

### FARMER RECORDS NEEDED IN WHEAT ADJUSTING PLAN

#### County Agent Says Cash Benefit Can Be Hastened by Preparation of Individual Data On Production

With preliminary organization of the wheat adjustment plan rapidly taking shape in this county, wheat growers are in a position to hasten its completion and expedite the first cash benefit payments by preparing their own individual records of wheat production in recent years, says R. G. Fowler, county agent.

A preliminary committee, working with the county agent, has now divided the county into six communities, as required under the organization setup. These communities are: Ashland, Talent, Medford, Appleton, Central Point, Sams Valley. Any wheat growers in other communities will gain with the one named nearest to them.

#### Organization Next.

The next step will be to organize these communities and receive through them the applications of growers for their individual allotments. This will require submission and inspection of past production data. In this way the individual farmer can help himself and his neighbors by having the information in good shape in advance, explained County Agent Fowler.

By use of threshing machine records, sales records, warehouse receipts or other sources of information, such as testimonials by neighbors, each grower is to figure out not only his acreage but his production for the past three years at least, and preferably for five years. That means first of all for the crop years 1930, 1931 and 1932, and if possible for the years 1929 and 1928 as well.

#### Should Have Figures.

While the national plan calls for basing individual allotments on a percentage of the past three years' crops, requests were made from the west that four years be used as the base in summer fallow territory. Indications are that in some instances, four or even five years may be used, hence the advisability of every farmer being prepared with all such production information before the community groups get together.

Once the individual grower's past average acreage production are determined and accepted, the assignment of an allotment will be a comparatively simple matter, as it is fixed at 45 per cent of the average annual production — unless crop failure or other special circumstances during the base period make some adjustments necessary.

Similarly, his total acreage to be allowed will be easy to arrive at by applying the percentage reduction, to be announced by Secretary Wallace to his average acreage. Any variation in the acreage reduction up to the maximum of 20 per cent will have nothing to do with the individual allotment of bushels on which adjustment payments will be made.

#### Jackson Interested.

Jackson county, with a total average annual production of 233,840 bushels, according to government figures, has a real "stake" in the success of the wheat plan, first results of which will be cash payments beginning this fall. The county has been given an allotment of 121,021 bushels, which means that this amount times 20 cents, or \$24,204, is the amount of cash available this fall if all wheat growers in the county joined the plan. In addition, from \$10,000 to \$12,000 will be forthcoming next spring, depending on the exact payment, announced as from 8 to 10 cents a bushel. The adjustment payments in the 1934 and 1935 marketing years may be more or less, depending upon circumstances and the decision of the secretary of agriculture.

Some have asked whether the government will make the total benefit payments to this county regardless of how many farmers join the plan. This is not the case, says County Agent Fowler, as the ruling is plain that no individual gets more than his fixed proportionate share. Cash for any "unused" allotments here will not come to the county at all, but presumably will stay in the United States treasury.

### FEAR KIDNAPING LUPE'S ADOPTED

HOLLYWOOD, Aug. 18.—(UP)—Lupe Velez, fiery Mexican film actress, discloses she had returned her adopted four-year-old niece to Mexico through fear of threats by kidnapers.

The little girl, Joan Del Valle Velez, was taken to a convent in Mexico by her mother, Mrs. Velez, sister, after the player had received "three or four threatening letters."

"I was absolutely frantic," Miss Velez said at her home tonight.

"I finally decided the safest thing to do was to send Joan away where no one could find her."

The actress refused to disclose the name of the convent, but it presumably is in Mexico City. The little girl's mother visited her some weeks ago, and then left quietly, taking Joan with her.

### UNITED CORPORATION PASSES UP DIVIDEND

NEW YORK, Aug. 18.—(AP)—Directors of the United corporation, utility holding company sponsored by J. P. Morgan & Co., today omitted the dividend on the common stock. The company had been paying 10 cents a share quarterly. Directors ordered the regular dividends of 75 cents on the preferred stock.

### GRAND JURY CALL IS DEFINITELY SET AS NEXT TUESDAY

The grand jury, of which Theodore J. Bell, Jr., of the Talent district has been definitely scheduled to convene next Tuesday, according to the district attorney's office.

Twelve criminal matters are pending before the body, including two charges involving the death of another, two cattle-stealing cases, a moral charge involving a resident of the Rogue River district, present whereabouts unknown, and several cases involving liquor, bad checks, and auto theft.

Charges against Fred Wolf, held in jail since May 4, last, for the alleged slaying of William Sheldon, as the culmination of a rural triangle love affair, and against Charles W. (Chuck) Davis, alleged to have caused the death of Joseph B. (Bud) Johnston, as the result of a street fight over the ballot-theft convictions are scheduled to be heard first by the grand jury. Davis was one of the ballot theft defendants who entered a plea of guilty.

The cattle stealing charges involves Melroy Charley of the Antelope district, and according to the district attorney's office has made a statement. Charley was one of the first 12 jurors drawn in the LaDien ballot theft trial, and was excused by the state.

It will be the first session of the grand jury since last March, when indictments for murder were returned against L. A. Banks, local agitator, and his wife, Edith R. Banks, and in the ballot theft cases.

### CARRIES ALL-BRAN ON EVERY VOYAGE

#### Seaman Finds This Delicious Cereal Relieves Constipation

Here is an unsolicited letter from Mr. Darragh:

"I have been going to sea for the past fourteen years. Every trip, I underwent severe headaches, nervousness, and sleeplessness. Tried all sorts of remedies, and received only temporary relief.

"So hearing about Kellogg's ALL-BRAN thought I would get a box, which I did. That was six months ago, haven't been without it at home, and when I go to sea a box of Kellogg's ALL-BRAN is always with me."—George D. Darragh, 1914 32nd Avenue, Oakland, California.

Tests show ALL-BRAN contains two things for common constipation: "Bulk" to exercise the intestines; vitamin B to help tone the intestinal tract. ALL-BRAN also supplies iron for the blood.

The "bulk" in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass, which gently clears the intestines of wastes.

How much pleasanter this is than taking pills and drugs—so often harmful. Two tablespoonsful of ALL-BRAN daily will correct most types of constipation. If not relieved this way, see your doctor.

Serve as a cereal or use in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

### JUBILEE PROGRAM WILL GRAM HOURS AT JACKSONVILLE

They are getting ready to do big things over in Jacksonville Saturday, when the second annual Gold Rush Jubilee "bustle" goes for one day. They also are getting ready to do a few things that won't be noted for their gigantic proportions, but which nevertheless will be a lot of fun. Jubilee officials baited their hooks—or, rather, pens—for a pig to be

greased and chased about town. A fat porker, with no prominent ribs for hand-holds, is being sought and will be promptly turned over to Barber Charlie Dorothy for tonorial adornment. The adornment will in reality be similar to dressing a chicken, for the pig will emerge as clean shaven and sleek as the city's slickest beau brummel on courtin' night.

Although it is somewhat of a task to dewhisker a squealing pig preparatory to slopping on grease, the result is well worth the effort when crowds howl their delight at seeing some ambitious hog-catcher get fooled, believe Jacksonvilleans, and a special barrage of 14 sharp razors has been laid.

Of course, catching a greased pig won't be the only event of Jubilee day. Far from it. But the incident serves as a good example of the very informal, free-for-all whoopee that

will be concocted for visitors. There will be nearly a hundred races, contests and prizes for all winners throughout the day, starting at 10 o'clock in the morning and continuing till the old-fashioned parade at 3:30. All events will be free.

At 10 a. m. the highly touted Gold Hill-Jacksonville Miners baseball will start, with rodeo following at 1 o'clock. Wrestling in the outdoor arena begins at 8 p. m., while three dances—old-time and popular—follow immediately afterward.

### TOT PLUNGES TO DEATH FROM UPPER WINDOW

SALEM, Aug. 18.—(AP)—A one-year-old girl, Mary Ann Lynch, fell to her death from a second story window of her home here last night. Her mother had put the baby to bed and had left her when she heard the fall.

### PICTURE OF LAKE TO GRACE CONFAB

According to Roy Shreve, chairman of the publicity committee of the Chamber of Commerce, Medford is due to receive some splendid publicity within the next day or so at the annual convention of the National Rural Letter Carriers association, which opens in Des Moines, Ia., on Sunday.

Mrs. J. B. Noble of Bend, Ore., has gone to the convention as the state representative of the Women's Auxiliary of the Rural Letter Carriers association, and a beautiful picture of

Crater Lake has been sent her, which will be placed on exhibition during the time of the convention.

In the corner of the picture is a statement that Crater Lake is America's greatest scenic wonder and also that Medford is the gateway. When the convention closes Mrs. Noble will present the picture to the retiring national president, with the compliments of the Medford Chamber of Commerce.

### Griess Winner In Amateur Tourney

Official check of the results in the American Legion amateur boxing tournament shows an error in the first report on the senior bantam-weight class. The championship in this classification was won by Billy Griess of the C. C. C. over Ray Canover, also of the forest army.
