

Wreck of County Budget Due to Turmoil

DETAILED EXPENSE ACCOUNT IS GIVEN BY COUNTY COURT

To the People of Jackson County: In justice to the members of the county court and the taxpayers of Jackson county, we are publishing herewith a statement of the condition of the general fund of the county budget as of July 31, 1933, which was just prior to Governor Meier's appointment of Earl B. Day as county judge.

The total amount in the general fund of the budget for 1933 was \$1,034,707. During the seven months ending July 1, 1933, there was expended \$1,004,443.30. With the exception of \$5,508.40, a sum equal to the entire budget for the 12 months has been expended during the seven months preceding July 31, 1933.

Under the most drastic policy of economy that is possible it will necessitate an average monthly expenditure of around \$15,000 per month exclusive of roads in order that the county government can function for the remaining five months of the year.

The net result of this situation will be a very large deficit at the end of the fiscal year 1933. Interpreted in terms of taxes, it means that it will take several years of increased tax levy to pay the deficit.

Although the budget estimate was inadequate in some instances to meet the obligations that were mandatory, the main part of this deficit with which we are confronted was caused by the conditions that prevailed during the early part of the year and of which the public is fully aware. This statement is not made with the intention of bringing up unpleasant memories, but to present the facts concerning the prevailing deficit which every taxpayer should know clearly at this time.

Signed: EARL B. DAY, County Judge. RALPH BILLINGS, R. E. NEALON, Commissioners.

FAMILY MOVES IN TOY WAGON

NAMPA, Idaho—(UP)—F. W. Lowe, modern hand cart pioneer, and his family of eight, settled down in Nampa today on a farm to which they had trekked from Kansas City, Mo.

Lowe arrived here with his family and household goods, after walking the entire distance, pulling a small toy wagon. His wife carried the youngest of six children, being relieved now and then by one of her daughters.

The father said he had tried unsuccessfully for five years to operate a farm in Kansas and decided to move to Idaho. Without money, excepting what little he obtained from sale of their furniture, Lowe and his family started westward.

Farmers here obtained a small plot of land on which Lowe hoped to make a new start. He was given food and clothing by neighbors and today was apparently happy in his new surroundings.

BANDIT AND WIFE QUARREL; BOTH IN JAIL HOUSE NOW

SAN FRANCISCO, Sept. 15.—(AP)—Arrested on the complaint of his wife that he had threatened her life, James Lawson was in jail here today, described by police as a member of the notorious Bailey gang of Kansas bank robbers and machine gun bandits.

Inspectors Fred Butts and Cornelius Desmond said Lawson had confessed to three middle western robberies in which the loot had totaled \$185,300.

Among the crimes police said Lawson admitted having a part in were: The daylight robbery of the Hutchinson Gas company at Hutchinson, Kans., 10 months ago, in which \$10,000 was taken; robbery of the Union Gas company, Coffeyville, Kans., in which \$2,600 was obtained, and burglary of \$170,000 in securities and \$2,300 in currency from a Joplin, Mo., automobile agency.

Police said Lawson confessed he was a member of the Bailey gang of alleged bank robbers and machine gun bandits. He has served terms, the officers said, in Kansas and Oklahoma state prisons and Leavenworth penitentiary.

Arrested with Lawson was his wife, Mildred, who earlier in the day had sworn to a municipal court warrant charging him with threatening her life.

Lawson was quoted as declaring: "So she's squealed! All right, boys, I give up. Sure, I'm Lawson. You'll send me up the river for life, but my wife's going with me."

Inspectors Fred Butts and Cornelius Desmond said Lawson declared his wife drove the automobile in which he made a getaway after the Union Gas company holdup at Coffeyville. Lawson declared, officers said, that his accomplices in the holdup were Glenn Roy Wright and Henry Campbell.

Myron T. Herrick, former governor of Ohio and ambassador to France, once earned money between school terms by selling vinegar.

SHOES NEEDED TO PERMIT CHILDREN ATTEND SCHOOLS

School bells will soon be ringing and winter days are not many months ahead. Which means a lot of feet are going to have to go into shoes. What shoes? . . . That's the question the managers of the Welfare Exchange is asking and they want it answered soon. An appeal for shoes and other clothing to supply the shop, which opens tomorrow on the third floor of the city hall, was issued yesterday by Miss Helen Carlton, chairman of the exchange, which was so successfully operated last winter and spring.

Shoes and other clothing for children and for men are needed above everything else this week. There are many children who must have shoes for the opening of school, and they can't afford to pay the price of new ones. Many men with families will also have to have new shoes if they continue with the little work forthcoming this season.

The opportunity to work for supplies, extended by the Welfare Exchange last year, proved a very satisfactory one and many people well-
