JEROME SELECTED AS GENERAL HEAD DIAMOND JUBILEE

(Continued from Page One)

Mr. Jerome to bring every one of them into his organization plans.

Interviewed yesterday morning, Mr. Jerome stated that he had not yet determined the character of the entertainment which will be offered during the time of the celebration except that he is determined to put over the biggest home products exhibition of Oregon-made goods ever assembled in the state. It is expected that definite arrangements regarding the entertainment features of the celebration will be determined immediately the committee to handle this work is organized. Mr. Jerome believes that on account of Medford possessing such a wonderful airport that a gigantic air circus can be arranged for and he has already started negotiations in that direction.

It will be the aim of the general committee to closely tie the Jacksonville into the celebration and undoubtedly citizens of that community will be given the responsibility of assembling exhibitions of old time relics, in order to emphasize the historical background of Jackson county.

Hon. Joseph K. Carson, mayor of Portland, when here recently assured Mr. Bolger that he would help Medford in every way possible to make the celebration a success, and accepted, at that time, an honorary

membership on the committee. E. Weinbaum, department manager of the Portland chamber of commerce, is also an honorary member of the general committee.

In the near future Mr. Jerome plans to call upon Governor Julius L. Meier and Mayor Carson to discuss various phases of the anniversary with them, and also to visit a number of Portland citizens to obtain further information regarding some of the entertainment features which he has in mind at the present time.

During the next few days he will devote his energies to creating a general committee to work with him and also the formation of the many sub-committees which will be necessary to carry out the big job ahead. Chamber of Commerce members were delighted yesterday that Mr. Jerome

had accepted the responsibility, particularly because of the successful manner in which he has conducted other celebrations heretofore in Medford.

To Go East — Announcement has been received at the CCC headquarters here that all naval and marine officers in the district who are company commanders of the companies which are being sent east, will accompany their groups east, and will not return to the local district. No definite word has been received from headquarters in San Francisco as to the number of camps to be left in the Medford area. Lieutenant Carl B. Armbrust of the headquarters stated.

Completes Duties — Ranger George Barron of Crater Lake national park left here yesterday, completing his duties for the summer.
