ALENDERFER, WAHL AND ALFORD PUT ON BUDGET BOARD

The county court has named George Alford of Fern Valley, former county commissioner, O. O. Alenderfer, Medford business man, and Fred E. Wahl, cashier of the Farmers and Fruitgrowers' bank of this city, as members of the budget committee. The first meeting of the budget committee will be held next Tuesday.

The agricultural and horticultural interests will be well represented on the board. All the three members of the county court—County Judge Day and Commissioners Nealon and Billings, are farmers. Alenderfer is part owner of the Hollywood orchards, and Alford is a farmer and apricot grower.

All three appointive members of the budget committee have agreed to serve.

Alford for many years was a county commissioner, and has a thorough knowledge of county affairs. Alenderfer is a former member of the Medford city council and was mayor for a term. Wahl has been connected with the Farmers and Fruitgrowers bank for several years.

All the members of the county court are practical and successful farmers. County Judge Day represented this county in the legislature for two terms.

Problems of county finance and relief confront the budgetmakers for the coming year, beside the allotment of expenditures for routine county government affairs.

An effort will be made to reduce the levy below that of last year, and at the same time to absorb the heavy expenditures entailed by the unauthorized county commissary, and turmoil trials. The county could have kept within the budget appropriations, but for these outlays, which could not be anticipated.

The relief program will be based exclusively upon the policy of furnishing aid and work to the worthy poor, of established residence and known stability. Federal road and funds are expected to alleviate the condition somewhat, plus expected action by the state legislature, in special session. Action looking towards a method of collecting delinquent taxes, is expected to be promulgated by the legislature.

County Judge Day has been busy the past two weeks gathering data and legal opinions for budget-making. County offices have about completed their estimates of expenses for the coming year, and they will be filed with the budget committee next week.

SCHEDULE EXAMS CRATER LAKE JOBS

Announcement was received last night from the civil service commission, announcing open competitive examinations for three positions in Crater Lake National park.

They were listed as foreman spotter (insect control) $5.20 a day; spotter (insect control) $4 a day; and timberman (insect control) for filling position of treater $4 a day. Applications must be on file with the district manager at Seattle not later than October 16, the announcement states.

Further information may be received from the secretary for the board at the local post office.

OREGON SHARE OF ROAD FUND HIGH

SALEM, Sept. 30.—(AP)—Oregon ranks second among western states and tenth among the 48 in the union in the amount of highway funds actually approved under the public works program, R. H. Baldock, state highway engineer, announced today. The amount of money approved for road work is $3,705,000.

States surpassing Oregon in funds approved include New York, California, Ohio, Texas, Wisconsin, Minnesota, Missouri, Iowa and Nebraska. The state ranks even higher in preparation of projects for submission to the bureau of public roads Baldock said.

FINANCE LEADER OF PENN SUICIDES

PHILADELPHIA, Pa., Sept. 30.—(AP)—A pistol fired into his mouth ended the life of Frank H. Schrenk, 44-year-old president of the North City Trust company and chairman of the National Depositors committee, which has been seeking ways of reopening closed banks.

His body was found early today on the floor of his office in a mid-city building. A pistol lay nearby and police said he had committed suicide.

He was last seen alive by a night watchman in the building about four hours before his body was found. Investigators were at a loss to account for his act, but intimated financial worries probably actuated him.

The trust company he headed, with deposits of $650,000, has been operating on a restricted basis since the national banking holiday.

Since that time Schrenk had been actively engaged in co-ordinating efforts of depositors and bankers toward the reopening of banks closed by the government.

Prominent in athletics during his college days, he was a former amateur welterweight boxing champion of Pennsylvania.

MRS. MARTIN GIVEN TRIAL DELAY; WOLF FACES JURY FIRST

Fred Wolf, Birdseye Creek rancher, indicted for manslaughter, for the slaying of Bill Sheldon last May, as the climax of a rural triangle love affair will go on trial Monday morning in circuit court. The "unwritten law" and self-defense will be Wolf's defense. Wolf was arraigned and plead not guilty Saturday afternoon.

Trial of Henrietta B. Martin, president of the self-styled "good government congress," and one of the outstanding figures of the Banks-Fehl agitation last winter, charged with riotous conduct, was placed fourth on the criminal docket. Mrs. Martin asked delay because Attorney Glen R. Jacks of Oregon City, one of her counsel, would be unable to appear Monday, owing to illness in his family. The case was originally first on the calendar. Mrs. Martin appeared in court alone.

Co-defendants of Mrs. Martin on the riotous conduct charge are her father, C. H. Brown, and L. O. Van Wegan and E. L. Fitch, reputed "congressmen." Mrs. Martin is charged with attempting to lash Leonard Hall with a buggy-whip last February. Van Wegan and Fitch are alleged to have attempted to hold Hall, and her father to have provided the whip.

Brown, secretary of the "congress," charged with slandering a bank will be the fifth case of the docket.

Ted Haines, charged with statutory offense is scheduled to go on trial following the Wolf case, and Clarence Day and Thomas King, charged with larceny of livestock, are third on the docket.

JAIL TERM FOR GROOM DEFERRED FOR TOOL THEFT

Hubert H. Messler, a groom of three months, charged with the theft of auto parts and tools belonging to O. T. Wilson, a neighbor in the Modoc Orchard district, was sentenced Saturday morning to serve 30 days in the county jail, and pay a fine of $25 and costs, by Justice of the Peace William R. Coleman. Imposition of the jail sentence was deferred. Messler agreed to pay the fine and costs.

The complaint charged that Messler had taken auto parts and wrenches of the value of $31.50, belonging to O. T. Wilson. He was arrested late Friday and spent a night in jail.

Messler claimed that the auto parts had been stolen by another, but refused to divulge his name. The court said: "I can't understand you taking the rap for somebody else."

The justice advised Messler "to make good with your neighbors, as the sentence still hangs over you. I doubt very much if I will suspend it."

Messler's young wife and mother appeared in court with him.

Al Poston of the Pinehurst area, held for the grand jury for alleged assault with a dangerous weapon was freed Saturday on $1500 bonds furnished by Clarence Taylor and R. A. Miller of Ashland.

Trial of John D. Abel of the Talent district, charged with obtaining money under false pretenses, in the passing of a $1.26 check on H. D. Showers, was set for next Monday.

John F. Seward, alleged to have attempted to aid and conceal Abel waived a preliminary hearing and is held pending action by the grand jury.

$1500 AWARD FOR DAVIES IN SUIT

A circuit court jury Saturday afternoon returned a verdict of $1500 in favor of Henry Davies, in his damage suit against Dr. C. T. Sweeney. Davies asked for $25,000, claiming that negligence in setting of an injured forearm in 1931 had caused permanent injury. The jury deliberations required three hours. The trial lasted two days.

IOWA WIN OVER NORTHWESTERN SURPRISE OF DAY

Big Ten Doormat Outplays Highly Touted Squad — All Other Gridiron Battles Follow Form.

(By the Associated Press)

Iowa's astonishing victory over the highly touted Northwestern Wildcats topped all other features of yesterday's national football results.

"Doormat" of the Big Ten for four years, Iowa gave the experts a body blow of the first magnitude by outplaying Northwestern all the day through their conference battle and finally winning out in the final period on a 32-yard run by Joe Laws behind perfect interference. Principal honors of the afternoon, however, rested with the sophomore, Dick Crayne, who annoyed the Wildcats no end and gained 128 yards in 28 ball-carrying attempts.

Except for this one major upheaval and the failure of Harry Stuhldehr's Villinova eleven to gain better than a 7-7 tie with Little Ursinus, results generally followed form.

In the east, Army, Navy and Pitt, three prime favorites, all won but their margin of victory was smaller than had been anticipated. Army defeated Mercer University of Macon, Ga., 19-6, but the southerners showed remarkable strength and outplayed the Cadets by a wide margin in the second half. Navy took William & Mary over the hurdles, 12-0.

Pitt, held scoreless for three periods, finally uncorked an effective attack and whipped its rival of 40 years' standing, Washington & Jefferson, 9-0.

Boston college, Dartmouth, Cornell, Fordham, Holy Cross, Lafayette and Lehigh were easy victors in their opening games.

Except for the bombshell Iowa tossed into western conference ranks, the mid-western program offered few surprises. Oklahoma, perhaps, did a little more than had been anticipated by holding Vanderbilt of the southwestern conference to a scoreless draw. The Sooners' Big Six companion, Kansas State, trounced Emporia Teachers, 2-50.

Indiana and Illinois ame through with one touchdown victories over Miami, 7-0, and Drake, 13-6, respectively and Minnesota outscored South Dakota State, 19-6. Michigan State and Marquette, two strong independents, accounted for Grinnell and Lawrence in that order, 14-0 and 8-0.

In the south, Texas A. and M. induced some slight lifting of the expert eyebrow with a 13-6 triumph over Tulane's Green Wave. Tennessee, reputedly one of the southwestern conference's most formidable machines, proved it with a 27-0 conquest of Virginia Poly.

Georgia Tech swamped Clemson, 39-2, Georgia overcame North Carolina, 20-10 and North Carolina eked out a narrok 6-0 verdict over Davidson while Alabama, Mississippi, Mississippi Satte, Maryland and Florida were bowling over minor opposition.

Brigham Young, Utah Aggies and Colorado Aggies hung up Rocky mountain conference victories.

JACKSON MINERS FILE FOR WATER

SALEM, Sept. 30.—(AP)—Water for use in hydraulic mining in Jackson county was requested in an application filed with the state engineer by C. S. Akers, R. N. Akers and R. McMaster of Copper, Ore. They request six second-feet of water from Brush creek, tributary of Carberry creek, for these operations.

Another application for water for mining purposes in Jackson county was filed by J. W. Breeding, P. L. Death and B. B. Breeding of Rogue River for four second feet of water from Lick creek, tributary of Graves creek.

STATERS DISPLAY STRONG OFFENSE TO BEAT MONTANA

CORVALLIS, Ore., Sept. 30.—(AP)—Displaying a wide-open and strong offensive, Oregon State college defeated an alert, hard-fighting University of Montana eleven here today, 20 to 0.

Five thousand fans, the largest early season crowd here in years, turned out to see the Orangemen win their first coast conference game under the direction of Lon Stiner, in his first year as head mentor at Oregon State.

Long runs, returned punts, fumbles and well executed scoring plays made it a great game.

The Staters opened the scoring early in the second period. A passing and running attack carried the ball to the Montana 33-yard line. Franklin passed 13 yards to Pangle, who wormed through four Grizzlies and scored standing up. Pangle's place kick was good.

Franklin was denied a sensational touchdown soon after when an offside penalty nullified his return of a punt 79 yards through the entire Montana team. Oregon State's second touchdown came just as Montana was making its greatest threat of the game, late in the second period. Montana intercepted a pass on the Oregon State eight-yard line. Stanbury's short pass, hurled in a touchdown attempt, was intercepted by Bowman, who outran the Grizzlies 86 yards to score.

Oregon State's final touchdown came in the last period as the result of a sustained drive from their own 31-yard line. Pangle slipped through center for 20 yards. oJslin added a couple, then McIntosh skirted right center for 20 yards. JoJslin added a gle carried it to the eight on two plays, then sneaked through right tackle to score. His place kick was good.

The work of Franklin in running and passing, of Joslin in plunging the line, and of Pangle in pass receiving and carrying the ball gave warning that Stiner has a backfield combination to be reckoned with.

Card of Thanks

We wish to express our sincere appreciation to our many friends for the acts of kindness and sympathy extended us during our recent bereavement; also for the beautiful floral offerings.

Mrs. James Eaton and relatives.

STANFORD VICTOR VIA PLACE KICK

STANFORD UNIVERSITY, Cal., Sept. 30.—(AP)—Stanford's rejuvenated Indians opened their Pacific coast conference campaign today with a 3-0 victory over the University of California at Los Angeles, gained by the margin of one accurately booted field goal in the first few minutes of the opening quarter.

For the remainder of a bitterly fought contest the oval see-sawed up and down the field, almost entirely in Bruin territory. Three timea the homeguards reached to within a few scant yards of scoring turf only to lose the ball in heart-breaking endings to smashing drives down the turf.

JUNIOR HIGH TO PLAY TUESDAY P.M.

Medford junior high school football team, under the coaching of Ray Henderson, will play its first game of the season Tuesday afternoon at 3:30 o'clock on Van Scoyoc field against Ashland junior high school.

Henderson last night listed the probable starting lineup as: Oliver and Stelle, ends; Campbell and Santo, tackles; Tuttle and Gilinsky, guards; Field, fullback, Lemon and Littrell; Etenger, quarter. Boyd, who has been assigned to left end on the first string, was injured last week in practice and will probably not go in at the first of the game. Henderson said.

Tentative games listed on the schedule are with Glendale high school, Parrish junior high school at Salem, Myrtle creek high school and the Weed, Cal., second string. Nothing definite has been decided concerning games with Roseburg and Grants Pass junior highs.

Wears Tie 18 Years.

ABERNATHY, Tex. — (UP) — When Finis Robertson dresses up he invariably wears the faded silk tie presented him 18 years ago for playing Santa Claus at a Chrismtas party. He has worn it for dress occasions since then.

Canadian Birds at Rome

MONTREAL (UP)—Canada will exhibit about 50 birds at the World's Poultry conference to be held in Rome, Italy, next month.

LIFE IN PRISON, GUILTY VERDICTS FOR 'SNACHERS'

(Continued from Page One)

imprisonment on a Texas farm and guarding him during his nine days two of those who took part in attempts to change the $200,000 of ransom money paid for his release.

Those who were convicted:

Albert Bates, gunman, identified as one of the two men who broke up a bridge game on the sun porch of Urschel's home July 22, and, with machine guns, forced Urschel and Walter Jarrett, a guest, to accompany them.

Harvey Bailey, gunman and escaped convict, who was found asleep, machine gun at his side, Urschel ransom money in his pockets, on the ghannon home near Paradise, Texas, where Urschel was held.

R. G. (Boss) Shannon, his wife and their son, Armon, who entertained at their farm home both Bates and Bailey, guarded Urschel there while he was being held for ransom, and attempted to mislead investigators after the farm hideout was discovered.

Barney Berman and Clifford Skelly, brought to Oklahoma City for trial from Minneapolis and St. Paul, where, it was charged, they aided in the kidnaping conspiracy by attempting knowingly to dispose of part of the ransom money.

Two alleged principals in the kidnaping plot were not yet on trial, but they were frequently mentioned in the testimony which led to today's convictions. They are George Machine Gun) Kelly and his wife Kathryn, daughter of Mrs. R. G. Shannon. Both are under arrest in Memphis.

The jury's verdict was reached after only an hour and a half of deliberation last night, but could not be announced until today because of orders of Judge Edgar S. Vaught. It left the penalties to the court.

Car Stolen—H. W. Keyes reported to the city police about four o'clock Saturday afternoon that his Buick touring car was stolen at Eagle Point.

REGISTRATION AT UNIVERSITY 2051

EUGENE, Sept. 30.—(AP)—Registration at the University of Oregon passed the 2,000 mark here today and was but eight percent behind the figure at this time last year, it was announced by C. L. Constance, assistant registrar.

A total of 2,051 students was regularly enrolled, compared to 2,238 at this time a year ago. The grand total for the last fall was 2,293, thus leaving but 142 to go to reach that number. At least another 50 and possibly more are expected to enroll before October 9 when registration for the term will be closed.

An increase of four students, 589 compared to 586, is shown in the freshman class this year. A substantial increase from 87 to 104 is shown by the law school this year.

The Weather

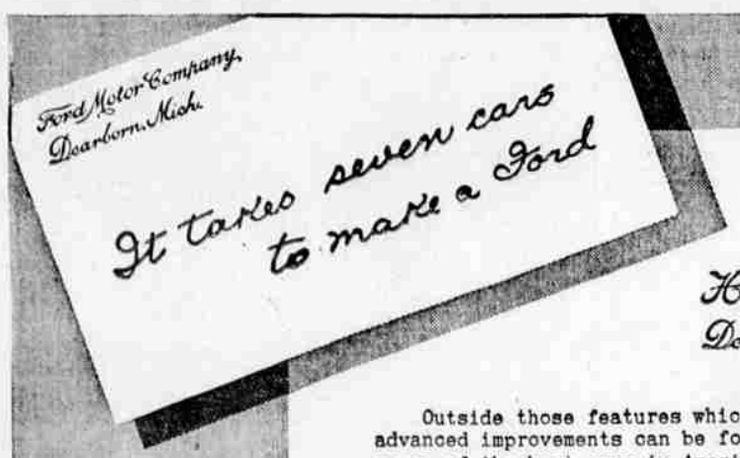
Oregon: Fair Sunday and Monday; warmer with quite low humidity west portion Sunday; cooler west portion Monday with fogs on the coast; moderate northwest wind offshore.

$3000 LIFE CERTIFICATE FREE FOR INSPECTION!

No Medical Examination, Ages 1 to 75

You are invited to inspect, absolutely free, the membership certificate of the All American Assn. which pays $1000 for death from any cause and $2000 to $3000 for accidental death. Men, women and children from 1 to 75 are eligible. No medical examination. SEND NO MONEY. Only your name, age and the name of your BENEFICIARY. Write to the All America Assn., Dept. D-53, Hollywood, Calif., for your certificate, fully made out in your name. It will be mailed promptly for your FREE inspection. NO AGENT WILL CALL. Membership costs only about 3 cents a day and you can join for $1. You owe nothing if you are not anxious to join after reading your certificate. Offer limited. Write today.—BUY NOW—BUY AMERICAN!—

Don't neglect your savings account at this bank. Deposit a definite amount each pay day and watch the interest grow.
MEDFORD NATIONAL BANK



Outside those features which are exclusive in the Ford V-8, many of our advanced improvements can be found in other cars—PROVIDED—you get six or seven of the best cars in America together and combine their particular good points.

But the only car in which you can find ALL these advanced improvements is the Ford V-8.

To illustrate: Begin with the V-type 8-cylinder engine. You can get an ordinary 8-cylinder engine in any of a dozen makes of cars. But if you want the V-type engine of 8 cylinders or more, several other makes of cars will give it to you, if you pay the price of these cars which runs from $2,245 to $5,000.

Take the extra strong X-type frame. You can get this in some other more expensive makes of cars as well as in the Ford. But we do not know of any car except the Ford, in which the X-members continue the full length of the frame, making 4 full length side members instead of two.

Several makes of cars will give you the ¾ floating rear axle if you pay from $1,310 to $6,250. One maker of cars puts this axle in the high-priced cars, but not in the low-priced one. It is standard on the Ford.

You can get the torque tube drive in six other makes of cars, only one of which costs less than $1,000. It has always been a part of the Ford.

There is only one other car—according to S. A. E. rating—that has more horsepower per pound of car weight than the Ford V-8 has, and that is a famous car which sells for $4,825.

Take the Ford V-8 aluminum cylinder head, which adds 10 horsepower to the engine without using more gas——in fact, using less gas;—it is standard in only two cars today, beside the Ford. One of these cars sells just under $800 and the other at $4,825.

The radiator capacity of the Ford V-8 is larger than that of any car of 30 horsepower or under, except one make of car, and that car sells at $1,895.

Its crank case oil reservoir capacity is less than that of any other 8-cylinder car. Five quarts. That speaks volumes as to oil economy.

And so we could go on with specifications, showing that every Ford car combines the advanced improvements which are scattered here and there amongst a number of other excellent makes. And, of course, there are special points of quality that are exclusively Ford features. *

In the list of light 8's, the Ford is lowest priced. Of the V-8's, the Ford costs less than one-fourth the price of the next car on the list.

September 29, 1933.

Henry Ford
