MONROE, CADENA SIGNED FOR ELK PICNIC RING GO

True to promise that there would be something out of the ordinary in the line of leather pluing for members of the Elks' club and their friends at the big picnic set party Thursday at the lodge's grounds on Rogue river; Promoter Mack Lillard announced today a main event of six rounds between Frankie Monroe, Klamath Falls, and Ad Cadena, Los Angeles Mexican flash.
These sterling lightweights should give local fans one of the greatest exhibitions of cleverness and hand so-called seen here in many a day. Lillard has been angling to get Cadena into a southern Oregon ring for months, and has held Monroe over in Klamath Falls, following his battle there with Ah Wing Lee, the Portland sensation.
In addition to the bang-up main event, a welterweight semi-windy, also of six rounds, between Billy Hurkin of Bend and Jack Fellows, Klamath Falls, should prove worth watching. Both these boys are heavy sluggers and only have to land once "on the button" to leave an opponent in a dreamland.
A preliminary four-round affair will pit Bud Rudy, Klamath Falls Filipino, and Handy Oris, another Klamath lad of fighting ability.
The ring events at the Elks' picnic will be preceded by a sports program and hand concert starting at 4 p. m. a free barbecue feed with free beer scheduled for 6:30 and followed by a big bonfire and "beer fight" to take up the time until the start of the boxing program.
The Elks' stag picnic this spring was attended by several hundred members of the lodge and their friends and the affair proved so successful that it was decided by Exalted Ruler Joe Figgel and his officers to repeat the affair before winter's advent made open air gatherings impossible.

CLINGMAN PINNED BY CANADIAN STAR

PORTLAND, Ore., Sept. 12.—(AP)—Herb Parks, Canadian middleweight star, outwrestled Ota Clingman, the clever little middle from Oklahoma City, in the main event of Herb Owens' weekly wrestling show at the Labor temple here last night, and took two of the three falls.
Parks, from Vancouver, B. C. took the first fall after 10 minutes of clever grappling, with a flying scissor, and gained the third when Clingman was counted out after being thrown from the ring. Clingman had previously taken the second in eight minutes with his flying knee arm scissors.
Bulldog Jackson, the tough man from Klamath Falls, saw his bout with Dorry Detton, Salt Lake City middleweight called no contest after each had gained a fall. Jackson slammed Referee Elliott, but in the ensuing melee was tossed out of the ring and then battered by spectators until police intervened and stopped the action and the match.
Thor Jensen, Elktion 160-pounder, defeated Jack Mitchell, Longview, two of three falls in the opening bout.

APPEAL OF SLAYER'S CASE TO BE ARGUED

SALSM, Sept. 12.—(AP)—Arguments of attorneys in the case of Theodore Jordan, negro, who is under death sentence for the slaying of a Southern Pacific Pullman conductor at Klamath Falls, are scheduled to be heard this week by the state supreme court.
Jordan appealed his first degree murder conviction from the Klamath county circuit court. He has remained in the state penitentiary here pending outcome of the appeal.

ROSS BRAVES RING TRADITION TO GIVE CANZONERI CHANCE

By HERBERT W. BARKER, Associated Press Sports Writer.
NEW YORK, Sept. 12.—(AP)—Barney Ross' 49th professional fight won him the lightweight championship. His 50th takes him into the ring at the Polo Grounds tonight for a 15-round defense of the crown against the veteran he dethroned, Tony Canzoneri of New York.
Ross thus disregards all the traditions of the game not only by putting his title in jeopardy so soon, but by giving Canzoneri the first whack at it. It's an old pugilistic custom for champions to risk their titles only when pushed to it and then only against the "safest" foe that can be located.
But though Ross will be traveling the 15-round route for the first time and will be meeting Canzoneri in the town where Tony has been a fist idol for a half dozen years, the 22-year-old Chicagoan has shown no lack of confidence in the outcome. He thinks he will whip Canzoneri more decisively tonight than he did in Chicago a couple of months ago at 10 rounds. That was a close battle and Canzoneri still thinks he should have been given the decision.
A crowd of at least 30,000, contributing receipts totaling fully \$100,000 seems assured even through the most conservative calculations.
The betting odds remained just where they have been for several weeks—9 to 10 against, and take your choice.
The main bout is scheduled for about 9 p. m. (E. S. T.) There will be no broadcast.

EDUCATION BOARD DEMANDS REPORT OSC MANAGEMENT

(Continued from Page One)

head of the information service. In his new position he will serve as administrative assistant to State Chancellor of Higher Education W. J. Kerr.

Mrs. Schwering Retained.
Another bit of friction was apparent when a delegation of the University of Oregon mothers appeared to protest a rumored dismissal of Mrs. Hazel Schwering, dean of women at the university. A resolution, suggested by Sammons, was adopted to the effect that Mrs. Schwering would be retained for another year.

At the request of Chancellor Kerr the board voted an additional \$600 in funds for use by the chancellor in strengthening the work of the dean of women's office.

All of the members were present for the meeting except C. L. Starr, president of the board, who was ill. Because of the heated discussions with which the meeting was opened, the board found it necessary to continue its deliberations in a night session.

Kerr Accused.
In his discussion of the audit of the building department at the state college, Sammons said that Chancellor Kerr had received a copy of the report, had conducted a trial of E. B. Jackson, superintendent of buildings, had meted out punishment, and had then pronounced the incident closed without bringing it to the attention of the board. Sammons, pointing out that seven months had elapsed since the report was filed, declared that those held responsible by the public for the conduct of the affairs of the institutions were still denied access to the records.

In response to Sammons' declaration, B. F. Irvine of Portland, board member, exclaimed:
"While we have attempted all day to keep the chancellor on the spot, your statement to this board tonight is intended for the purpose of further embarrassing him."
"Because I want business methods put into effect and this board fully informed," Sammons replied, "I'm to be taken to task by Mr. Irvine. I'm going to dig into these records some more—I want to know what's going on. If we can't handle things in a business-like way, then it is time for some of us to get off the board and start our anping from the outside where it will do some good."

GOODRICH STAFF PROMOTES MOTOR SAFETY CAMPAIGN

The designation of September as National Automobile Accident Prevention Month and numerous proclamations from state and national officials follows the aggressive safety campaign launched two years ago by Goodrich Tire and Rubber Co. Realizing the need for reducing the gigantic loss of property and lives from reckless driving, the Goodrich Silverton Safety league was formed with free memberships for those who would pledge themselves to observe the simple rules of motor safety. The basis for these rules was secured from the experience gained in the nation-wide Silver Fleet tour two years ago when Goodrich officials interviewed traffic and police officers in hundreds of cities throughout the United States.

The engineering department of the great Goodrich organization dedicated itself to the task of perfecting a tire that would meet the exacting requirements for safe driving under the present day road and speed conditions. In the spring of 1932, the Goodrich officials introduced the new Safety Silverton with an entirely new tread, designed to prevent skidding and provide increased road traction, and protected from heat destruction with the now-famous "Gold-an-Ply."

In commenting upon this new Safety Silverton, W. L. Lewis of Lewis Super Service station made this statement: "Exhaustive research determined that one of the greatest causes of blowouts is the heat generated in a tire from high or sustained speeds. Rubber is a poor conductor of heat and cannot readily dissipate this excessive heat. Actual performance proved the point of greatest heat to be where tread and carcass join. Ordinary rubber compounds break down at this point, eventually resulting in a blowout."
In speaking of the Goodrich Life Saver "Golden Ply," Mr. Lewis said: "The Golden Ply in the new Goodrich Safety Silverton is the greatest heat resisting compound known and is placed in the tire at the joining place of carcass and tread to resist the destructive action of heat. Tests on race tracks, with tires subjected to high speeds, show that Goodrich Safety Silvertons do not blowout under the most grueling tests and last three times longer than ordinary tires without the protection from heat destruction of the "Life Saver Golden Ply."
"On August 6th and 7th," continued Mr. Lewis, "Ab Jenkins and his Pierce Arrow '12" on the great Salt Lake desert shattered 56 speed and endurance records on Silvertons with the Golden Ply. Almost 3,000 miles in 24 hours was covered by Jenkins. An average speed of 117.8 miles per hour was made, greater than Lon Meyer's record on the Indianapolis speedway this year. Goodrich safety Silvertons stood this terrific road punishment and sustained speed."
