

SWINE PROGRAM IS OUTLINED TO ADVANCE PRICES

CHICAGO, Aug. 18.—(AP)—Secretary Wallace today outlined the government's emergency hog program for buying 5,000,000 swine, employing meat packers to process them, and distributing the meat to the needy.

In an address at the Century of Progress exposition, he said that the program will be ready to go into effect in a few days and that he expects it to boost purchasing power in the corn belt substantially.

The plan should increase prices of swine, possible 25 to 30 per cent, he asserted, and at the same time provide relief to farmers heavily stocked with swine but with short feed supplies due to drought.

The program calls for purchase of 4,000,000 pigs weighing 25 to 100 pounds, at from 6 to 9 1/2 cents a pound, and 1,000,000 sows soon to farrow, weighing a minimum of 275 pounds, a market price on the day marketed, plus a bonus of \$4. The purchases are to be complete by about October 1.

They will be made "by specified processors" for the department of agriculture. The meat will be turned over to the federal emergency relief administration for distribution.

Wallace estimated the cost of the program at up to \$5,000,000, to be met by a processing tax on hogs, which will go into effect after September 30. The tax rate and effective date will be fixed later, he said, estimating that the levy, paid by those who turn the swine into marketable pork, will be "considerably less than a cent a pound."

SENATOR NORBECK AT CRATER LAKE

Senator Peter Norbeck of South Dakota was a visitor at Crater Lake this morning, enjoying a trip around the rim, according to word received from the lodge by the Chamber of Commerce.

Senator Norbeck's visit to the lake was welcomed as of great importance to the national park and the southern Oregon country, in view of the various committees upon which he serves in the senate, including agriculture and forestry, special committee on conservation of wild life resources and public lands and surveys. Other committees of which he is a member are: Indian affairs, appropriations, library and banking and currency.

LIBERATE GANDHI IF HE'LL BEHAVE

POONA, India, Aug. 18.—(AP)—As the Mahatma Gandhi entered the third day of his "fast until death," the government of India announced today that it was prepared to liberate him if he abandoned civil disobedience.

The Mahatma began to show signs of weakness, although his voice remained strong. Reports from Yeroda jail, where he is serving one year for his disobedience campaign, were that he had started saving his strength by staying in bed, attended only by his secretary.

A government communique said the administration was satisfied that the facilities allowed the nationalist leader were ample to enable him to conduct such work in behalf of the untouchables as was reasonable in the circumstances.

Notice is hereby given that the co-partnership of "Jasmin & Woods" has been dissolved and that all indebtedness owing to such said firm should be paid to Mr. Charles L. Woods, who will likewise pay and assume all accounts owing by said firm. Business will be continued by Charles L. Woods at the same address at No. 134 East Main street, Medford, Oregon.

MARC B. JASMIN, CHAS. L. WOODS.

Leaves Today—Mrs. L. E. Roe left on today's Shasta for Portland, where she will spend the week-end.

SPANISH SWINDLE BOBS UP AGAIN

The age-old Spanish swindle, for which a well-to-do person is selected as the victim, is being revived in Medford, according to Postmaster William J. Warner, who said this morning a patron of the local post-office received a letter similar to those so often used in this trick.

The Spanish prisoner hoax, one of the oldest forms of swindle known to mankind, is carried on through the mails, Mr. Warner said, and he issued a warning to local people that if a letter telling the plight of a military prisoner in Spain is received by them, not to be too glibly and make an attempt to release him by sending funds to bribe the guard or pay a ransom.

PRIDLETON, Ore., Aug. 18.—(AP)—A wind from the west today tempered Prindleton's heat wave, although the atmosphere still was muggy. Thursday's maximum was 104 degrees.
