

CLEAR SIDEWALKS OF LOW LIMBS IS WARNING BY CITY

The city building department is carrying on an extensive survey this week to locate all sidewalks in need of repair and sections where overhanging limbs or other projections are constituting hazards. City Superintendent Fred Scheffel stated today. Many complaints have come into the city regarding several sections, and notices have been issued to a number of property owners, but no action has been taken to remedy the existing dangers, Mr. Scheffel added. If the people in the cases reported do not fix the sidewalks themselves, he explained, the city will have to make the repairs and charge the expense of the same to the property owners. This will be done unless the property owners give the matter immediate attention, Mr. Scheffel stated. For the winter is coming on, when all sidewalk hazards become more dangerous.

DETAILS OF WHITE AUTO CRASH GIVEN

The Chico, Calif., Enterprise gives the following account of an auto accident near that city involving C. A. White of this city: "C. A. White, a jeweler of Medford, Ore., and Miss Lorraine Rector of Redding were brought to the Emile hospital last evening for treatment of injuries received when the automobile in which they were driving to Chico from Chester struck a tree on a sharp turn in the Humboldt road near Forest ranch. White, with a bad scalp wound and a cut over his right eye drove a damaged machine within three miles of Chico and fainted. "Miss Rector then started in with the machine and had gone only a short distance when the motor failed. "Miss Rector received only minor bruises and slight shock. "White remained in the hospital until 10 o'clock last night when he left."

BANWELL LOANED TO YREKA C. OF C.

A. H. Banwell, manager of the Medford chamber of commerce, will be loaned to the Yreka chamber of commerce for a short period this fall, it was announced today, through arrangements of the Medford board of directors and the Yreka board. He will put on a financial campaign and outline a program of work in the northern California city, for which he will be leaving soon. Yreka has a paid chamber of commerce secretary, but has asked the help of Mr. Banwell in accomplishing this special need, and the loan has been arranged in the spirit of co-operation, now being advanced by the chambers of commerce throughout the mid-Pacific empire for the progress of all concerned.

CONSTANCE BENNETT IN 'OUR BETTERS'

There is a right way to do everything—even the wrong thing! With only a few exceptions, everyone in Constance Bennett's picture, "Our Betters," showing at the Studio theater, is bustly engaged in doing the wrong thing in such a gay and charming manner that it all seems quite right!

Lovely Autumn Party Given by B. P. W. Club.

Greeting the many teachers, who have returned to Medford for the opening of school, and a number of other guests, the Business and Professional Women's Club entertained last evening in the club rooms in the city hall with one of the most pleasant parties of the season.

A large attendance responded to the invitation to "open house" and an interesting program was presented, after which refreshments were served by Miss Gladys Whitson, chairman, assisted by Miss Mildred Othas and Mrs. Maude Chapman.

Miss Helen Carlton, chairman of the Welfare Exchange, explained the work of that relief project and emphasized the amount of good to be accomplished with the co-operation of all women of the city. Following her talk, the club members were urged to bring whatever surplus clothing they have to the city hall as soon as possible, in order to aid many needy people in preparing for the winter.

Mrs. F. E. Nichols entertained with a group of solos, accompanied at the piano by Mrs. Cecil Coss Juniper. Mrs. Clarice Spuhn, club president, welcomed the guests to the meeting, and announced that a number of club members from this city would be attending the convention in Klamath Falls this week-end. She asked that anyone wishing transportation call Mrs. Maude Chapman at 123.

Greater Medford Club Anticipates Changes

At a meeting of the Greater Medford club, held in the city hall Monday, plans were considered involving some important changes in the organization expected to lead to a larger membership and a more successful future. Mrs. G. R. Satchwell, president, announced today. The next meeting of the club will be held the first Monday in October, when it is hoped that all members will then be returned from summer vacations. The meeting Monday was not very largely attended so election of officers was postponed. Other matters to be determined by a vote of the members were also postponed, awaiting a larger attendance.

New rugs for the club rooms will be purchased by the Greater Medford club, it was announced after the meeting, and other improvements will be made to add to the attractiveness and comfort of the gathering place, which is expected to be a mighty busy spot in town this winter.

A good program has been prepared for the next meeting of the club, and every woman in the city, interested in the advancement of Medford, is urged to attend and to cooperate with the club in accomplishing many of this city's needs, Mrs. Satchwell stated today.

Carkins Celebrate Fifty-First Wedding.

Fifty-one years ago today, Mr. and Mrs. E. W. L. Carkins of 1334 Reddy avenue, were married. Tonight they will celebrate the anniversary with a dinner party at their home, to which a number of their relatives have been invited.

WIDENING OF MAIN AND RIVERSIDE TO BE STARTED SOON

(Continued from Page One)

gram, outlined by the highway commission engineer, will be widened from the present width of 40 feet to 48 from Fourth street to Ninth street. The highway is already 36 feet wide from Ninth to Twelfth and that section will remain as it is. The distance from Twelfth to the intersection of Central avenue, now but 20 feet wide, will be increased to 36, to comply with the section from Ninth to Twelfth.

The state has \$20,000 in federal funds to spend on the widening of Riverside. The improvement will make an almost straight strip in the Pacific highway from Fourth street clear through the city. Bids on the work will be called for about January 18. Mayor E. M. Wilson was informed by the highway engineer today.

In making the improvement the state highway commission is asking the city of Medford to acquire the right-of-way for widening, which will necessitate the setting back of several buildings.

Engineer Carter will confer with Mr. Scheffel here tomorrow regarding further steps in the highway improvement. The money to be spent here, it is understood, is a portion of that amount, which Portland has been demanding for expenditure there.

SILVER SCREEN REVIEW

By Mary Greiner Kelly.

Yes, it's open season on mother-in-laws. And how the audience at the Rialto yesterday applauded daughter-in-law Irene Dunne's effectively dramatic method of slaying "The Silver Cord" that bound her husband to his gushingly devouring mate! While the sympathy is necessarily with Irene (grand actress that she is) Dunne, the show is really Laura Hope Crews'. As the possessive mother, she virtually dominates every scene. Her acting has such an impelling sweep, such an overwhelming intensity and such almost irritating consistency that it is difficult to remember any other character once you have left the theater.

However, you will recall the dumb futility in the eyes and voices of the repressed sons, Joel McCrea and Eric Linden. You will kindle a bit of appreciative warmth over the poignant exit of Frances Dee, who with a trace of bitter humor declares to the mother of her former fiance that she is going to marry an orphan. You'll chalk up another flawless performance for that always utterly satisfying actress, Irene Dunne. And then you'll want to lay off mother-in-laws—at least until you have another attack of indignation.

Katy Increases August Traffic By Advertising

NEW YORK, Sept. 20.—(AP)—M. H. Cahill, chairman of the board and president of the Missouri-Kansas-Texas railroad, said today that an aggressive newspaper advertising campaign figured prominently in traffic increases in August and during the first half of September.

"New business attracted to the lines as a result of our advertising, plus the improvement in the business situation and the success of our employee solicitation movement, encourages the hope that Katy will again be able to earn its fixed charges, despite the fact that during the first six months of the year our revenue, due to general conditions, was 12 per cent less than for the first half of the preceding year," he said.

ville) assembly district of Manhattan, where Farley has ruled a score of years. A beer garden was wrecked by strongarm men who ripped out the bar, smashed furniture and broke mirrors. The proprietor said the hoodlums shouted at him: "So you will vote for McCarron, eh?"

Thugs Attack McCarronites. McCarron, who had campaigned vigorously for Farley's job, called for additional police, charging that thugs had been sent into the district to attack his supporters.

Several hours after the destruction of the beer garden, Teddy Logan, proprietor of the garden, appeared at the headquarters of Farley. What happened is not quite clear. A telephone was yanked out and hurled through the glass protecting a large oil painting of Farley. When police arrived Logan's shirt had been ripped to shreds, his face was puffed and he was splattered with blood.

G. O. P. Unseats Koenig. The Republican voting was without contest except for the fight of Samuel S. Koenig to retain his chairmanship of the New York county Republican committee against Chase Mellen, Jr. Incomplete returns early today indicated that Koenig's 22-year leadership of the party had been broken. Among district committeemen on the Koenig slate who were defeated was Dr. Nicholas Murray Butler, president of Columbia university.

As a result of yesterday's vote verdict, Tammany will go into the November 7 election backing Mayor O'Brien against a fusion ticket headed by Fiorello H. LaGuardia, Republican, whose nomination yesterday, along with that of a slate having fusion committee approval, was a quiet formality.

IT TAKES HEALTHY NERVES TO BE A SHARPSHOOTER

THREE TIMES HIGH MAN on the U. S. International Dewar .22-calibre rifle team, and former U. S. small bore champion, Virgil Richard is professional shooter for Remington Arms Co., Inc. He always has to be a brilliant marksman—regardless of sun, wind, or rain. There is no question about his knowing the secret of healthy nerves!

DURING THE DAY'S SHOOTING, and later around the evening fire, Camels add to the pleasure of your outing. As Virgil Richard says, "Camels are a much milder cigarette and they never interfere with my nervous control, no matter how much I smoke."

A MATCHLESS BLEND

IT IS MORE FUN TO KNOW
Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Steady Smokers turn to Camels

VIRGIL RICHARD, indissensing smoking and shooting, says: "People often ask me if a professional sharpshooter can smoke as much as he wants. I've been enjoying cigarettes for years, without difficulty in keeping my nerves in shape for making record scores in tournament shooting events. That's because I have long been a Camel smoker. I have experimented with all the popular brands, and I find Camels are better for steady smoking. They're a much milder cigarette, and they never interfere with my nervous control, no matter how much I smoke."

Switch to Camels. You'll like the remarkable mildness... the fine, rich flavor of Camel's costlier tobaccos. You'll have satisfying proof that Camels do not interfere with healthy nerves.
