PORTLAND, Oct. 18.—(AP)—The fiftieth anniversary of the Oregon Woman's Christian Temperance union was being celebrated here today in connection with the annual convention of the organization. More than 100 delegates from many parts of Oregon attended the session.

Pioneers of the temperance group were honored at the golden jubilee dinner last night at Centenary-Wilbur Methodist Episcopal church.

The work of the W. C. T. U. children's home near Corvallis, was given special praise by speakers at the banquet. C. L. Starr, president of the board of trustees of the farm, described the institution as another opportunity for members of the union to render the service for which they have been giving their time and talents since their organization in Oregon a half century ago.

Mrs. Ada Jolley, state president of the W. C. T. U., presided at the opening convention sessions today. She was to give her annual address this afternoon. Officers' reports were scheduled for the morning session, and late today Charles Haffke, secretary of the Anti-Liquor League of Oregon was to discuss "the foe that challenges the field in the future."

County P. T. A. Council Has Interesting Meeting

The first meeting of the Jackson county council was held Saturday at Central Point, with the Central Point Parent-Teachers' association acting as hostess. Twelve units of the county were represented.

At noon luncheon was served and after the meeting a musical program was presented. Mrs. Gerber, president, gave an interesting report of the national convention which was held in Seattle last May.

Among the messages she brought back were excerpts from speeches of prominent authorities on education. Dr. Blanks of University of California she quoted as declaring: "We are morally bankrupt as well as financially. We will not drink ourselves to prosperity. We cannot ballyhoo ourselves to happiness nor can we bond ourselves out of our difficulties. Booze, ballyhoo and bonds are a poor inheritance to leave to our children."

Much was said about character training, dependent upon adequate home life.

Wholesome recreation must be provided, such as playgrounds, but trained leaders should be used to supervise them. Expense for playgrounds saves court expense, were other points brought out by Mrs. Gerber in repetition of Dr. Blanks' address.
