**Pressure Cooking At Ward's Tuesday**  
A demonstration of particular interest to housewives will be held beginning Tuesday at 2:30 p. m. at the Montgomery Ward Store, C. D. Bean, store manager, announced Saturday.

Mr. Bean says: "They will learn how, with modern pressure steam cooking, a whole meal can be thoroughly and tastily cooked in 10 minutes' actual cooking time, against the usual methods taking several hours."

"Every woman should be as efficient in her household jobs as she expects her husband to be in his line of endeavor; therefore, to cook scientifically she accomplishes three things: she saves a vast amount of time; she cooks the food better; and she eliminates constant personal watching, stirring, scraping or turning such as the ordinary cooking requires in attention. Pressure Cooking cooks foods in its own juices and retains the precious body-building vitamins and mineral salts that usually escape in ordinary cooking. Steam pressure cooking is recommended by the National Canners' Association and home health authorities, dieticians and home economic experts everywhere."

## SWASTIKA EMBLEM ROILS DORNBIERN, GUNS UNLIMBERED

VIENNA, Oct. 21.—Orders to shoot to kill Nazi demonstrators were issued today to the police of Dornbirn in the Vorarlberg district, to impress the populace with the seriousness of the situation.

The federal police commissary warned the Dornbirn populace that henceforth anyone refusing to halt when ordered to do so by the police will be fired on.

In the recent revival of Nazi activity there has been a tendency shown by the population of some towns in Styria, Vorarlberg and Carinthia to enjoy the demonstrations rather than prevent them.

In the Styrian town of Wels, where streets, houses and billboards suddenly blossomed with swastika (Nazi) emblems overnight, former Burgomaster Reithofer and his wife were forced by gendarmes to scrape them off.

Nevertheless, the hoisting of Nazi flags from factory chimneys and decorating whole trains with swastikas continued.

## GAS CONCERN ASKS TO REDUCE RATES

PORTLAND, Oct. 21. — (AP) — Portland Gas and Coke company today asked the state public service commissioner for permission to reduce its gas rates in the Portland area. The reduction would amount to about \$100,000 a year, the company said.

The schedule provides for slight increases in the monthly minimum rates to a small class of users of occasional service. The proposed new rates for general house heating would start at \$1.50 a month, plus 40 cents a 1000 cubic feet for the first 10,000 cubic feet; 35 cents for the next 40,000 cubic feet, and 25 cents for excess consumption.

The Portland Gas and Coke company recently reduced its preferred stock dividend rate because of decreased earnings. The proposed gas rate reduction is regarded as a move to recover and preserve business.

## P. T. A. Notes

Washington  
The Washington Parent-Teacher association held a most enthusiastic meeting Friday of this week.

During the business meeting plans for the year were discussed. Daddy's Night will be held in November. This is an annual event and is looked forward to as the one evening in the year when the school plays host to the fathers.

The subject of securing hot lunches during the winter was discussed and it was decided to serve when the winter weather makes a hot meal seem more necessary.

A membership drive under Mrs. Ramon is underway and small cardboard trees are placed in the rooms and leaves are added as mothers sign the roll.

A new feature, the nursery, under Mrs. Hay, proved most helpful and will be continued for the benefit of mothers wishing to attend meetings and having no one with whom to leave small children.

Delightful kindergarten songs were sung by the pupils of Mrs. Canode's and Mrs. Beeson's rooms.

Mr. C. R. Bowman, county school superintendent, was the speaker for the afternoon and from many years of experience with young people brought a splendid message to parents on closer cooperation between home and school. He especially appealed to parents to cultivate a sense of responsibility in young people, saying in effect that as a nation we have forgotten, "We the people" and look to some outside source for help and relief.

It was voted to send the president, Mrs. Heyland to the state conference
