

# MEDFORD TAKING DEFINITE SHARE IN NRA PROGRAM

## Chairman Harder Says Business Men Here Living Up to Principles in Order to Speed Economic Health

The following statement regarding the work of the N. R. A. program in Medford and Jackson county was issued by E. H. Harder, chairman of the executive committee in charge here:

"Medford and Jackson county are doing their part in the N. R. A. program in living up to the principles of the N. R. A.—a plan which is designed to put five million back on the payroll in a short time. When five million men are back on payrolls, 20,000,000 people (assuming four to each wage earner's family) will suddenly be placed in position to buy the normal necessities of life. That means that the total back on the payroll of the nation will, upon the complete acceptance of this plan, be lifted by from 10 to 20 percent.

### Has Definite Share

"Medford has a definite share in this increased prosperity to the extent that it participates in the plan, so there is a responsibility on every citizen here to cooperate to the utmost to make this gigantic national idea a complete success. Every employer and every consumer has a definite responsibility to assume.

"Under the N. R. A. the employer has a definite responsibility as the plan calls for every employer to shorten hours of labor so as to make room for more employees.

"Each industry will before long adopt its own code which will fix the increased labor obligations to be assumed by all firms associated with that particular industry. Until that time employers are expected to live up to the terms of the president's Resumption Agreement, sometimes referred to as the Blanket Code, and meet the hours and wages established in that agreement.

### Cooperation Needed

"The success of the N. R. A. therefore calls for the full cooperation of every employer, and it is to the employer's self-interest to do this because with more people working, with bigger payrolls, an increased market will be opened up for his goods. Every dollar spent for necessities will return many fold as business flows from a consuming public, once more able to buy to supply its unmet needs.

### Consumer Has Part

"The responsibility upon the consumer should also be met in order that the N. R. A. can be an unqualified success. Every individual, man and woman, who buys anything owes it to himself and his community and to the nation, to buy only from those employers who have taken the increased burden of increasing payrolls to bring back prosperity.

"This is to the self-interest of the consumer because no citizen can fail to share in this added prosperity. It will reflect itself in increased values for everything he owns. It will make his present position more secure by reversing the process of deflation. So every consumer should sign the consumer's pledge, which commits him to do his part in this great national economic experiment.

"The duty of every citizen of Medford and Jackson county is therefore plain. The president has said:

"On the basis of this simple principle of everybody doing things together, we are starting out on this nation-wide attack on unemployment. It will succeed if our people understand it—in the big industries, in the little shops, in the great cities and in the small villages. There is nothing complicated about it and there is nothing particularly new in the principle. It goes back to the basic idea of society and of the nation itself that people acting in a group can accomplish things which no individual acting alone could even hope to bring about."

### Medford Doing Part

"Medford is doing its part in this great plan. It has never failed when the nation called and it will not fail now. The big majority of consumers have signed the consumer's pledge but at the time the house-to-house canvass was made, many were away from their homes. These persons are asked to sign a card at the chamber of commerce immediately so that a final report can be given to the N. R. A. that Medford has gone over 100 percent."

# HUMANE FUND IS AIDED BY SALE

Crowds were shopping today at the Jackson County Humane Society candlelight sale, and merchandise, arranged for tomorrow's offering, was drafted into today's sales to supply the demand. Officers of the society reported this afternoon.

At the same time new supplies were brought to the shop on West Main street so many new offerings will be available when the sale opens for its second day tomorrow. Among them are two tunics with dress shirts suitable for high school boys and young collegiate girls' shoes with ice skates and a number of party frocks.

# VETERANS MOVE TOWARD CHICAGO

CHICAGO, Sept. 29.—(AP)—By airplane, boat, train and blimp Legionnaires are arriving in Chicago from every corner of the nation and some of its territories to attend their national convention next week.

Registration headquarters predicted an attendance of almost 300,000 by Sunday. Sessions begin Monday. An early arrival was A. B. Hicks, 54, of Alaska, who said he traveled by boat from Alaska to Havana, Cuba, by way of the Panama canal. Then he flew by airplane to Miami, Fla., and finished the trip by train.

**Bobbed Hair at 91.**  
SACRAMENTO, Cal.—(UP)—It took Mrs. Anne Dutton, Yolo county pioneer, a long time to make up her mind, but she did. On her 91st birthday she greeted her 83-year-old husband with smiles—and her first bobbed hair.

# MANN'S OBSERVE ANNIVERSARY BY SALE TOMORROW

Retaining its reputation as one of the leading department stores in southern Oregon throughout good times and the recent depression, Mann's will show their appreciation for the patronage of thousands of Rogue River valley customers by offering exceptional values during the twenty-third anniversary sale which begins tomorrow morning.

Twenty-three years ago John C. Mann established this now well-known store in Medford. Even at that time he had visions of a large departmentalized institution which would be a real credit to the com-

munity. Today Mann's Department store enjoys an ever-increasing business by maintaining the standard of high quality merchandise, expert and courteous service, along with the important fair price range, which, John Mann has always believed, go hand in hand.

Prominent in civic and business activities, Mr. Mann is considered to be one of Medford's most progressive citizens, working always for the best interests of the city.

Associated with Mann's for many years in the capacity of store manager is John Moffatt. Dan Watson, experienced clothier, is in charge of the men's department. Harry Hinman is responsible for the artistic window displays at Mann's as well as the attractive newspaper advertisements, and the accounting department is supervised by W. B. Johnston.

As usual, a large, efficient staff of employees will be ready to serve visitors at Mann's Saturday where outstanding bargains will be available in all departments.

# TURKEY DEMAND HOLDING STRONG; BUTTER STEADY

PORTLAND, Ore., Sept. 29.—(AP)—Everywhere in the country there is an increasing and much better than without price changes. Sales within the immediate territory appeared heavier as a result of the low prices.

While there appeared steadiness in all offerings of fresh eggs, top grade was strong as a result of continued demand from the Atlantic seaboard trade.

While springers and broilers were scarce and firmly priced in the live chicken trade, other fowls were inclined to show more or less dullness, although prices were unchanged.
