Excelsior Club Plans Party

Members of the Excelsior club, under the direction of Mrs. Della Mann, will have a swimming party and wicker roast at Bybee bridge Friday evening, according to announcement made today. All those between the ages of 13 and 17 who are interested in attending are requested to meet at the home of Mrs. Mann, 724 Crater Lake, Friday at 5:30 o'clock. Each person is requested to bring his own suit, wicker and bun.

Success of the N. R. A. is also forecast by Congressman Mott. "It's got to work, and the Democratic party has got to have the guts to support it. President Roosevelt has the support of the public." He lists the Recovery Act as "socialism in a mild form—a hated word among the reactionaries." The grant of authority to President Roosevelt is more proper than Mussolini ever dreamed of, according to Congressman Mott.

Mott is a member of the public lands committee, which has to do with the O-C tax refund, and the federal roads committee, which deals out road appropriations, in which southern Oregon, with its recreational centers and spots, is vitally interested. He secured the committee appointments, which will prove of great value to his district, through a scarcity of Republicans in the house.

Legislation beneficial to the pear-growers of the state is foreseen by Congressman Mott, "because the administration policy will be broadened, and congress, with party lines disappearing, will be liberal, particularly to those districts nominally Republican." Congressman Mott, on his southern Oregon trip, discussed general details and needs with local growers and packers.
