

GOODMAN RATED BEST PROSPECT IN TOURNAMENT

By ALAN GOULD
(Associated Press Sports Writer.)
When Bob Jones made his grand farewell tour of the links in 1930, he made it stick, unlike a number of other stars of sport and the foot-

ball. Others have been talking about a comeback, about visits to Japan, to the Antipodes and to South America, but not Mr. Jones. He would not find any inducement for wandering away from home in this excerpt from the New Zealand "Herald":

"To say that a visit by Jones to this part of the world would create a sensation is to put it mildly. The American, quite apart from his amazing ability, is an intriguing personality. His charm of manner would capture Australians. Jones perhaps would find the hero-worship a little wearing, inasmuch as he would require a holiday every time he ventured forth in public."

Rating the Amateurs.
This may not mean a thing, once the golfing battle is under way at Cincinnati in September, but here's how I would rate the chances of the principal contenders for the national amateur championship:

1. Johnny Goodman of Omaha, the open champion.
2. Ross Somerville of Canada, the defending champion.
3. Gus Moreland, trans-Mississippi titleholder.
4. Johnny Fletcher of Cincinnati, former college champion.
5. Charles Seaver of Los Angeles.
6. Maurice McCarthy of Cleveland.
7. George T. Dunlap, Jr., or New York.
8. Fran Dolp of Portland, Ore.
9. Jack Westland of Chicago.
10. A flock of "dark horses" including Willie Turnesa of New York, Charles Yates of Atlanta, Eddie Driggs of New York, George Dawson of Chicago, Rodney Bliss of Omaha, Lawson Little of San Francisco, Charles Kocis of Detroit and Walter Emery of Oklahoma City.

Unless he goes into a quick slump, the amateur tournament may prove a "push-over" for Johnny Goodman. His scoring habits are lower and his confidence higher than last year. With Francis Outint out of the picture, the only first-class veteran Goodman has to fear is Somerville, the silent Scot from Canada.

"Sandy" might repeat, but he doesn't figure to do so, especially with so many tough young obstacles to overcome. Lads such as Moreland, Seaver, McCarthy and Fletcher thrive on plenty of competition. They have all the resilience and flair of youth, plus enough experience now to be able to pull themselves out of tight spots along the route.

There is also the deliberate San Franciscan, William Lawson Little, who may be recalled as "the man who beat the man who beat Bob Jones" in 1929. That was the year Goodman upset the great Georgian, only to be licked the same afternoon by Little, credited subsequently with the suggestion it was just as well, after all, for Jones that he didn't survive the first round.

OREGON FOOTBALL OPENS SEPT. 22ND

EUGENE, Ore., Aug. 30.—(AP)—The University of Oregon will open its football season this fall with a game against Linfield college on the night of September 22, Hugh Rosson, director of athletics, announced here today.

The Webfooters will have only a week of practice before the opening game. They are scheduled to appear September 18 for their first workout. Last year's practice started September 10.

KRUSE LOSES GO WITH POLICEMAN

SAN FRANCISCO, Aug. 30.—(UP)—Four San Francisco police won an unscheduled main event on last night's wrestling card here. They defeated Bob Kruse, Portland, Ore., Howard Cantonwine, Iowa, and a referee.

Kruse took the first fall in 18 minutes with a Japanese leg lock. Cantonwine took the second with a wristlock, then dumped Kruse from the ring.

Cantonwine got a referee's decision, Kruse crawled back in the ring, the three clashed, and four brawny policemen joined in the melee. They ejected the combatants.

WOLFE PINS SIROIS WITH FIGURE FOUR

SALEM, Aug. 30.—(P)—Lee Wolfe, 188, Tulsa, Okla., won two out of three falls from Walter Sirois, 190, of Santiago, in their wrestling match here last night.

Wolfe took two straight falls with figure-four holds after losing the first one with a flying mare.

ROLPH PITCHES TO TY COBB

Chosen to open the first game of the Northern California semi-pro baseball championship, Governor Rolph took no chances but threw wild to Ty Cobb. Then His Excellency explained to the famous big leaguer that the width of his curve was not entirely deliberate but due in part to lack of practice. At any rate, Cobb couldn't hit it. J'VILLE CHALLENGES ROGUES TO BENEFIT GAME NEXT SUNDAY

What with a few victories under their belts, and a desire to end the season in a burst of glory, the Jacksonville Miners have challenged the Medford Rogues to a special benefit game, to be played at the fairgrounds park Sunday.

Two Medford players have been injured during the year, and to help defray costs, resulting from personal repairs, the Jacksonville aggregation has agreed that proceeds from the game shall be turned into a benefit fund. Early this season a practice game between the two teams resulted in a humiliating defeat for the newly organized Miners, but with a string of victories and good baseball lately, they plan to come back in a surprise move to show Medford that the former county seat hasn't yet lost her grip on a bat handle.

Last Sunday the Miners defeated Rogue River, 5-3, and the week before played the Gold Hill champions a 2-1 thriller.

COCHET WILL BECOME TENNIS PROFESSIONAL

PARIS, Aug. 30.—(AP)—Henri Cochet, bulwark of France's Davis cup defense for five years, finally has decided to turn professional.

The famed tennis ace, once a ball boy in his native town of Lyons and later the undisputed kingpin of the game for the three-year interval covering 1928 through 1930, is expected to announce his decision officially next week.

His first professional engagement, it was learned, will come in the Franco-American matches starting September 22, when he will have a chance to renew his old rivalry with Big Bill Tilden.

Open Fourth street—Fourth street between Front and Fir, will be ready for opening about Monday, City Superintendent Fred Scheffel said today.

Fishing Lines

Hints for Those Who Angle in Southern Oregon Waters

The Gold Ray dam district seems to be excellent fishing now, reports show, and Dr. W. H. Eckman, one of the valley's ardent fishermen, brought home four four-pound bass Monday. Some of the fish weighed even a little better than four pounds, he said. His basketful was brought in from above the dam.

Fishing is reported excellent now at Four Mile lake, a member of the game division of the state police having checked there yesterday.

Ralph Cowgill spent Monday in the Prospect district, and yesterday when in Medford, reported that three catches of 11 steelhead had been made below Gold Ray dam.

One of the "Believe It or Not" items for today's column is submitted by Scott Hamilton of Central Point, who Sunday landed a 16-pound salmon on a No. 3 royal coachman fly. Hamilton used the eggs, and also landed two pack salmon, he reported. The fish were taken from the Rogue near the Elk's picnic grounds.

A recent catch made by "Sturdy" Coffeen was an 11-pound steelhead, which he brought in on a fly. Coffeen was fishing at Gold Ray dam.

Mr. and Mrs. Franklin Groth, who have their summer home at Diamond lake, were in Medford yesterday, and returned to the resort today. They reported fishing at the lake still excellent. Some of the best catches of the year have been reported from Diamond lake.

Jimmie Moore, who fishes several evenings a week along the Rogue river, brought in a nice steelhead last night, from the Trail district.

Harvey Field, Jr., 15-year-old Medford boy, went steelhead fishing for the first time in his life Sunday—and brought in a fine three-pound fish from the Rogue river near Trail. Young Field accompanied Aubrey Norris, who caught a couple weighing between four and five pounds.

Harvey has done a lot of trout fishing, but this week was his first venture for steelhead.

CAVANAUGH, IRON MAJOR OF FOOTBALL PASSES

MARSHFIELD, Mass., Aug. 30.—(P) Frank W. Cavanaugh, 57, the "Iron Major" of football, died at his home here late yesterday after a lingering illness. He had been in a coma three days.

For days the life of the former coach of Dartmouth, Holy Cross, Boston college and Fordham football teams had been despaired of. The last rites of the Catholic church were administered yesterday.

At the bedside when death came were his widow and their nine children.

BANK ROBBERS KILL POLICEMAN, ESCAPE

SOUTH ST. PAUL, Aug. 30.—(AP) Machine gun bullets killed one policeman and wounded another as five bandits obtained \$30,000 in currency from two bank messengers today.

Leo Pavlek, 33, was the officer killed and James Yeaman was wounded as the robbers seized the money from Joseph Hamilton and Herbert Cheyne.

In Labor Post

Edward F. McGrady of Boston recently was installed as assistant secretary of labor. For some time he has been assistant administrator for labor for the NRA. He will continue his work for the NRA. (Associated Press Photo)

BRITISH WOMAN CONTINUES FAST STRIDE IN GOLF

EXMOOR COUNTRY CLUB, Highland Park, Ill., Aug. 30.—(AP)—Brushing aside her opponent with a game that shattered par by three shots, Enid Wilson of England entered the quarter finals of the women's national golf championship today with a 4 and 3 triumph over Mrs. Harley Higbie of Detroit.

The English champion was never headed as she won the first hole with a birdie four, made the turn in 36, three under par, and ended the match on the fifteenth with a half in birdie (CQ) four. Pumping out tremendous tee shots with her man sized woods and pitching dead to the pin with magic approaches, she was an easy master of par and Mrs. Higbie, although the latter was only two over par herself.

Charlotte Glutting of West Orange, N. J., conqueror of Miss Wilson last year at Salem, survived with a 3 and 2 victory over Peggy Wattles of Buffalo and will meet the English champion in the quarter finals again tomorrow.

America's champion, Virginia Van Wie of Chicago, survived with a 4 and 2 victory over Mrs. Leo Pederman of New York and will meet Mrs. Leona Cheney, San Gabriel, tomorrow. Mrs. Cheney, 1929 finalist, defeated Amelia Gorceyca, 21 year old southern titleholder from Fort Worth 4 and 3.

SEWAGE PROJECT WAITS SANCTION

City Superintendent Fred W. Scheffel said today no action can be taken in connection with the construction of the new sewage disposal plant in Medford, until word is received from the public works administrator in Portland, where the committee considers such matters. The application from here has been in since July 12.

A number of photographs of new sewage plants, typical of the treatment plant to be built here, are now on display in the window at the Chamber of Commerce, having been arranged by Mr. Scheffel. The pictures give an idea of what is necessary for such construction.

STUDENT NURSES TO ST. VINCENTS

Fifteen student nurses from the Sacred Heart hospital will leave tomorrow morning on the Shasta for Portland, where they will enter St. Vincent's hospital to complete their training, the school having been transferred to the northern city.

Six seniors in the training school will remain in Medford, where they will graduate.

Students who are leaving tomorrow are Mary Kerne, Mary Peacock, Mary Huelsoff, Margaret Jensen, Evelyn Critch, Mildred Dunnington, Helen Bossler, Mildred Crawford, June Crawford, Dorothy Wallace, Jean Dungey, Ruth Sander, Edna Mae White and Pauline Stevie.

On Business Trip—R. E. Mullany, representing the Transcontinental freight bureau, with headquarters in San Francisco, arrived here from the north this morning on the Oregonian and will attend to business matters here and in this vicinity today.

Fairway Big Goal In Leaving Rough

By JOHNNY FARRELL
(As Told to Arlie McGovern.)

If you are in the rough, get out for play for the fairway, not the green. Playing from deep rough calls for one of the most difficult shots in golf.

Poohishly enough, the majority of golfers consider with dismay the distance from the ball to the green, instead of concentrating upon the selection of the right club that will get him out safe.

The niblick, since it is the most

lofted club is the bag, alone should be used in getting out of the deep rough.

The most common fault in playing this shot is the attempt to lift the ball up instead of allowing the clubhead to do the work. Moreover, many golfers raise their heads too quickly.

In playing out of the rough, plenty of wrist action is necessary to carry the clubhead through the deep grass with enough momentum to get the ball on the fairway.

CUPP PURCHASES FURNITURE STOCK OF M. F. & H. CO.

(Continued from Page One)

The regular prices on all merchandise which will be featured in Mr. Cupp's sale, it was announced.

The Medford Furniture and Hardware company is one of this city's oldest business firms and southern Oregon people will welcome the announcement that this concern will remain in business here, centralizing their efforts on hardware and kindred lines. Additional stock has already been ordered to complete the present lines of merchandise which will be carried by this firm, according to word today from Elmer E. Wilson.

PUBLIC WORKS COIN TO IRRIGATION DISTS.

WASHINGTON, Aug. 30.—(P)—The public works administration today approved expenditure of \$13,415,000 from public works funds for construction work on 14 irrigation projects in Arizona, Idaho, Montana, Nevada, New Mexico, Oregon and Utah.

NRA VOLUNTEERS START CHECK-UP HERE TOMORROW

(Continued from Page One)

signed the consumer's pledge, and an effort will be made to align every consumer behind the buyer's code.

Labor Day Zero Hour
President Roosevelt has asked that every American sign the pledge cards and obtain a window sticker by Labor day, September 4, 1933. Local leaders are confident that citizens of Medford and Jackson county respond with one hundred per cent cooperation with the president's appeal.

"A majority of the employers here have signed the Blue Eagle code," said General B. E. Harder in charge of the local N. R. A. drive. "They have made sacrifices to re-employ workers, and they deserve the support of all loyal citizens who are anxious to see the N. R. A. program successful. We are asking local people to sign the pledge to support these business men. The importance of this phase of the campaign cannot be stressed too much. The success of the N. R. A. program rests ultimately on the consumer. I know that Medford people will respond with wholehearted support of the president's hope to have every home in this city flying a Blue Eagle by Labor day."

CHINESE COMMUNISTS ROUT PROVINCIAL ARMY

FOOCHOW, Fukien Province, China, Aug. 30.—(AP)—The Chinese communist army invading Fukien province today forced a further withdrawal of provincial troops toward Foochow and it was feared the eastward march of the red troops would be continued.

In the meantime American and Japanese warships steamed toward this city to protect the nationals of the two countries should danger become imminent.

WASHINGTON, Aug. 30.—(AP)—Intensified striving went today into the mass movement to re-employ jobless workers and create millions of new purchasing power under the sign of NRA's blue eagle.

Hugh S. Johnson, after being tied to his desk for days on end by critical problems of the industrial control movement, himself took the field to deliver at Boston a major address of this week's window campaign for plastering the country's store windows with the red, white and blue poster of cooperation.

"We can scarcely realize that perhaps 2,000,000 have been removed from the ranks of the unemployed and are again self-supporting citizens," was Johnson's estimate as he spurred on the door-to-door work of the volunteer army of a million and more men and women busy up and down the land explaining the NRA agreement and obtaining pledges of support.

Using the 2,000,000 figure, Johnson said it represented at least \$30,000,000 more in pay envelopes each week. But not until after Labor Day, with its objective of 6,000,000 new jobs will the NRA begin to assay whether its sweep netted enough re-employment and wage boosting to give the Roosevelt recovery program its desired momentum.
