## Medical Specialists Survey Cases At Invitation Of County Unit Yesterday.

clinic held at the Alex Sparrow

memorial. Dr. Dillehunt, orthopaedic special-ist and dean of the University of Oregon medical school, examined more than 55 children. Dr. Dixon, head of the psychiatry and neurology department of the school, interviewed more than 50, the increase in num-her over than 50, the increase in num-

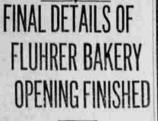

significant, he stated is two such spe-cialists without cost. Particularly significant, he stated, is the growh) of the work of Dr. Dison, which is no less important than that of Dr. Dillehunt, but much less understood in the rest.

Dilenum, but much less understond in the past, Dr. Dillehunt, who does the oper-sting at the Shirine hospital, is rap-idly becoming recognized as one of the most distinguished bone special-iats in the nation, Mr. Hedrick add-

ists in the nation, Mr. Hedrick add-ed, emphasizing again Jackson coun-ty's good fortune in being given the services of the two men. A number of visiting physicians went through the clinic yesterday while the specialists were working, among them Dr. Wm. Rebee of Ean Mateo, Dr. James C. Hayes, Dr. A F. W. Kresse, Dr. Finley and Dr. Honsy of this city. Csumity School Superintendent C. R. Howman and members of the county court ware also visitors.

Miss Mildred Carlton, president of the health association, and Mrs. Leonard Carpenter received and cataleonam Carpenter received and rata-logued the cases with the assistance of Dr. C. I. Drummoud and memi-bers of the health unit. Patients were brought to the clinic by Mrs. David Rosenberg, Mrs. Sprague Ble-gel and Miss Harriet Sparrow, com-posing the motor corps.

Last minute preparations were be-

A number of resultes are planned for the grand opening celebration which will be held all day Saturday and It is expected that thousands of people will avail themselves of the opportunity of making an open
