

WORK FOR ALL BY LABOR DAY IS AIM NATION-WIDE PLAN

(Continued from Page One)
at his desk after the presidential conference. "I'm staking everything on it."
The heart of the plan: Every employer will receive through the mail July 27 an agreement ad-

dressed to him by President Roosevelt. Upon signing, this binds him to maintain a fixed minimum wage and not to exceed a fixed maximum work week during "the President's emergency re-employment drive" from August 1 to December 1.
The basic hours, labor and wages: Child labor outlawed.
\$14 to \$15 a week minimum and a 40-hour week for so-called white collar labor.
30 to 40 cents an hour minimum for a 35-hour week and an 8-hour day maximum for factory and mechanical labor.
Equitable readjustment of pay above the minimum.
Every signer receives a certificate and government badge showing the seal of N. R. A. (National Recovery Administration) and the words:

"Member N. R. A. We do our part." This badge may be displayed on all equipment, goods, communications and premises. The signer may appeal for adjustments if a hardship is worked.
"We're going to appeal to the public to support the people who agree," Johnson said. "I believe we can create a psychology stronger than in war. We already have the churches and fraternal societies lined up."
For every consumer who wishes to cooperate and become a member of the N. R. A. there will be a badge issued upon signing of this statement: "I will cooperate in re-employment by supporting and patronizing employers and workers who are members of N. R. A."
Johnson exhibited a chart he called "the only significant chart there is." It showed that values have shot far upward, leaving purchasing power behind.
"It is inevitable that these must move together for prosperity," he said. "So the stock market crash isn't such a bad thing after all."
Even as the new voluntary plan was completed, the industrial administration continued hearings on codes proposed by different industries. Today's included lumber, coat and suit, shipbuilding and electrical manufacturing, while steel has been set for July 31.

Johnson gave out two documents after leaving the White House. One was a copy of the agreement every employer receives, the other a bulletin describing "the President's re-employment program."
The agreement began with a note "to every employer" and was signed "Franklin D. Roosevelt." It read:
"1. This agreement is part of a national-wide plan to raise wages, create employment and thus increase purchasing power and restore business. That plan depends wholly on united action by all employers. For this reason I ask you, as an employer, to do your part by signing.
"2. If it turns out that the general agreement bears unfairly on any group of employers they can have that straightened out by presenting promptly their proposed code of fair competition."
The bulletin described the plan. It explained an agreement would hold until a code for the particular industry was approved, fixing wages and hours. It warned that for every trade or industry which has not submitted a code by September 1, the President will exercise his authority and order hearings to proceed on the preparation of one.
"Swift-moving changes require swift action," the bulletin said. "A rapid rise in prices and mass production is going on. Mass purchasing power must rise as fast. In this national emergency we can not delay

PRESIDENT WRITES CONGRATULATIONS

Mr. and Mrs. J. H. Daniels of Rich have received the following letter from the President of the United States, which gives promise of being a Daniels family heirloom.
THE WHITE HOUSE
Washington, D. C.
July 6, 1933
My Dear Mr. and Mrs. Daniels:
The President has received your very kind letter and asks me to extend to you his hearty congratulations upon the birth of your little girl, Joyce Marlene Daniels. He hopes your daughter will have a happy, active and useful life.
Very sincerely yours,
M. A. LEHAND,
Private Secretary.

Soon after the arrival of the stork at the Daniels home last May the proud father wrote to the President with the above results.
Ten men will start to work Monday on the opening of Fourth street between Front and Fir streets, Fred Scheffel, city superintendent, announced today. There is about 60 feet of pavement necessary to opening the street, the right of way having been obtained recently.

NEWBURYS RECOVER CRASH DAMAGE FOR WOMAN OF ASHLAND

Attorneys Gus Newbury and Don Newbury returned yesterday from Portland, where they tried in the United States district court before Judge McNary the case on Maude Renton vs. H. Stern and W. Stern, for injuries sustained in an automobile wreck on the Pacific highway north of Ashland, January 18. The jury returned a verdict in favor of Mrs. Renton for \$5,846.56.
The evidence presented showed that Mrs. Renton and her brother were coming to Medford on that morning and a short distance north of the Hot Springs the defendants were traveling south in a LaSalle car, and there was snow on the ground and, due to the alleged carelessness of the driver, the LaSalle skidded over the road and struck the automobile of Mrs. Renton, almost demolishing it, and fracturing her patella knee bone in four or five places, the lower portion of the bones being crushed.
Dr. Haines of Ashland was the attending surgeon and achieved very good results.

Gets Good Price—Tom Boothby, reported Thursday that he received ten cents per pound for some Bing cherries which he shipped to Los Angeles last week. Boothby said this exceptional price rated eight cents per pound to the growers.
