lineup will find Simmons of Medford, first base; Hess of Ashland, 2nd base; Ashpole of Eagle Point, short stop; Hensley of Table Rock, third base, with Knox, Smith and Van Dyke of Medford, holding down the outer positions. Hardy of Ashland will be held in reserve should the young fellows hit the offerings of young Wilson too freely.

The Eagle Point Cheesemakers and the Medford Rogues will continue their feud, which started the beginning of the season. Out of the four games played to date, the Rogues emerged victorious in each case but only by the small margin of one or two runs. The scores of 4 to 2-2 to 1-3 to 1 and 4 to 2 will show how evenly the teams have played.

Cheesemakers Look Good
Although having some of the ball stars in the valley on his team, Manager Hoffard has been able to win but one league game. With Conliff, Taylor, Christenson, the Dunn brothers, Kenton, and last but not least Hoffard himself, the lineup on paper looks as strong as any in the league. Whether the aggregation of hustling young Rogues, which Manager Haight has gathered, will be able to repeat again against these veterans remains to be seen.

Fritch or Lake will probably be Haight's choice for mound duty with a possible chance of Buck Hein, star Portland twirler, being on hand. Haight has been angling for the services of Hein, who has won all his games to date, pitching for the Peidmont club of the Portland city league which included wins over the strong Kelso and Lohrview teams.

Field Improved
Considerable work has been done on the playing field at the fairgrounds during the week with the result that the infield is in better shape than it has been for a long time.
The American Legion Junior game will start promptly at one o'clock and the Eagle Point-Medford game at three o'clock.
Other league games today include Ashland at Coquille and Roseburg at Klamath Falls.

BARNEY SENN TO FIGHT HAL MOE

PORTLAND, Ore., July 15.—(UP)—Hal Moe, Oregon State college football player, who began his professional boxing career this month by knocking out his opponent in the first round, will meet Barney Senn, former Medford high and Oregon Normal fullback, here July 25. The fight will be a preliminary to the Ab Wing Lee-Young Peter Jackson bout.

Promoter Joe Waterman, in signing the two football players, declared himself for a policy of making fighters out of gridiron luminaries. He indicated he had his eyes on Mike Mikulak, Bernie Hughes, and Bill Bowerman, all amateur fighters of note at University of Oregon; Frank Little and Norman Franklin of Oregon State, and George Theodoratus, 210-pound Washington State gridster.

"DEAD PAN" JOE HITS FIFTIETH

SAN FRANCISCO, July 15.—(AP)—Just a kid, Joe Demaggio, 18-year old San Francisco Seals outfielder, whose proud dad pilots a fishing boat, today had shattered a Pacific Coast league batting record which was established the year he was born.

"Deadpan Joe," so-called because his face is expressionless as he rifles baseballs to all corners of the lot, last night hit safely in his 50th consecutive game.

Way back in 1915, Jack Neas, Oakland first baseman, ran his consecutive games hitting streak to 49 and for 18 years such stars as Paul Waner, Earl Averill, Tony Lazzeri and other swatters have failed to break the record.

And in those days they didn't have night baseball to contend with and the ball parks were much smaller.

LIFE SAVING CLASSES WILL BE CONDUCTED BY RED CROSS SWIMMERS

The long anticipated announcement that the Jackson County Red Cross would conduct a life saving school this summer, was made yesterday by Miss Marjorie Kelly, chairman of life saving for this county.

The course will be conducted at the Twin Plunge in Ashland, beginning Tuesday. Classes in junior and senior life saving will be held and 10 hours of instructions will be required.

Instructors will be Marjorie Goff, Dorothy Goff and Marjorie Kelly. Classes will be conducted Tuesday and Thursday of each week at 2:30 o'clock. There will be no fee connected with the course, except the regular charges made to swimmers at the pool.

All persons interested in taking such a course are asked to be at the Twin Plunge Tuesday afternoon at 2:30 o'clock, if possible.

Ashland participants in the course will register at Twin Plunge and Medford applicants are asked to call Miss Kelly at 1099-L.

The course will be held at Ashland this year, since there is no pool open in Medford. The Red Cross each year urges the public to take advantage of life saving courses in order to make swimming parties, becoming more popular each year; more safe.

In every party there should be a competent swimmer and a person trained in life saving, the Red Cross leaders pointed out yesterday.

In the courses to be given at Twin Plunge, life saving, water safety methods to be observed, and precautions to be taken, before and when swimming, will be taught. Instructions will be given in resuscitation, and all entrants will be taught how to carry persons from the pool or other swimming haunts.

INLANDER PROVES GOOD MUD LARK

ARLINGTON PARK, Chicago, July 15.—(AP)—A mud running streak of 15 named Inlander galloped to a surprise victory in the \$35,000 Arlington classic today, conquering a son of Man of War in a thrilling stretch drive to the accomplishment of cheers from 30,000 spectators.

Inlander, owned by Mrs. Dodge Sloan of New York City and ridden by Bobby Jones, charged out of fourth place to win by a length and a half, with Golden Way second and the tired War Glory third.

Inlander ran the mile and a quarter over the heavy, sticky track in 2:12.

CCC BASEBALLERS PLAY THIS MORN

At 9:30 o'clock this morning the baseball team from the Medford CCC headquarters will play Applegate camp's ball team at the fairgrounds, according to announcement last night. This will be the first of a series of games to be played throughout the district.

It is possible that the winner of the baseball championship in the Medford district will journey to Eugene to play the winner in that district, it was stated.

REVENUE FROM GRID BROADCASTS SOUGHT

SAN FRANCISCO, July 15.—(AP)—Football games involving teams of the Pacific coast conference are going to be broadcast again next season, but the colleges are looking for a "new deal" in the way of financial return.

The matter of revenue in return for permitting their games to be sent out over the air occupied the attention of athletic representatives of the conference here today.

MRS. LENA LEE, 67 CALLED BY DEATH

Mrs. Lena Lee, 67, died at the home of Mrs. A. Dutton, 1022 West Tenth street, Saturday morning following a long illness. She had no known relatives in this city, where she had made her home with Mrs. Dutton since March 1.

Funeral services will be held at the grave side in the I. O. O. F. cemetery Monday at 10:30 o'clock, under direction of the Perl Funeral parlors with Rev. Joseph Knots of the Methodist Episcopal church delivering the sermon.

PEACH AND APRICOT GROWERS OF VALLEY DISCUSS MARKETING

A meeting of peach and apricot growers was held at the chamber of commerce offices last Friday and it is believed that a definite marketing program will be outlined very soon.

About 15 growers attended the meeting which was presided over by C. A. Wing, chairman of the chamber's agricultural committee.

The question of marketing this year's crop was discussed in detail and it was decided to hold another meeting of growers in Ashland, next Thursday, July 20, at the city hall at 8 p. m.

The Medford Chamber of Commerce urges all growers to attend the meeting so that a marketing program can be developed which will be approved by a majority of the small fruit growers of the county. It is believed that the Medford Chamber of Commerce can assist very materially in formulating a marketing program provided that the growers are in absolute agreement.

It is known that there are hundreds of growers in the valley and the meeting in Ashland next Thursday can be productive of better and more profitable results if a large attendance is on hand.

PORTAND C. OF C. CARAVAN COMING

A three day good-will tour through southern Oregon has been planned by the excursion committee of the Portland Chamber of Commerce, it is announced in this week's issue of Commerce.

Clarence D. Porter, chairman of the Chamber of Commerce committee, announced that the Portlanders will leave for this section early July 25. Luncheon will be enjoyed at Cottage Grove and dinner at Roseburg the first day. On the second day, the caravan will stop at Grants Pass for lunch, at Ashland for breakfast the third day, and overnight at Medford.

At Fur Farm—Hal Everts, famous writer, accompanied by his son, Hal Everts, junior, are included among guests at the Northwest fur farm east of Prospect, according to C. Ray Gilliland, who was a visitor in Medford yesterday. Jocelyn Lee, wife of Luther Reed, film director, is also a guest, and next week Betty Compton, Tony Marino and Rene Torres are expected at the resort. Reginald Denny will be here next month, Mr. Gilliland said.

WILL BEAUTIFY BLACKWELL HILL

Blackwell hill—from which a view of Mt. McLoughlin, Rogue river, Bear creek, and the pear orchards of the Rogue River valley are visible, is now being converted into one of southern Oregon's beauty spots, and a road is to be built off the highway on the hill, according to District Engineer Bromley. The Jackson county committee of roadside beauty has announced that flowers and shrubbery will be planted.

If water is available on the hill, according to Mr. Bromley, a fountain will also be constructed, similar to those for which the Oregon Highways have become famous.

Funds for beautifying the hills was won by the Jackson county committee in a contest conducted last spring in which all counties participated in the state, through which the Pacific highway passes.

FRUITMEN'S CODE FAIR TO GROWER DECLARES DEAN

(Continued from Page One.) would favor politics instead of hard-headed business.

The shippers are put on the spot. They have responsibility to get results. They are all in a bunch, and if the "big stick" is used, there is something to aim at.

The big districts were more than fair to the smaller. Every man had a chance to speak as often as he desired, in forming the organization and framing the code.

Walter Hebert, Frank Miller and Myron Foster did splendid work in preparing the code, and many others contributed their best. Dr. Wm. Schoenfeld, at the invitation of Medford and Hood River districts, helped greatly by his knowledge of cooperative organizations and European cartels.

Paul Scherer presided at all meetings and was elected president of the new organization by unanimous vote. Seattle was made the legal residence of the organization while Portland was made principal business office.

FOR SALE—Good brood sow, or trade for red pullets. Box 17, Jacksonville Highway.

FOR SALE—Heywood-Wakefield baby carriage. Call 1231 North Riverside Ave.

WANTED TO BUY—Acreage on easy terms. Must have good house, close in. Write description and price to Box 11904 Tribune.

Ford Motor Company, Dearborn, Mich.

To a St. Paul Man who asks the Reason

Henry Ford Dearborn, Mich.

A man in St. Paul, Minnesota, makes courteous inquiry on the subject of the Ford spring. He relates a recent experience in which a salesman felt he could not sell his own make of car without first depreciating the Ford car in this customer's mind. The main attack was made on the Ford spring. I take pleasure in explaining this point.

We use transverse springs in Ford cars for the same reason that we use round wheels—because we have found nothing better for the purpose.

Most people think that the only purpose of a spring is comfortable riding. But springs, and even very flexible springs, can cause discomfort as well as danger. A good spring must not only be comfortable—it must be safe. It must also assist operation economy. The spring we use serves all three purposes.

A transverse spring—which simply means a spring set crosswise—gives comfort. It is like the wings of a bird—the tips move most, while the body remains steady. I cannot prove that in a letter, but you can prove it in a Ford V-8. Any dealer will gladly allow you the opportunity.

The safety reasons for the transverse spring may be simply stated. In rounding a curve or turning a corner, one side of the car naturally lists downward. Transverse springs do not lift up the opposite side. They actually decrease the car's lean-over. Each spring is set in line with the axle and is attached at its center to the frame. This tends to prevent that swaying on a curve which is so uncomfortable and often dangerous. Notice for yourself how greatly these springs control this in our car.

Transverse springs also make steering and braking exceedingly safe. The Ford car is not driven through its springs. Hence the axles do not see-saw back and forth and so cannot interfere with normal steering and braking action.

Now, about economy. Unsprung weight is that part of the car weight that does not rest on springs. For tire economy it must be low in proportion to sprung weight. It must be low to prevent excess jarring of the frame and body. In the Ford car it is low, due to the use of transverse springs.

We choose to retain the transverse spring for the above good reasons. From every point of view it justifies our choice. If there had been anything better for our car, we would have used it.

We make these springs ourselves—every leaf in every spring—set them up and install them. We know what they are and we know why we use them.

July 14, 1933

Henry Ford
