H. B. Bentley of Ashland won the medal score in the qualifying round of the Southern Oregon golf tournament, which opened at the Medford club Friday, after one of the closest struggles in the history of the event. Bentley played a foursome with Hank Pringle, and throughout the 18 holes these two heavy hitters, burned up the fairways, neck and neck. The contest was not decided until the final green, when Bentley dropped a sweet par, to garner a total of 73. Pringle was just one stroke behind him with a 76.

Close up to these two leaders were Scott Hamilton, Grants Pass champion with a 77; Ed Simmons, Medford caddy, and local junior finish, with a 78; Sid Milligan of Eugene, member of a local C. C. C. camp, with another 78; Bob Hammond and Tom Emmens each with 79. It is predicted in golf club circles that the 1933 champion of southern Oregon will be picked from these seven men.

Others qualifying in the championship flight were Dr. Barkwell with an 82; Carl Bennett of Grants Pass and Marvin Clark with 83; Don Clark and F. C. Cone with 84; (Clark got an 84 with one 6 and one 12); Earl Tunny, former champ, and Dr. E. H. Durno with 85.

Over eighty players entered the championship and five flights will be played off, in addition to consolations for those in the championship and first and second flights. A survey of the medal scores show that some of the best players were either badly off their games or didn't want to be on. On the other hand two of the recognized dubs sprung a surprise. Rawles Moore and Bob Ruhl, who qualified together and both broke their former records. Ruhl came in with a 91 and Moore with a 96, former qualifying for the first

CLEVELAND NEGRO STEPS LIVELY 100

TORONTO, Sept. 2.—(AP)—Jesse Owens, Cleveland negro schoolboy, uncorked a dazzling turn of speed to win the invitation 100 yard dash at the Canadian National Exhibition track and field meet here today. Paired against the Canadian sprint champion, Harry Colman of Winnipeg, and Bill Christie of Toronto, Owens took command of the race in the first 25 yards despite a slow start and won easily with Christie taking second place by inches from Colman. The Clevelander was clocked in 9.7 seconds.

Earlier Owens had finished third to Ray Lauzon of Windsor and W. Cummins of Toronto in a handicap 100 yard sprint. He started from scratch while Lauzon was given five yards and Cummins eight.

Flight and the latter for the second, whereas in former years they have been merely also rans and poor ones at that. Some claim the transformation due to 32 beer, but the two players maintain it was merely the result of refusing to be mug hunters, and taking pains keeping their score cards.

VAN WIE RETAINS WOMEN'S TITLE BY BRILLIANT GOLF

EXMOOR COUNTRY CLUB, Highland Park, Ill., Sept. 2.—(AP)—A champion who wouldn't be beaten stepped up tonight to accept the ancient silver trophy, emblematic of the women's golf championship of the United States, for the second successive year. Virginia Van Wie was her name and she hugged the big cup on the portico of the old colonial club house of Exmoor, where she was one of the greatest orations ever rendered any champion by 3,000 spectators who had watched her come back over her last barrier to the title Helen Hicks of Hewlett, Long Island, New York.

Tired from her semi-final victory over Enid Wilson, England's three time champion, Virginia fell four down after the initial 14 holes of the final battle for the prized title and almost everyone, knowing her reputation for losing championship finals by wide margins, figured she was all through, washed up. But back she came with sub par golf that tied and then beat her long distance rival with ease as her Maguir putter turned defeat into victory.

GAR WOOD WINS THROTTLED DOWN

MARINE CITY, Mich., Sept. 2.—(AP)—A burst of speed somewhere above the 90-mile an hour mark gave Gar Wood in his Miss America X a lead in the first race of the 1933 Harmsworth aeries today that Hubert Scott-Paine, in silver-hued Miss Britain III, could not overcome, and the victorious American defender finished throttled down over the St. Clair river course.

The race was twice postponed by a choppy course. Originally it was scheduled for 3 p. m., Eastern Standard time, but the starters gun was not heard until three hours later, at 6 p. m.

Although the British challenger was badly beaten by Wood, who immediately after he had gained a comfortable lead, slowed down his giant motors, he picked up speed rapidly as the race proceeded, improving from an initial average of 66.039 statute miles an hour in the opening circuit of the seven-nautical-mile course to a high of 82.265 in his final lap. His average for the 35 nautical miles was 78.449 statute miles an hour. Wood's average was 82.468, his fastest being the first lap at 89.052, and his slowest, the fifth, at 71.124.

According to Joe Wharton of Grants Pass, bait fishing has been fairly good, many fish having been taken on spinners, but fly-fishing has been a little slow and confined to a brief period between sunset and dark.

WOLFE, KARASICK SIGN TO GRAPPLE

Announcement was made last evening by Promoter Mack Lillard of a surefire crowd-pleaser for next Thursday's wrestling show. Les Wolfe, who uses the airplane body scissor and the figure-four to remarkable advantage, has been signed to grapple Al Karasick, the roaring Russian lion in the main event, a one-hour match.

Ray Friable, Medford pride, will tangle with Herman Olson, the rough and tough lad who showed here some time ago.

In view of the fact that Wolfe and Karasick went to a draw here in a previous match, it is expected that Thursday's meeting will provide plenty of thrills for the cash customers.

Fishing Lines

Hints for Those Who Angle in Southern Oregon Waters

Anyone who knows anything about fishing can get his limit every day at Diamond lake was the word brought back Friday afternoon by Louis F. Kuehnle, who, with his family, has been spending the past two weeks there.

Rainbow trout, up to 4 1/2 pounds in weight, landed a sloop in his catch Thursday. The captain uses a mosquito, similar to a March Brown.

Fred K. Burnham, San Francisco sportsman, who spends much of his time in the southern Oregon territory, was on the Shafts Friday en route to his place on the Umpqua to fish.

George Paris, 12, who recently came to Medford from Oakland, and Eugene Thanco, 11, were fishing at Gold Ray dam Tuesday, when young Paris hooked a 25-pound salmon. The two boys struggled with it for some time, and unable to land it, called Pete Toskin, well known fisherman, who brought the big salmon ashore. They used a spinner to make the catch, they said.

On Wednesday, Frank Perl and Rev. William J. Howell fished at Three Pines, at the mouth of little Butte creek, but without success. Steelhead and trout seemed to successfully evade their hooks, they reported yesterday.

According to Joe Wharton of Grants Pass, bait fishing has been fairly good, many fish having been taken on spinners, but fly-fishing has been a little slow and confined to a brief period between sunset and dark.

DEMPSEY SIGNS TO FIGHT UNKNOWN

PORT SMITH, Ark., Sept. 2.—(AP)—Jack Dempsey, former world's heavyweight champion, has signed for a ten round bout here September 25 with Tommy Davenport of Little Rock. Promoter Jack Carroll of the American Legion Post here announced tonight.

Carroll said he received Dempsey's contract for the bout signed by the latter's representative, Frank Paccasai of Oklahoma City. Paccasai said the former champion would appear in 22 bouts during the fall and winter in a comeback campaign. The tour will open, Paccasai said, at Dodge City, Kan.

Davenport and Babe Hunt of Ponca City, Okla., fought a ten round draw at Little Rock Tuesday night.

LOS ANGELES, Sept. 2.—(AP)—Jack Dempsey, former world's heavyweight champion boxer, issued a flat denial tonight that he had signed for a ten round bout in Port Smith, Ark., with Tommy Davenport of Little Rock on September 25.

He said he had not been informed that his representative, Frank Paccasai of Oklahoma City, had sent to Jack Carroll, Port Smith's American Legion promoter, a contract to meet Davenport.

"It's just another one of those 'bum steers'," Dempsey said. "I may be in Port Smith but not on that date and I don't intend to fight anyone."

LEGION TITLE TO CHICAGO JUNIORS

NEW ORLEANS, Sept. 2.—(AP)—The Chicago American Legion Junior baseball team today won the national championship by trouncing the Trenton, N. J., team 7 to 6. Chicago won the first game of the series yesterday 14 to 3.

AIR ACE DENIES HE POKED HUEY

NEW YORK, Sept. 2.—(AP)—Alford J. "Al" Williams, famous aviator and former navy speed racer, set his plane down at Floyd Bennett field today and denied for the second time that he was the man of mystery who knocked down Senator Huey Long, of Louisiana, a week ago at the Sands Point Bath club, on Long Island.

Williams, who flew into town from Pittsburgh, was asked: "Did you hit Senator Long?" "Smiling, he replied: "Oh, no." "Then how did you get that?" "And the questioner pointed to a bruised fist, stained with iodine.

"Oh that, well, I jammed it in an elevator door." The famous pilot is now sharing attention with Police Chief Stephen Webber, of Port Washington, who—rumors have it—was the man who struck the Louisiana senator.

As he hurried to the airport office, Williams was told by a friend, reputedly a block broker: "Listen, Al, I'm not responsible for letting that out."

WIFE LOST LOVE, INSTEAD OF FILM STAR STEALING IT

LOS ANGELES, Sept. 2.—(AP)—The Claire Windsor-Albert Read Jr. romance, which budded on a speeding train under a Kansas moon and blossomed on the Atlantic and Pacific seaboard, may be all off now—as they both say—but Read plans to produce witnesses in behalf of the blonde actress in his former wife's "love theft" suit against her, he said today.

Before trial of the \$100,000 suit he resumed here next Wednesday, the former Oakland broker expects to bring his mother, Mrs. A. C. Read, Sr., and sister, Miss Grace Read, here from that city to take the stand for the defense.

Read probably will take the stand before the end of the week. The defense expects to show by him that Miss Windsor understood he was separated from Mrs. Marian Read and that they were getting a divorce when he made love to the stage and screen beauty.

Read would not say just what his mother and sister will testify. His only statement was: "My affections were alienated from my wife long before I met Claire."

Day before yesterday, Read said he did not love Miss Windsor any more. Yesterday, she insisted on the witness stand that it was all a "forgotten romance" which she put out of her mind months ago.

AUSTRIA WAR ON TURMOIL FORCES AIDED BY FRANCE

PARIS, Sept. 2.—(AP)—France, for the first time publicly, lent support to Austria's campaign against the Nazi party.

The French government, acting with Great Britain and Italy, today approved Chancellor Engelbert Dollfus' request for authorization to raise a special corps of 80,000 men for duty against "terrorist elements" within Austria on the German border.

Foreign Minister Joseph Paul-Boncour, commenting on France's action, said France agreed to the request "in view of the notably temporary and exceptional character of the corps envisaged and the fact it will be recruited by voluntary enlistment and not surpass the limits of men and equipment fixed by the Treaty of St. Germain."

Austria's military strength under the Treaty of St. Germain was limited to 30,000 men. However, Austria has not kept her army at full strength, the present total being about 22,000.

The Austrian and German governments have been at odds since Adolf Hitler became chancellor of Germany. The conflict widened after the Dollfus government outlawed Austrian Nazis.
