

### Chamber's Banquet for Rural Neighbors Given Widespread Publicity

According to clippings being continually received at the chamber of commerce, Medford is today receiving a vast amount of publicity in magazines and newspapers throughout the country.

Yesterday the following letter was received by A. H. Banwell, manager of the chamber of commerce as a direct result of the story in the Christian Science Monitor: Brookfield, Calif. September 5, 1933. "Mr. A. H. Banwell, manager Medford Chamber of Commerce Medford, Oregon Dear Mr. Banwell: "You and I are strangers and may never meet but I wish to most sincerely commend you and congratulate the valley and city of Medford for the constructive work being done as mentioned in the Christian Science Monitor of August 23rd. I enclose clipping. "I have known Medford and the Rogue River valley since 1910. To harmonize the existing factors and their closely inter-related interests is of much more importance than to increase your population and wealth because from even a selfish standpoint one naturally follows the other. "I extend best wishes to you and your associates. "Cordially yours, "DRIGHT L. WOODRUFF."

The farmers picnic sponsored recently by the chamber of commerce was not designed as a publicity idea yet chamber of commerce officials stated today that valuable publicity resulted from it. The Christian Science Monitor in its issue of August 23rd ran a story regarding the picnic on the front page. The story follows: "To cement the ties of friendship already formed, and to foster a spirit of friendliness and cooperation between the country and the city dweller," as expressed by Mr. A. H. Banwell manager of the Medford chamber of commerce, was the motive behind the invitation of Medford merchants to the farmers of Jackson county to attend a farmers' picnic in the Medford city park. "That the spirit of the invitation was appreciated was evidenced by the response—farmers, their wives, and their children to the number of 2000 being on hand at the appointed time. And that the picnic was a success was attested by the expressions of sincere appreciation emanating from Grange leaders from all parts of the county, many of whom urged that this be made an annual event. That this was the greatest movement ever sponsored by the Medford chamber of commerce was the expressed opinion of one Grange master."

WASHINGTON, Sept. 8.—(AP)—The family reunion of Democratic and Republican Roosevelt which started in New York yesterday when Theodore Roosevelt, Jr., and Franklin D. Roosevelt, Jr., arrived from abroad in the same boat, continued today at the White House. Theodore, Jr., was a guest of his Democratic cousin. In Washington for the "mobilization of human needs" conference, he was one of those who sat on the speakers' stand in the White House grounds and was invited for luncheon. The President, he said, wanted to hear from him about some of the conditions he had found in a tour of 17 countries since he left the Philippines, where he was governor until last March.

### "NOT CONSTIPATED FOR SEVEN WEEKS"

Writes Mrs. Johnson After Using Kellogg's ALL-BRAN

Sufferers from constipation will be interested in this unsolicited letter: "Your ALL-BRAN surely relieves constipation. I am so glad over the good it has done me that I feel I must write and tell you of it. "For lunch I take a banana, a large one. Six tablespoons of ALL-BRAN in a sauce dish, and dip banana at each bite until all is consumed. I haven't been constipated now for seven weeks."—Mrs. Louise Johnson, 1433 Forest Street, Denver, Colorado.

Constipation often causes headaches, loss of appetite and energy, sleeplessness. This condition is usually due to lack of "bulk" to exercise the intestines, and vitamin B to further promote regular habits. Kellogg's ALL-BRAN has both, as well as iron for the blood.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Within the body, it forms a soft mass. Gently, it clears out the wastes.

Try ALL-BRAN in place of patent medicines—often harmful. Two tablespoons daily will overcome most types of constipation. Chronic cases, with each meal. If not relieved this way, see your doctor.

Use as a cereal, or in cooking. Recipes on the red-and-green package. Sold by all grocers. Made by Kellogg in Battle Creek.

### ROOSEVELTS HAVE FAMILY REUNION

WASHINGTON, Sept. 8.—(AP)—The family reunion of Democratic and Republican Roosevelt which started in New York yesterday when Theodore Roosevelt, Jr., and Franklin D. Roosevelt, Jr., arrived from abroad in the same boat, continued today at the White House.

Theodore, Jr., was a guest of his Democratic cousin. In Washington for the "mobilization of human needs" conference, he was one of those who sat on the speakers' stand in the White House grounds and was invited for luncheon.

The President, he said, wanted to hear from him about some of the conditions he had found in a tour of 17 countries since he left the Philippines, where he was governor until last March.

### PURE WILLAMETTE WILL BE TALKED

PORTLAND, Sept. 8.—(AP)—A further discussion of a sewage disposal system designed to rid the Willamette river of pollution will be held in Portland next Tuesday by mayors of Willamette valley cities.

The conference, called by Governor Julius L. Meier, will be for the purpose of continuing the study started June 1 when the mayors met here and pledged their support to a program that would clean up the stream.

Secretary of the Interior Ickes has agreed that the public works department could advance funds for preliminary engineering prior to the submission of applications for specific projects, according to a telegram received here from Senator McNary's Washington, D. C., office. The governor called the second conference last night on receipt of this information.

Medford Attorney—Porter J. Neff, Medford attorney made a business trip to Grants Pass Wednesday—Grants Pass Courier.

### SEELEY HALL IS GIVEN WRITE-UP ON SEATTLE JOB

The Seattle Times of September 4 published the following article about Seeley Hall, a local boy making good in the aviation business. His picture accompanies the article. Hall is a son of Mr. and Mrs. J. Court Hall of this city.

The article is as follows: "Seeley Hall," who has been connected with the Pacific Coast air route since single-engine open cockpit planes first began flying over it in 1916, has arrived in Seattle to become field manager here for United Air Lines. He succeeds Leslie G. (Les) Hubbard, who has taken up new duties as superintendent of operations for the Boeing Air Transport division of United.

"Even before the first air mail service was inaugurated along the Pacific Coast Seeley Hall was helping to lay out fields. He was on the first board of directors of the original company operating the Coast service. From 1916 to 1931, he had charge of the Medford field. He then was field manager at Burbank and San Diego before his transfer here.

"Mr. Hall recalls the days when air mail was all important, and when passengers were more or less of a novelty on the Pacific Coast route. He also recalls when more than 15 hours were required to fly the length of the airway. Today three-mile-a-minute 10-passenger cabin transports of United Air Lines fly from Seattle to San Diego in nine and one-half hours.

"Mr. Hall brought Mrs. Hall and their two sons north with him."

Prunes Undamaged PORTLAND, Sept. 8.—(AP)—Rains of the past few days apparently have done no material damage to the Oregon and Washington prune crop, according to reports received here by J. F. White, general manager of the North Pacific Prune Exchange from the two states.

### FARMERS ENJOY PERFECT SKIES AT STATE FAIR

SALEM, Sept. 8.—(AP)—Perfect autumn weather featured farmers' day at the state fair today, while interest in the horse races increased geometrically.

The parade of pured livestock before the grandstand was the main feature of today's schedule. The carefully preened animals passed in procession before the approving stands of "dirt farmers" and other admirers. With racing enthusiasts from Portland here yesterday to join the new adepts, \$11,000 was paid into the pari-mutuel windows. The largest gallery of the fair roared in excitement as two long shots nosed the favorites out at the line. Parmer's derby will be added to today's racing program.

The dope sheet was completely upset in two races yesterday, resulting in the payment of \$109 and \$156 in different events.

The upsets occurred in the fourth and sixth races. In the former all dope favored Dick Smith, Sandy Man or Watauga, none of which came into the first four places in the five-eighths mile run. Mober Bell, at 20 to 1 odds, owned by Z. Barnett and guided by H. Scourlock, came in first to pay the high price on the nose. Ruth's Babe, another dark horse, came in second, while Sig Margon placed third. Several tickets were out with these numbers as well as combinations.

Official attendance marks continued far above last year, with the total reaching 17,745 by Thursday night.

### CRASH IS FATAL FOR PORTLAND WOMAN

SALEM, Ore., Sept. 8.—(AP)—Mrs. Isabel Charbonneau of Portland died in a Salem hospital yesterday from injuries received in a hit-and-run accident north of here Saturday night.

There was no definite crash and it was thought the driver of the other car may not have known there was an accident.

### HOOVER'S SURPRISE SACRAMENTO FAIR

SACRAMENTO, Cal., Sept. 8.—(AP)—Because Mr. and Mrs. Herbert Hoover

acted on an impulse, 18 young future farmers boated here today of awards received from the only living ex-President of the United States. The awards, gold keys for excellence in vocational agriculture, were presented by the former President, after he and Mrs. Hoover arrived on a surprise visit to the California state fair here yesterday. Mrs. Hoover explained that, following their custom of informal trips here and there, she and Mr. Hoover had decided on an impulse to visit the state fair by automobile from their home in Palo Alto. The former President was given an ovation by 30,000 persons as he appeared briefly in the grandstand and later made the presentation of awards.

### EINSTEIN PLANS TO QUIT BELGIUM

BLANKENBERGHE, Belgium, Sept. 8.—(AP)—Prof. Albert Einstein has decided to leave Belgium because recently a number of prominent Nazis were at the nearby Coq-Sur-Mer, it was learned today.

The professor and his wife planned to get out of the country aboard the yacht of a friend. Their destination was said to be South America. Police placed a guard at his villa after hearing reports that a secret German Nazi organization had set a price of 20,000 marks (\$6,800) on his head.

Long Shot Recorded. WASHINGTON, Sept. 8.—(AP)—An

McReynolds Here—Ward McReynolds, examiner for operators' and chauffeurs' licenses, is in Medford today and tomorrow, conducting examinations at the city hall.

### FOR SALE COUNTRY ESTATE \$3.44

They'd Do A "Land Office" Business (if this happened to be true)

Of course, a Country Estate for \$3.44 is a perfectly ridiculous offer—but it's not so much MORE ridiculous than some "food bargain" offers we've seen made in other lines. NO firm can make a business of giving something for nothing—and REMAIN in business—and wise buyers KNOW IT. That's why careful spenders deal at the LIBERTY MARKET... here QUALITY meats are sold at the RIGHT prices—and every value is exactly as represented.
