

JACKSON COUNTY BUDGET HEARING NOVEMBER 8TH

Public hearing on the Jackson county budget, as prepared by the budget committee is scheduled under the law to be held Wednesday, Nov. 8, the second Wednesday in the month. The hearing will be held in the auditorium of the courthouse, according to present plans.

The budget will be discussed and explained at this time, item by item, by the budget committee, of which O. O. Alender of this city is chairman. Other members of the committee are George Alford, Phoenix; Fred Wahl, Medford; County Judge Earl B. Day and Commissioner R. E. Nealon, Sams Valley, and Ralph Billings, Ashland.

At a meeting of the Sams Valley Grange held Saturday night, L. M. Sweet presented a resolution criticizing and condemning the budget committee. Steps were underway today to bring the action, on the grounds that it does not represent the true sentiment of the organization in that section, and is not based on constructive criticism.

Sweet, a well known resident of the district, has long been active in county politics. At the last primary election he ran for county commissioner and was defeated. He also figured in an episode last spring, when agitation loomed over the taking of the highly publicized county audit. Sweet allegedly repeated a falsification made by E. H. Fehl, at a meeting. The county court corrected the mis-statement, in the presence of the auditor, and Fehl, and Sweet. The auditor denied he had told either Fehl or Sweet he had found a shortage in county books.

BURGLARS WORK HARD ON HIGH SCHOOL SAFE FOR \$2 CASH REWARD

Approximately \$2 in cash was taken from the vault at the Senior high school some time Saturday night, when the combination was knocked from the vault door, and the contents ransacked. Nothing else was taken, and none of the desks in the office had been opened. Chief of Police Clatus McCredie reported, following investigation.

Two checks for a dollar each, and one for 71 cents were still in the vault, as was 25 cents in cash. The stamps were not taken nor any papers in the room.

According to Chief McCredie, entrance was gained by breaking the glass door in the boiler room, which had blood stains on it yesterday. A window was opened into the girls' gymnasium by pulling the lock out, and the lock on another door also was broken.

The glass was broken from the door in the first aid supply room and numerous cigarette stubs were found in the teachers' room. A long gas pipe had been used to knock the combination from the vault.

Boxes from the vault were carried to the end of the south hall, and opened. There were no fingerprints on any of them, officers said.

Minstrel Parade Called Off When Costumes Delayed

Although the Craterian theater advertised an old-time minstrel parade to march through the streets of Medford yesterday, a number of people who waited patiently for this feature to appear were doomed to disappointment. The minstrels were in town, but what would a parade be without costumes and musical instruments? The trucks transporting the scenery, costumes, instruments and props for the show didn't arrive in Medford until 2 o'clock, which didn't give the members of the company time enough to parade the streets. Those attending the first afternoon show were given a chance to see how a show is put together when the curtains kept open, allowing the audience to watch the stage hands setting the scenery.

ROOSEVELT USES NEW WEAPON IN RECOVERY DRIVE

public works money and emphasized "two simple facts" about banking—the billion dollar program for freeing deposits frozen in banks closed since January and the deposit guarantee becoming effective next January.

Looking up from the desk in the White House study where he spoke, the president explained his new dollar control:

"My aim in taking this step is to establish and maintain continuous control. This is a policy and not an expedient.

"It is not to be used merely to offset a temporary fall in prices. We are thus continuing to move towards a managed currency.

"Because of conditions in this country and because of events beyond our control in other parts of the world, it becomes increasingly important to develop and apply the further measures which may be necessary from time to time to control the gold value of our own dollar at home.

Dealing with the agriculture program, Mr. Roosevelt said he was not satisfied with the improvement in farm prices and would insist upon a further increase.

SCHERMERHORN IS GIVEN MORE TIME TO MAKE APPEAL

Gordon L. Schermernhorn, former sheriff, under a three year sentence in state prison for conviction of ballot burglary conspiracy, has been granted until December 3 to perfect his appeal to the state supreme court. Circuit Judge G. F. Skipworth has issued an order extending the time 60 days, from October 3.

The attorney general's office opposed granting of further time, and supported their contention with an affidavit showing the defendant had made no arrangement for having a transcript prepared. Attorney Frank J. Newman filed a counter-affidavit. The court held with the defendant.

No further legal steps have been taken in the appeal notice of Walter J. Jones, former mayor of Rogue River serving four years in state prison for vote stealing.

Some sentiment has arisen in behalf of Schermernhorn. Friends hold on account of his years, and previous exemplary record as a citizen he should be extended executive clemency. They maintain he was a dupe of agitators Banks and Fehl. Before Schermernhorn went on trial, friends interceded for him with the authorities.

The evidence in the ballot theft trials tended to show that Schermernhorn was a willing tool of Banks and Fehl; that the leaders used his private office as a meeting place, and that while he did not participate in the actual burglary, he had guilty knowledge of it.
