Listen to this, Housewives of America:

THERE'S NO "HALF WAY" QUALITY IN TUNA!

Tuna is either delicious, or it *isn't!* Tuna is either rich in food value or it *isn't!* Tuna is either delicately tender or it *isn't!*

There's no half-way quality in tuna! A tuna cocktail, a tuna salad, or any other tuna dish is either a delicious success... or it's a dismal failure!

There's *one sure way* of knowing that every tuna dish you serve will be delicious, full-flavored, and rich in Vitamins "A" and "D," iodine and other valuable mineral properties. That's to insist upon White Star Tuna... *every time you buy tuna.* There is no substitute for this finest of all tuna! And there is no variation in the quality of White Star Tuna. If you bought a *million cans*, they'd all be alike!

White Star Tuna is the brand that made tuna famous! For 20 years it has been America's preferred brand, because only the tender, delicate, delicious light meat is packed! In packing White Star Tuna there has never been any compromise with quality! It has always been the *best!*
