CUBAN RADICALS SNATCH REINS

Comment on the Day's News

By FRANK JENKINS.

IF YOU haven't already done so, you will be asked this week to sign up with the NRA.

HERE is some good advice: If you haven't signed up already, SIGN NOW.

TWO tropical storms are raging in the West Indies, and as these words are written the total of deaths stands at 16 and the toll of injured is past 300.

IF YOU read the newspapers, you don't need a calendar to tell when fall arrives.

HERE in happy Southern Oregon, the beginning of autumn means the coming of the pleasantest season of the year—cool nights, bright, bracing days and sunny skies.

UP in the Tillamook country, the most disastrous timber fire Oregon has seen since the coming of the white man is just being brought under control.

REMEMBER this: This terribly costly fire didn't just happen. It GOT STARTED somehow.

SOUTHERN Oregon, so far this year, has escaped disastrous forest fires. AGAIN we are fortunate.

THIS headline greets our eyes: "Kidnaper Faces Death on Gallows in Kansas."

THE total public debt of the United States on August 31 was \$23,098,614,910.

STILL, in August, 1919, 14 years ago, the public debt of the United States stood at \$26,596,701,548.
