

### RUSSO-JAPANESE RELATIONS DRAW NEARER BREAKUP

Reports From Siberia of Arrest Soviet Officials of Chinese Eastern Railroad Add Fuel to Growing Fire

MOSCOW, Oct. 13.—(AP)—The tightly drawn cord of diplomatic relations between Russia and Japan was stretched a bit nearer the breaking point today.

It was strained farther with reports from Khabarovsk, Siberia, of the arrest of two more Soviet officials of the Chinese Eastern Railway in the Japanese-annexed state, Manchukuo.

Only a few days ago, a sensation was created here with the publication of what allegedly were documents describing a Japanese plan to seize the city.

One by one, it was said, the few remaining Soviets among the road's officials were to be removed, eventually giving Manchukuo complete control.

The two latest arrests reportedly were made as Soviet Consul General Slavutski at Harbin renewed his demands for an answer to his previous reports.

Meanwhile, from Tokyo came a foreign office spokesman's statement, which indicated Japan's stand remained unchanged.

"Several days of careful deliberation," he said, will precede Nippon's next move in the controversy.

TOKYO, Oct. 13.—(AP)—As a result of rumors that certain army units had been ordered to Manchuria because of Russo-Japanese tension, subsequently denied and apparently unfounded, key stocks on the Tokyo stock exchange dropped seven yen (currently about \$3.29) in a late afternoon flurry today.

played out as a stimulating economic factor, a treasury official tells this story:

A certain newspaper proprietor once hired a prominent novelist to go to Ireland and write a series of articles on fairies. He thought so well of the feature idea that he is reputed to have paid the novelist \$10,000 for the purpose.

Imagine his surprise when he received a cablegram from the novelist a week after his arrival in Ireland, reading:

"The fairies have flown."

### FORD MUST PAY \$100,000 LOSS TO AUTO FIRM

PHILADELPHIA, Oct. 13.—(AP)—Verdict of \$100,000 against Henry Ford was awarded today by a jury in the suits involving the Detroit manufacturer and the Sweeten Automobile company of this city.

The jury was out three hours. Ford sued the Sweeten Automobile company for \$6,800 admitted to be due on promissory notes, and the

Sweeten concern brought a counter-claim to recover \$180,110 which it claimed it lost as a result of Ford taking over the Lincoln Motor company. The Sweeten company was the Philadelphia distributor for the Lincoln car at the time. It is now in receivership.

The Sweeten company contended that Ford had promised to make good all obligations outstanding against the old Lincoln company.

Benjamin O. Prock, counsel for Ford, said he could not determine whether an appeal would be filed until he had consulted with general counsel for the Ford interests.

Ford has four days in which to file a motion for a new trial or for a reversal of the jury's findings by the court.
