FORD EIGHTS IN LEAD STOCK RACE

DETROIT, Mich.—All previous records for the famous Elgin national road race were shattered when a Ford V-8 won the Joseph Weindenhoff trophy race for stock cars of American manufacture in the 203-mile grind at Elgin, Ill., last Saturday. The race was conducted under the rules of the contest board of the American Automobile association and was sanctioned by that organization.

The winning Ford V-8, piloted by Fred Frame, Indianapolis speedway champion last year, lowered the mark set in 1920, in the last previous running of the race, by Ralph DePalma, famous race driver, in a high-powered racing car. Frame's average speed was 80.22 miles per hour. DePalma's record was 79.5 miles per hour. The Ford V-8 negotiated the 203-mile course in 2 hours, 32 minutes, 6.1 seconds.

Fifteen cars were entered, including Fords, Chevrolets, a Plymouth and a Dodge. Fords took the first seven places in the event. The Plymouth finished in eighth place. The other cars either were forced outt of the race by mechanical failures or were flagged when the race was declared finished.

Frame in the winning Ford V-8 took the lead in the first 8¼-mile lap and led every lap thereafter with the exception of the 12th, when he stopped at the pits 1 minute and 20 seconds for gasoline, oil and water. This was Frame's only stop in driving what race officials described as a perfect race around the picturesque but treacherous course of concrete, bituminous macadam and gravel, with its four perilous turns.

A Ford V-8 was entered and piloted by Frank Brisko, after completing the morning race over the 203-mile course for the Weidenhoff trophy at an average speed of 77.89 miles per hour, wah the lone stock car to finish the afternoon race over the same distance for the Elgin Watch company trophy.

The other four to finish were specially built racing cars. Eight of the 14 entrants in this race were forced out because of mechanical trouble before half the distance had been run. The Ford thus became the only car in either the stock car race or the free-for-all to complete the course twice on the day of the races.

The highly consistent performance of the Ford V-8 cars finishing in the stock car race is revealed by the records. The difference in elapsed time for the race between the first and seventh Fords to finish was only 6 minutes, 35.6 seconds and the difference in their average speeds for the course only 3.33 miles per hour. The results were:

Car	Driver	Elapsed Time Hours	Min.	Sec.	Miles Per Hour
1—Ford V-8.	Fred Frame	2	32	6.1	80.22
2—Ford V-8.	Lou Moore	2	33	20.8	79.57
3—Ford V-8.	Jack Petticord	2	36	5.0	78.17
