

SCHOOLS OF CITY IN READINESS FOR MONDAY OPENING

(Continued from page One)

First semester in January may enter school by taking a test and showing a mental development of 6 1/2 years.

The following elementary schools of the city house grades one to six: The Roosevelt, Lincoln, Jackson and Washington. The Roosevelt school serves all territory east of the center line of the Pacific highway.

Two more All. The Junior High school serves the entire city for grades seven, eight, and nine, and the Senior High school likewise, for grades ten, eleven and twelve.

All pupils are expected to report to their own respective schools for the opening day. Following registration, where it can be shown that individual parents and pupils will be better accommodated by attending another school, a request for transfer may be filed with the school superintendent, but until a transfer can be effected, a pupil must attend the school to which he is assigned.

Course Near Normal. With the exception of the elimination of physical education in grades 4 to 12, very little has been cut out of the course of study.

For the ninth grade at the junior high school and for all grades at the senior high school, where pupils are required to furnish their own texts, the exchanges will be open as usual, and second hand books may be bought and sold.

MOTHER FORGES CHILD TO DRINK POISON DRAUGHT

ASTORIA, Ore., Sept. 15.—(AP)—What police described as the attempt of a mother to take her own life and those of her two children was at least partly frustrated today when her 8-year-old son refused to drink the poison that had already been poured down the throat of his 3-year-old sister.

Mrs. Edith May Coffin, 32, of Seaside, about 20 miles south of here, poured the poison down the throat of her daughter, Edith May, the officers said, then swallowed some of the poison herself after her son, Melvin John, had refused to drink it, and had escaped to spread the alarm to neighbors.

The baby girl was found moaning and practically unconscious, and the mother was lying in a coma from which she had not been aroused late today. Attendants at the hospital here, where the two were brought, said the girl had but a faint chance to recover.

Mrs. Coffin, the officers stated, had been separated from her husband, Galen Coffin, 36, about two weeks. State police, who investigated, reported they found notes written by Mrs. Coffin in which she indicated her intention to take her life and those of her children. The notes were addressed to her husband, to her sister, Mrs. W. Ray of Sussex, Eng. and to Mr. and Mrs. Sider, Vancouver, Wash.

The note addressed to Coffin, the officers said, bore the declaration that while he had promised to support her and the children, what they wanted was "love and affection."

RURAL SCHOOLS WELL ATTENDED

Preliminary reports filed with the county superintendent's office show that the school attendance in the rural districts is on a par with last year, and may exceed the 1932 mark. Accurate figures will not be available until the end of the month.

According to Superintendent C. R. Bowman this may indicate a return to the soil, in a small degree. Some of the country schools have an increase in attendance.

Many families, with children in country schools departed during the spring and summer, from some districts.
