

# Kruse and Grappling Professor Will Meet on Armory Mat Tonight

## SWEDE ANDERSON AND BELCASTRO ALSO GRACE CARD

George Nelson, 220-Pound Coach of Utah Agricultural College Will Trade Grips With Tricky Bob

Bob Kruse, the tricky matman from Oswego, hasn't divulged the method of attack he will use on his 220-pound opponent, George Nelson, in their match at the armory tonight, but fans anticipate a lively evening, in view of Kruse's past record here. Kruse seldom finishes a match without some startling upset, and tonight will be no exception, in the opinion of fans.

Nelson, who is wrestling coach at the Utah Agricultural college, spends his summer vacations taking on the leading heavyweights of the country, but this is his first appearance here. His wrestling teams of the Utah Aggies have won many championships during the time he has been there, and Nelson can either confine himself to straight wrestling, or can rough it with the toughest of them.

Swede Anderson and Pete Belcastro will start the evening with an hour match, and every fan who has watched them wrestle knows, at least, how they'll go at it, but no one knows how the bout will end. With Anderson having improved with each month, he is expected to add a fine Italian scalp, to wit, the vivacious Pete's, to his already growing list. Pete, however, thinks differently, saying that "Oh, he's just another Swede. I'll have to put in his place. Trouble with Swedes is they don't know when they've had enough."

Tonight's bouts start at nine o'clock. Promoter Mack Lillard said, and may or may not last a long time. The customary bargain prices prevail.

## CHINESE MATMAN DEFEATS DAWKINS

PORTLAND, Ore., July 20.—(AP)—After losing the first fall, Wong Buck Cheung, 212, Chicago Chinese, came back to take the next two and win the main event from Scotty Dawkins, 208, of Monroe, La., in last night's fight card here.

The Louisianan won the first fall with a series of flying tackles and butts in 18 minutes. Cheung took the second fall with a Manchurian choke hold in 16 minutes, then, using the same hold, maneuvered the deciding fall in five minutes.

Oki Shikina, 210, Japan, took one fall to win the semi-windup from Al Karastick, 192, Portland.

Henry Jones, 145, Provo, Utah, won a special five-round event from Swede Lawson, 151, Stevenson, Tex. Reggie Russell, 147, Canas, Wash., defeated Jess McCann, 148, Portland, in the three-round preliminary.

## DEMAGGIO KEEPS HIT RECORD HOT

By the Associated Press. Consecutive game hitting continues the fashion in coast league baseball with Joe Demaggio of San Francisco boasting a record of 55 today and First Baseman Jim Ogleby of Los Angeles a mark of 41 games.

The Seal rookie banged out three singles at Sacramento last night as the Senators trimmed the visiting San Franciscans, 12-8, to lead the other first division clubs in a rout of the four second bracket teams. For variety Joe slammed the offerings of Ed Bryan, Solon veteran, to center, left and right fields.

Both teams collected 16 hits apiece in the free-hitting tussle, but the Senators bunched their blows off Bruce Cunningham for a winning run total. It was Cunningham's debut in a Seal uniform.

## LOCAL BOY LANDS GIGANTIC RAINBOW

Some big catches of rainbow trout were reported made at the popular Rocky Point resort during the past week-end period. Jack Six, grandson of John Perl of Medford, took first honors, this youthful fisherman landing a beauty weighing 12 3/4 pounds. O. B. Martin of Medford hauled in a fine rainbow scaling 9 pounds and other good catches included the following:

- Lillian Hillis — 12 1/2
- Tom Elde — 11 1/2
- Mrs. E. A. Pay, Burlingame — 8 1/2
- Earl Shepherd — 8 1/2
- Chas. West, San Francisco — 7
- Mrs. W. Nordquist — 6 1/2

It was reported that fishing was excellent last week, nearly every fishing party catching the limit in a short time. A large number of California sportsmen, as well as southern Oregon vacationists, have been enjoying the fishing, boating and swimming advantages of Rocky Point resort during the past few weeks.

## Dean of Grips

GEORGE NELSON, 220-pound coach of wrestling at Utah Agricultural College, who meets Bob Kruse at the Armory tonight.

## LOVE MATCHES GAINING FAVOR AMONG FRENCH

By Mary Knight, United Press Staff Correspondent. PARIS (UP)—The modern American method of love-making and marriage have received the stamp of approval of the ninth annual convention of the Association for Christian Marriage, which has just concluded its meeting at Rouen.

Boys and girls "keeping company" with each other over a period of at least a year before marriage is a good thing, in the opinion of Judge Paul Mathieu, of Rouen. "It provides a desirable and helpful preliminary to the more intimate relations of married life," he says, "and it permits evaluations and comparisons of the future husband and wife. It fits responsibility with the parties most concerned and at the same time, parental counsel and suggestion is not deprived of occasion to exercise itself."

The "keeping company" before marriage record was won first by Rachel and Jacob in the Bible, but the judge considers that 14 years is an unnecessarily long period of time to court a wife. Six months is considered a minimum courtship period and a year the maximum.

In 1922, Stendahl, father of the analytic novel, is said to have urged the French Dan Cupid to Americanize his methods, which the chubby little fellow proceeded to do 100 years later for, in 1933, French prelates—in a series of reports on the problem of marriage—now present recommendations on the subject that distinctly bear the stamp "Made in America."

That love matches rapidly are becoming the rule in France is supported by Georges Lecomte, historian and member of the French Academy "while the arranged marriage—by parents or relatives—is as rapidly disappearing," he says. "In France, as in America, modern marriages are being built on true love and comradeship." And although still in the experimental stage, the American methods seem to be meeting with great success, and without any appreciable difference in the "Reno-vation" of divorce statistics.

Corps to Klamath—The Ashland American Legion drum corps will go to Klamath Falls August 10 to represent this city in the Oregon state Legion convention. Fifteen other bands and drum corps, representing 263 musicians from American Legion posts in Oregon and northern California will participate. The largest groups will be sent from Ashland, Grants Pass, Portland, Bend and Albany.—Ashland Daily Tidings.

## GOTHAM GREETS QUEEN OF TENNIS ON RETURN HOME

NEW YORK, July 20.—(AP)—Accompanied by two Sealymen terriers, Helen Willis Moody returned today from her latest tennis conquests at Wimbledon to receive the welcome and attention characteristically given to the California queen of the courts.

Mrs. Moody dismissed any discussion of the "incident" over the calling of a decision against her in the set she lost to Dorothy Round in the Wimbledon final. She praised her English girl rival, and said she plans to concentrate her plans now on the Wightman cup matches, as well as the national women's singles championship, both to be played next month at Forest Hills.

She posed with her two dogs, "Bossie" and "Dobbin," for photographs. "They are gentle," she remarked, only to have "Bossie" try to bite one of the photographers.

"What fine dogs," said a reporter as she stopped to examine the shaggy heads. "Bossie" took a nip at his right hand.

Mrs. Moody spoke mostly in general terms about Wimbledon, where she equalled the achievement of Suzanne Lenglen in capturing the British singles title for the sixth time. Asked if she intended to go over again and seek a seventh crown, to equal the record of Mrs. Lambert

To Visit Relatives—Fred Collins, of Seattle who arrived in Grants Pass Tuesday to visit relatives, has gone to Medford to visit for a short time and will return here at a later date. Collins is the son of Benj. Collins and was formerly a resident of this city.—Grants Pass Daily Courier.

## STAR GOLF PROS GIVEN BLISTERING BY ARMOUR

By PAUL NICHOLSON, Associated Press Sports Writer. CHICAGO, July 20.—(AP)—America's veteran professionals, notably Gene Sarazen and Walter Hagen, are attempting to kill the trusty goose that laid their golden eggs, Tommy Armour said today in a blistering attack against those players who threaten to pass up the annual national pro championship at Blue Mound, Milwaukee, next month.

Sarazen, Craig Wood, Joe Kirkwood and Denny Shute, new British open champion, have advised the Professional Golfers' association that they probably won't compete in the big pro show this year because the date, August 8 to 13, is too early.

"Say, if it wasn't for golf and an organization like the P. G. A., fellows like Hagen, Sarazen, Shute, Wood and myself probably would be lucky to have ordinary paying jobs today instead of strutting around like heroes with plenty of cash in our pockets," Armour said explosively. "Yet those fellows, sent over to England with all expenses paid to lose the Ryder cup, say August is too early for them to compete for the national championship. What do they mean too early? I know for a fact that they have been squawking for years to have the P. G. A. championship played earlier than September so they could make some money out of it. Now they balk. They're just trying to kill the goose that laid their golden egg, that's all."

The trouble with most professionals, Tommy finds, is that they take themselves too seriously after they've won a few championships and are just about "washed up" from a competitive standpoint. "Hagen, Sarazen and myself are three outstanding golfers because we are just about all washed up and don't know it," the silver-footed, who has won almost every important title on both sides of the Atlantic, continued. "We're living on our reputations and think we're more important than the game of golf itself. Well, we're mistaken. The game will be played long after we've gone and probably will be played a whole lot better."

## STATE FUNERAL FOR LITHUANIAN AIRMEN

KAUNAS, Lithuania, July 20.—(AP)—Forty thousand sorrowing persons attended the state funeral today of Stephen Darius and Stanley Girenas, the Lithuanian-American airmen who crashed Monday only 400 miles from Kaunas in a flight from New York.

Walking at the head of the funeral procession were the wife, child, sister and father-in-law of Darius and the brother of Girenas.

The plan is to make a standard grade of 91 score cube butter the basis for the payment of butterfat and for the quoting of price. The plan suggests the creameries be allowed 4 cents a pound for churning and putting the product into cubes, and 3 cents a pound for cutting, wrapping, delivery and overhead. Buyers of 60 pounds of butter at one delivery would receive a reduction of 1/2 cent a pound from the regular price on smaller lots.

The retailer would not be permitted to sell under 2 cents a pound margin.

The basis for butterfat calls for payment on the standard cube price based on a maximum of 80.7 per cent cream. With standard cubes at around 24 cents a pound, butterfat would be quoted around 24 cents for No. 1. With cubes up to 28 cents, the butterfat price would be around 30 cents.

The plan calls for full cent prices, less than 1/2 cent being disregarded, and more than 1/2 being added to the basis as a full cent.

## CREAMERIES PLAN TO FOLLOW CODE ON RECOVERY ACT

PORTLAND, Ore., July 20.—(AP)—Private creamery interests, in a meeting here, have decided to follow closely the industrial recovery act code covering dairy products. A proposal already signed up by Washington operators is now en route to the national capitol.

The belief was expressed that unless the dairy operators act quickly in preparation of the fair practices

code, the government will do it for them.

The plan is to make a standard grade of 91 score cube butter the basis for the payment of butterfat and for the quoting of price. The plan suggests the creameries be allowed 4 cents a pound for churning and putting the product into cubes, and 3 cents a pound for cutting, wrapping, delivery and overhead. Buyers of 60 pounds of butter at one delivery would receive a reduction of 1/2 cent a pound from the regular price on smaller lots.

The retailer would not be permitted to sell under 2 cents a pound margin.

The basis for butterfat calls for payment on the standard cube price based on a maximum of 80.7 per cent cream. With standard cubes at around 24 cents a pound, butterfat would be quoted around 24 cents for No. 1. With cubes up to 28 cents, the butterfat price would be around 30 cents.

The plan calls for full cent prices, less than 1/2 cent being disregarded, and more than 1/2 being added to the basis as a full cent.

## Super-Lubricant!

Pyroll cannot be burned by motor heat, nor washed off bearings by wet gasoline. Pyroll is Absolutely Guaranteed to make a real saving on gas and oil bills by reducing friction-drag.

# HERE'S MORE OF EVERYTHING YOU WANT IN TIRES!

**More Safety in the tread**

The safest tread is the one that can stop your car the *quickest*. Goodyears stop *quicker than any other tire. 10% quicker than the second best. Up to 77% quicker than others.* Tests on wet pavements prove it. Why not buy the *safest* tire?

**More Safety in the plies**

Goodyears give you safety in every ply — because every ply is built with patented Supertwist cord — and every ply runs from head to head. Ask to see a Supertwist demonstration and see for yourself why it means *more safety* in every ply.

**More Mileage**

Bus fleets know mileage. And bus fleets using Goodyear Tires report 97% more mileage than they got five years ago. Goodyears for your car have the same improvements that made this extra mileage possible.

**PRICES you may never see again!**

Everything's going up in price. Here are the attractively low prices at which you can still buy Goodyear Tires today.

GOODYEAR SPEEDWAY	GOODYEAR ALL-WEATHER
4.40-21 \$4.05	4.40-21 \$6.40
4.30-20 4.55	4.50-20 5.40
