

LAST SUMMONS TO ERNESTINE ROSTEL BELOVED PIONEER

Mrs. Ernestine Rosalie Rostel of Central Point, who came to Jackson county in 1884, passed away at four o'clock Saturday morning at the family home in Central Point, where she had been ill for the past five weeks.

Mrs. Rostel had not been well since last April, and this summer she underwent an operation at the Coffey hospital in Portland, where she spent seven weeks.

She was born in Pugiasta, Germany, August 3, 1866, and came from South Dakota to Jacksonville just after the railroad had been constructed. In 1895 she was married to C. B. Rostel at Jacksonville, one of the early pioneers of this section, who passed away here November 8, 1928.

Mrs. Rostel had always taken an active part in church and community work in Central Point where she had resided for thirty years, and was a beloved member of many organizations.

She was president of the Women's Relief corps for thirty years, and was also a past noble grand of the Rebekah lodge. Mrs. Rostel was a member of the Lutheran church, the Central Point grange, and the Security Benefit association.

Surviving her are two sons, Bert, old and Ernest Rostel of Central Point and Medford, one brother, Otto Haufler of South Dakota; one brother, Theodore Haufler and one sister, Theresa Hoffman of Germany; also one grandchild, Bert Murray Rostel.

Funeral services are to be conducted Monday afternoon at two o'clock at the Rostel residence in Central Point, with Reverend George P. Kabele of the Lutheran church officiating. Interment will be at the family plot in the Jacksonville cemetery, with the Rev. Funeral home in charge of arrangements.

The Rebekah lodge of Central Point will conduct services at the grave.

Honorary pallbearers for the services will be Ed. Gleason, W. C. Leever, L. Hatfield, Erzel Lewis, C. C. Murray and William Bohner. The active pallbearers will be A. Z. Dean, J. C. Murray, David Ganfield, D. S. Libbey, Harry Skyrman and Ward Reaney.

Obituary

Stillman H. Conner

Stillman H. Conner, who has resided on the Pacific highway near Gold Hill for the past six years, passed away Saturday at 11:45 a. m. He was born at Wilmington, Dela., October 13, 1869, and before coming to Medford resided at Baltimore, Calif., where he was electrical engineer for the Spreckels Sugar company.

He also had a medical degree, received at Jefferson Medical school in Philadelphia. Dr. Conner spent two years in Alaska mining, and six years in Canada directing dredging for the Guggenheim foundation.

His father was for several years superintendent of the Baltimore and Ohio railroad.

Dr. Conner is a member of the A. F. & A. M., New York City lodge, and also the Knight Templars.

Surviving him are his wife Florence Conner, two daughters, Beatrice and Dorothy, and son William, all at home.

Funeral services are to be in charge of the Perl funeral home, announcement of which will be made later.

Lord Ashley Returns For Pheasant Hunt

Lord Tennyson and Lord Ashley, both of London, England, Nion R. Tucker and Joseph O. Tobin, all arrived in Medford early Saturday by motor to spend some time in this section pheasant hunting. They are the guests of Captain and Mrs. C. N. Black at their river home.

Yesterday the party went fishing, but Mr. Tobin was the only successful one of the group. He landed two steelhead.

EAGLES TO HOLD HUGE INITIATION ARMORY, OCT. 20

A large and enthusiastic meeting was held last night of Aerie No. 2093 Fraternal Order of Eagles, at which time a good sized class was initiated. It was announced by Jack Hueston, president of the local organization.

Under the direction of the officers of the local lodge, the Fraternal Order of Eagles has been conducting a membership campaign and according to latest information available, splendid results have been accomplished with practically 100 new members having joined the fraternity so far.

The Fraternal Order of Eagles is one of the largest and strongest organizations in America, is one of the few organizations which has been able to increase its membership during the depression, and the Medford lodge is keeping step with the rest of the country with a large increase in membership.

Due to the fact that the hall used by the local lodge is too small, it has been necessary to engage the Armory for future initiations, and next Friday, October 20, a large initiatory class will be conducted under the direction of D. D. Hall, state president.

Assurances have been received by President Jack Hueston that Yreka, Roseburg, and Klamath Falls Eagles will be on hand in large numbers, as well as a number from Grants Pass and Oakland. In conjunction with the local membership campaign, plans for the establishment of Aeries in Ashland and Grants Pass have been made, and it is expected by those responsible for carrying out the work of Eagleflood in southern Oregon that in the near future Medford, Grants Pass, and Ashland will all have large memberships in order that their organizations may have enough strength to carry on the humanitarian work which has made the Eagles such an outstanding lodge throughout the United States of America.

Members of the Eagles lodge are supplied with medical services and sick benefits which no doubt is responsible for the fact over 1/4 of a million people belong to the order in the United States.

Citizens of Medford who desire to know more about the local organization are asked to get in touch with Jack Hueston, local president.

NO CONFIRMATION OF HUNT TRAGEDY

No word had been received at state police headquarters here late last evening, concerning the report Saturday afternoon that someone had been shot in the hills out from Grants Pass in Josephine county.

According to information received here, some hunters heard a shot, then a scream. They went over into the next canyon in search of the parties, they told officers, but were unsuccessful. They called officers at Grants Pass, and members of the sheriff's department and the state police left for the section where the noises were heard.

WEEK OF JUNE 3 OFFICIAL DATES, DIAMOND JUBILEE

(Continued from Page One)

and Mr. Jerome believes from the encouragement he received during his trip that this contest can be made state-wide with every county represented. The details of this will be given to a sub-committee in due time.

The only committees which have been appointed so far are the aviation, in charge of Floyd Hart, and the home products exhibit, under the direction of W. A. Gates, who was appointed chairman of the Jackson county home products committee by Governor Meier.

Endorsements received in Portland by Mr. Jerome follow: "My Dear Mr. Jerome: This is to pledge you and your associates the whole-hearted backing of the city of Portland in doing its part and making its contribution to the success of Oregon's Diamond Jubilee celebration.

"I personally feel that the legislature acted wisely in designating Medford to be the official host to the people of the Oregon country in commemorating the 75th anniversary of Oregon's statehood. It is my opinion that we have not given the attention to the historic significance of the acquisition and development of the state of Oregon that it should have. I am further of the opinion that our people have not co-operated to the extent that I know they should all like to do. The stress of the times has brought it forcibly to the attention of everybody that our own happiness and prosperity lies principally in knowing each other better and striving for a common

VALLEY DAIRYMEN ADOPT CODE AND LIFT MILK PRICE

In line with action taken by other farm groups under the agricultural adjustment act, the milk retailers of southern Oregon met here Friday at the Jackson county court house to adopt a code. And with its adoption the price of milk ascends to 10 cents a quart tomorrow.

Ninety-five per cent of the milk distributing population of Jackson and Josephine counties attended the meeting. All Medford distributors were present and all from Grants Pass and Ashland were represented.

The new price adopted for the three cities and neighboring communities constitutes a raise of one cent per quart. The same raise was made in Ashland about a month ago.

Three-fourths of the increase, distributors pointed out yesterday, will go to the milk producers. They are now being paid \$1.75 cents per hundred and after the raise goes into effect Monday, will receive \$2.10.

H. A. Thierolf, chairman of the Chamber of Commerce dairy committee, presided at the meeting.

cause, namely, the development of our own state.

"I could recite many, many reasons in support of this great historic event; however, suffice it to say, I know you will find our people helpful and friendly in your endeavor to make this jubilee an outstanding and memorable event in the history of Oregon. As for myself, I shall certainly be in attendance to officially and personally do all that I can.

JOSEPH K. CARSON, JR., Mayor.

HOME EXTENSION SESSIONS PLANNED

A number of meetings have been scheduled by the home extension clubs throughout the county for this week, according to Mabel C. Mack, county home demonstration agent.

The executive committee is meeting at her office Monday afternoon at two o'clock, and on Tuesday, the Butte Falls unit will meet for a vegetable cookery demonstration. The local club leaders, Mrs. Edmondson and Mrs. D. M. Cleveland, will be in charge.

The Applegate home extension unit will meet at 10 a. m. Tuesday also, with Mrs. Mack speaking on food value in cookery, and eggs in the diet. Wednesday's meeting will be the Lost Creek unit at the home of Mrs. L. J. Rohrer at Brownboro.

At ten o'clock Thursday morning, the Evans Valley home extension unit will meet in the Evans Valley Grange hall, and Friday the Phoenix group will have its second lesson for demonstrating the uses of milk, and milk cookery.

NITRO CAUSE OF PLANE TRAGEDY

CHICAGO, Oct. 14.—(AP)—Nitroglycerine tonight was assigned by investigators as the probable explosive that sent a United Air lines transport plane crashing to earth with the loss of seven lives.

Federal officials said the explosive probably was attached to a timing device that caused it to explode as the plane approached Chicago Thursday night.

DESIGNATED NEW FEDERAL PRISON

Alcatraz island, rising precipitately from the middle of San Francisco bay, has been named by Attorney-General Cummings as the future prison home of the more desperate type of federal prisoners. He indicated George "Machine Gun" Kelly and Harvey Bailey, midwest kidnapers, would be confined here. The island has been a military disciplinary barracks since 1858. Prior to that time it was a Spanish fort and prison. (Associated Press Photo)

day night. The huge ship crashed near Chester, Ind.

The investigation centered at New York and Cleveland, where the three-mile-a-minute passenger ship had made its last stops, after an official of the air line announced himself convinced an explosive caused the crash.

Investigators said tiny pieces of metal were dislodged by the blast and blown like bullets into great cushions and framework. The front part made its last stops, after an official of the air line announced himself convinced an explosive caused the crash.

son Compton of the lumber crowd went to the president about it. He explained that the lumber bids for the second corps area were submitted under a misapprehension. The bids were changed and the lumber boys got the business. Incidentally Compton got an appointment in the NRA.

Nearly all the stories on the Liberty refunding mentioned the fact that Treasury Secretary Woodin was playing the banjo on the radio from Philadelphia the night the bond announcement was made. Incidentally Woodin's favorite composition is entitled "Covered Wagon Days," a melody built on the gold rush before the era of embargoes. Friends have suggested he compose a new melody based on the noises he has heard in the treasury and call it: "You take the Credit and I'll take the Gold."

You are invited to the PREMIERE of LUMINOUS DAWN

Make Up TALK Monday Afternoon On the Balcony Plan to Attend
