

JACKSON WINS NOD OVER TOWNSEND IN TEN ROUND FIGHT

PORTLAND, Ore., Aug. 23.—(AP)—Young Peter Jackson, Los Angeles negro, slugged his way to a clean-cut decision over Billy Townsend, Vancouver, B. C., in the 10-round main event of an outdoor card at the stadium here last night. A crowd estimated at almost 7500 persons attended. Jackson weighed 138 pounds and Townsend was three pounds heavier. The two battlers, among the best at their weight in the country, fought cautiously and on even terms until the seventh when Jackson floored Townsend twice. The Canadian came back strong in the next canto, but the negro flash piled up a strong lead in the final two rounds. Ah Wing Lee, 139, Portland's Chinese star, got off to a good start in his comeback campaign by knocking out Joey Kaufman, 142, Buffalo, in the first of a scheduled eight-round bout. Lee had Kaufman on the floor three times before the Buffalo boxer succumbed to the knockout punch. Other results were: Chalky Wright, 126, Los Angeles, defeated Walter Neel, 127, Portland, in six; Roy Ockley, 136, and Louis Nelson, 133, both Portland, drew in six; Tiger Cody, Butte, and Young Harry Wills, Longview, drew in four; Elmer "Buz" Brown, St. Paul, stopped Eddie Spina of Portland, in the fourth round of the opener.

RAIN POSTPONES WOMEN'S TENNIS

FOREST HILLS, N. Y., Aug. 23.—(AP)—Continuing rain today again brought postponement of the women's national tennis championship program until tomorrow. FOREST HILLS, N. Y., Aug. 23.—(AP)—If Helen Wills had obeyed doctor's orders, she wouldn't be seeking her eighth singles tennis championship now. "I was told to rest until January because of my back injury," she said. "I walk slightly crooked now. With a lot of that California sunshine on the beach, however, I expect my back to be completely healed. My spinal tenn is quite troublesome, but otherwise I feel as well as ever." Meanwhile, tournament officials looked hopefully for a change in the weather, so that the two remaining semi-final matches—one in singles and one in doubles—could be completed.

MINERS TO MEET ROGUE R. SUNDAY

The Jacksonville Miners, southern Oregon's most versatile baseball team will meet Rogue River on the Jacksonville diamond Sunday at 2 p. m. The Miners, who have both won and lost games with dexterity all season, last Saturday gave the powerful Gold Hill boys their closest game of the year. When nine innings resulted in a 2-1 victory for Gold Hill, one error was made on each team. Gold Hill made six hits while the Miners chalked four. Pitcher Montgomery for Jacksonville fanned 14 men while Bailey fooled 7. The Jacksonville Miners are dickering with Manager Height of the Medford Rogues for a benefit game to be played a week from Sunday at the fairgrounds. Height, who umpired for the Jubilee day tilt, was so impressed by the Miners' ability Saturday he promptly began negotiations for the benefit game.

CHINESE GRAPPLER MAY SHOW AGAIN

Negotiations are under way by Promoter Mack Lillard for the services of Wong Book Cheung, colorful Chinese grappler, in a match here Thursday, August 31, with some high-class man to be selected later. There will be no wrestling card here tomorrow, Thursday, according to Lillard, owing to the staging of a mat program at Jacksonville last Saturday. Cheung's performance in throwing Ted Tye at Jacksonville left fans with a desire to see more of the Chinaman's ring technique and the promoter is keeping the wires hot in an effort to line up the Oriental for another match here.

FORMER NOTRE DAME STARS TO PLAY BEARS

CHICAGO, Aug. 23.—(AP)—A team of former Notre Dame football stars under the direction of Coach Hearty (Hunk) Anderson, will meet the Chicago Bears, National Professional League champions, at Soldier Field September 16. Anderson is rounding up his squad and will drill the men for two weeks. Red Orange, who recently signed for his eighth season with the bears, and Bronko Nagurski, former Minnesota Iron man, have started conditioning for the contest.

BEATS SWIM RECORD AND DIES EXHAUSTED

ESSEN, Germany, Aug. 23.—(UP)—Ruth Lettitz, 18, died of exhaustion today, after beating her own 78-hour swimming record here by a fraction of an hour. She was lifted out of the water and hurried to a hospital, but first aid failed to keep her alive.

INTER-LEAGUE GAMES TO REVIVE BASEBALL URGED

NEW YORK, Aug. 23.—(AP)—Strong support developed today for William L. Veck's proposal that baseball interest be revived through a series of inter-league games in mid-season and assured the scheme of thorough discussion before the 1934 season begins. There seemed to be at least an outside chance it would be tried next year. Unqualified endorsement of the Chicago Cubs' president's plan was voiced by Alva Bradley and Stephen W. McKeever, presidents respectively of the Cleveland Indians and Brooklyn Dodgers. Other club owners almost unanimously agreed that some such radical departure from the regular order of things was needed if baseball was to climb out of the "red."

"We need some such stimulant and I am in favor of it," McKeever said, while Bradley pointed out he actually had advocated a definite plan for inter-league games. "Four such games in a season for each team," he said, "would give the fans a good idea of comparative skill." Sam Brandon of the St. Louis Cardinals thought the plan might increase attendance and President William Benswanger of the Pittsburgh Pirates said it was worth serious consideration. He thought it would be preferable, at any rate, to a split season which also has been suggested as a means of increasing interest. President Gerald Nugent of the Philadelphia Phillies was another who thought the plan at least should be thoroughly discussed.

CARSON THATCHER WINS PRIZE WITH MODEL OF COACH

Carson Thatcher, 13, son of Mr. and Mrs. C. A. Thatcher of this city, and a student at junior high school, has been awarded second prize in Oregon in the Craftsman Guild contest, sponsored by the Fisher Body corporation. It was announced here today. The beautiful miniature gold coach, constructed by the local boy bringing four ribbons as well as a \$50 prize check, is on display this afternoon at the Medford Cycle shop on North Fir street, and will be exhibited at the Chamber of Commerce after September 9. Built upon the qualifications of the bridal coach of Napoleon, the carriage is a thing of beauty and an expression of fine metalcraft, trimcraft, paintcraft and woodcraft. A gold ribbon in each department was awarded young Thatcher, along with the check for second prize. Constructed of metal and wood, with elaborate gold trimmings and topped with eagles, the miniature coach is easily recognized as the frequently pictured trade-mark of the Fisher Body corporation. The inside of the coach is upholstered in white velvet with ornate tassels of gold and gold embroidery, designating it fit for any king and his bride. The footman's seat, the coachman's box, all elaborately decorated, are in keeping with the regal days of old. And in addition to the beauty of the coach, it is practical. It works every hinge in the intricate pattern operates perfectly. Each latch opens and shuts. Each window can be drawn open and shut. The steps for entering the carriage swing out and swing in, folding up in the accepted manner of their day. The monograms of the Fisher corporation appear on the doors. Between each spoke of the coach's wheels the decoration is perfectly done, the elements of the pattern having required the forming of molds and casting of lead, later decorated in gold. Over a year of work is represented in the coach, which was entered in the contest July 1, bringing second prize in Oregon to the Medford boy. Any description of the minute and intricate work represented in the model would be inadequate, but the coach is on display and all persons interested in craftsmanship are urged to go and see it. "Coachs" studied at the Brenau college summer school for the first time this year when several men students were admitted.

FAMILY MEN GET FIRST JOB CALL

WASHINGTON, Aug. 23.—(AP)—Married and family men are to be given the first chance at public works jobs. Secretary Perkins said today the enlarged public employment service would act as a filter for labor getting these jobs. "It is not thought desirable at this time," Mrs. Perkins said, "to feed forces, conservation men into the public works. They have been working for several months and it is felt that the older men should have the first chance at places made possible through federal public works expenditures." "It is highly desirable that people long out of work get these places."
