

15 MAJOR TEAMS MEET THIS WEEK IN GRID BATTLES

NEW YORK, Oct. 16.—(AP)—Unde-fested teams collide in 15 major foot-ball engagements this week and the crash of falling favorites will be heard from one coast to the other.

Out of the week's warfare will come the first general reduction in the number of contenders for sectional championships as well as a new and more accurate basis for calculating the comparative strength of most of the leaders.

The east offers seven of these duals of unbeaten teams and the mid-west six, the other two being shared by the southwest and far west.

In the east the Princeton-Colum-bia, Penn-Dartmouth, Harvard-Holy Cross, Fordham-Boston College and Yale-Brown games all may have an important bearing on the race for sectional honors while Carnegie Tech and Duquesne, in their tussles with Notre Dame and Detroit respectively, will be staking undefeated records against powerful inter-sectional foes.

The middle western state yields to the east only in point of numbers. The clash of mighty Michigan and mighty Ohio State seems most im-portant because of the strong possi-bility that the winner ultimately will be crowned champion of the western conference.

The Big Ten hopes of Purdue and Chicago likewise hang on their meet-ing at Chicago but this game will have to yield in point of general in-terest to the two big inter-sectional battles involving Pitt and the Army whose comprehensive schedules annu-ally entitle them to national recog-nition so long as they win. Pitt in-roads Minneapolis for a crack at Minnesota's Gophers, a powerful but unlucky outfit which so far has been tried twice, by Indiana and Purdue. Army, with its lightest and fastest team in years, tackles Bob Zuppke's Illini at Cleveland with the outcome in doubt.

Completing the mid-west list of contests involving undefeated teams, Nebraska and Kansas State wage an important Big Six battle at Manhat-tan, Kan., while Kansas meets Tulsa, a power in the Oklahoma "Big Four" whose ranks have dwindled to three now that Phillips has abandoned football.

Pegasus at Stock Show Rodeo

Earl Thode, contender for world's champion honors by virtue of his being a three-time winner at the Cheyenne Frontier Days, and once the winner of the Pendleton Roundup, declares his mount here is indeed well named as "Pegasus," the flying horse of Greek mythology. He will at-tempt to conquer the broncho, as will some 50 other well known riders at the indoor rodeo held in conjunction with the Pacific International Livestock exposition in Portland, October 21 to 23.

NEW YORK, Oct. 18.—(AP)—Stocks, confused by conflicting market influences, slipped into lower territory today. They tried to follow another late rally in wheat, but failed to get very far in the face of a slump in European gold exchanges. The close was heavy, with losses of 1-4 or more points predominating. Trading was dull throughout, transac-tions approximating only 1,100,000 shares.

MRS. FDR APPEARS AT PRESS CONF AB

WASHINGTON, Oct. 18.—(AP)—Mrs. Franklin D. Roosevelt, who now holds press conference of her own, today slipped quietly into her husband's bi-weekly talk with newspapermen and women to get an idea on how the presidential parleys are run.

Slipping quietly into the presi-dent's office, where around 100 news-papermen and women surrounded his desk, the first lady waived to several of her acquaintances, listened for a while, talked in whispers to one or two feminine reporters, and depart-ed as quietly as she had come.

STEIWER CLEARS VET SLASH BLAME

ROSEBURG, Ore., Oct. 18.—(AP)—Much of the criticism of General Frank T. Hines, head of the veterans administration, as a result of sev-erity in reductions of veterans allow-ances, is misdirected, U. S. Senator Frederick Steiwer told local veterans at a public meeting sponsored here last night by Umpqua post of the American Legion. Responsibility for drastic phases in administration of veterans affairs was charged by the speaker to Lewis Douglas, director of the budget. Conferences were held to formulate regulations affecting veterans allowances, and General Hines was not even invited to attend the meetings, the senator stated. He also declared that he anticipates it will be impossible to secure any great modification in veterans legisla-tion at the next session of con-gress.

JACKSON HENS DO NOT LAY ENOUGH EGGS FOR DEMAND

Without meaning to criticize "the good old hen," the Medford chamber of commerce today announced that the egg supply in Jackson county is not sufficient to the demand. This condition was revealed at the meet-ing last night of poultry and egg pro-ducers of the county, and the group was the first in the production classi-fication in the county. It was pointed out today, to record a deficiency.

The chamber of commerce will as a result be in a position to recommend the Medford vicinity to poultrymen, looking for a location, was the deduc-tion.

Plans for formation of a Rogue River Valley Poultry and Egg associa-tion were also outlined at the meeting and a committee of three was named to meet tomorrow to perfect the arrangements. The committee members are: D. W. Beebe, chairman, J. H. Newton and F. W. Richter. One week from today a meeting of the produc-ers will be held to complete the organization.

E. A. Hansen of the State Dairy and Food commission was present at last night's meeting of his trip through the state for the purpose of checking compliance with the law, demanding the grading and candling of eggs.

GOVERNOR DENIES CAREY WILL QUIT

Establishment of depots here for the grading and candling of all eggs handled in this city was advised by Hansen in view of the fact that the process must be carried out. Depots for the purpose, it was pointed out, would be beneficial to producer, ret-ailer and consumer.

PORTLAND, Oct. 18.—(AP)—Governor Meier denied here yesterday that Charles H. Carey, state cor-poration commissioner, is to resign. The governor said he "can see nothing to such a report."

Rumors had been heard here that Commissioner Carey and Herbert Gordon, deputy in charge of liqui-dation of closed building and loan associations, were taking opposite sides on questions of policy in handling the liquidation process, and that pressure had come from the gov-ernor's office backing up Gordon.

Oath Given. DETROIT, Oct. 18.—(AP)—Major-General Edward M. Markham, newly appointed chief engineer of the United States war department, took the oath of office here today, while attending the Great Lakes Harbor association conference.

Farmers of Walton county, Geor-gia, bought 40,000 pounds of winter peas to plant on 12,000 acres taken out of cotton production.

Frisbee Beat So Salem Fans Try To Mob Referee

SALLEM, Oct. 18.—(AP)—Vern Har-rington of Portland got out of bed to referee a wrestling match here last night, and might have been carried back on a stretcher had mob rule prevailed.

Police and attaches escorted Harrington from the armory after Pat Heilly of Boston won a rough bout over Ray Fyable of Medford, both middleweights. Many fans claimed Heilly won by slugging Fyable. Harrington stated that Heilly had his fist doubled, but missed with it and landed an el-bow jab which floored Fyable.
