No. 186.

HUNTER KILLED ON SOUTH HIGHWAY

By PAUL MALLON

WASHINGTON, Oct. 26.—The Roosevelt industrial recovery program has been far more successful fundamentally than the public generally gives the president credit for.

Unprejudiced figures prove it. They are contained in the monthly foot-print statistics first devised by Mr. Hoover to show whether the stand and whether we are drifting.

This month they show slow, sure progress in righting the economic ship on an even keel. Industrial production and factory employment are only 8 points apart.

Aside from pay rolls, the figures show that the big worry now is sales. Department store volume has been sliding since August.

The "buy now" campaign may help that, but Mr. Roosevelt's tricks with the dollar will help it more.

There is nothing which will start buying like the promise of still higher prices. Mr. Roosevelt has promised they will be up around 30 per cent before he will stabilize.

He says he wants a 1926 price level. That is 20 per cent higher than the level now. Whether he can accomplish it is another thing.

Table.

You can figure out our present standing for yourself from the following table.

(continued on page nine)

Six More Eggs And Biddy Will Set New Record

AGGASIZ, B. C., Oct. 26.—(AP)—Six more eggs and it's a world's egg-laying record for the white leghorn owned by H. H. Rutledge of Sardis, B. C.

She laid her 352nd egg today in 358 days and needed to carry on for six more days to beat the present mark of 357 eggs in 355 days.

HAYNES IN PLEA FOR NEW TRIAL ON GIRL CHARGE

Ted Haynes of Red Top district, father of five children, now serving not to exceed four years in state prison upon conviction of a statutory offense involving a 14-year-old neighbor girl, through his attorney, Rawles Moore, filed a motion in circuit court to set aside the verdict, and for a new trial.

Irregularities in the proceedings, errors of the court, abuse of the discretion of the court, improper remarks of the district attorney, and the claim that Haynes was never properly arraigned, are the grounds set forth. It is also asserted that the defendant's name was incorrectly spelled in the indictment.

The motion also sets forth that the testimony was introduced by the defense to show that Haynes, Juanita Bates and the girl in the case were attending a picture show at Grants Falls during the time the complainant alleges the crime was committed, on the way to Eagle Point.

Testimony introduced by the state, showing that Haynes had made an auto trip to Butte Falls with the girl and her young sister. The defense says this testimony took them by surprise during the trial, and they were unable then to show that the party was accompanied by Haynes' cousin and his fiancée.

The improper remarks of the district attorney are charged to be: "We know the guilt of this defendant." Defense counsel avers he has no objection at the time because it would "stress it" with the jury.

Prohibition of the court of asking Jim Kershaw and Frank McCauland, two state witnesses, if they had not been members of a party of Red Top residents who journeyed to the home of Noel Davis and prevailed upon him to withdraw as a bondsman for Haynes, is also listed as grounds for a new trial.

The motion sets forth further that the correct spelling of the defendant's name is "Haynes," and that in the indictment it is spelled "Haynes."

UNIDENTIFIED MAN HIT BY STONE AUTO WHEN LIGHTS BLIND

Impact Fractures Skull, Breaks Shoulder Arm and Leg—Miss Sleed Slightly Hurt—Inquest Scheduled

A man, approximately 42 years of age, unidentified by local officials, died last night at the Community hospital of injuries received when struck by an automobile driven by Vaughn Stone, son of Dr. and Mrs. D. W. Stone of this city, about 9:30 o'clock, on the Pacific highway one mile south of Medford. Dorothy Sleed, local girl, who was riding in the Stone car, sustained minor injuries in the sudden impact. She was taken from the hospital to her home, following first aid treatment.

Inquest into the death of the unknown man will be held tomorrow afternoon at 2 o'clock. Coroner Frank Perl announced.

Passing Car Blinds. The man, according to the story told officers and Herbert Brown, driver of the ambulance, summoned to the scene, was walking north on the highway when the accident occurred. The Stone car had just met another auto on the highway and the driver was still blinded from the lights when the sudden contact with the man's body jarred the machine. He had not been seen by Stone or anyone of the three other occupants of the car, Dorothy Sleed, Ruby Stone and Ray Ward.

He was walking out in the highway, almost in direct line with the approaching auto. His injuries were fractures skull, crushed right cheek bone and jaw, broken right shoulder and fractures of the right leg and right arm. The ambulance, which arrived immediately after the accident, transported the man to the hospital and a physician was summoned, but death resulted in about half an hour.

Stone Told Slowly. Stone told officers he was not driving more than 35 miles an hour when the accident occurred, and that his vision was obstructed by the passing car.

The injured man was described as dark, of average height and weight, dressed in overalls, light shirt, blue vest and gray coat. No articles for identification were found on his person with the exception of a purse, stamped "Central Bank of Tacoma," which might indicate that he came from Washington.

ORGANIZATION OF VALLEY POULTRY RAISERS AGREED

A small but enthusiastic meeting of poultry and egg producers was held at the Chamber of Commerce last night and by unanimous vote decided to form a producers' organization. It was announced by Chamber of Commerce officials this morning.

Objects and purposes for which the association is formed are to protect and promote interests of the egg and poultry industry in the Rogue River valley; to encourage a better understanding among producers of the territory embraced by the association; and to closely co-operate with the Chamber of Commerce, Retail Merchants' Association and other organizations in this section for betterment of the poultry and egg industry. The organization will be known as the Rogue River Valley Poultry and Egg Association.

D. W. Beebe, chairman of the Chamber of Commerce egg and poultry committee, was chairman of the meeting, and with F. W. Rister and J. H. Newton will endeavor to contact the poultrymen of the valley in order that they may become members of the organization.

It was pointed out by Mr. Beebe that in forming an association no expense will be involved and the organization is not a co-operative one, but its purposes will be to better the poultry and egg conditions in this section.

Application forms were being prepared today by the Chamber of Commerce and it is expected that a majority of the producers will sign themselves with the association very soon. Immediately a large number have signed up a meeting will be called and officers elected so that the work of the organization may be carried out immediately.

Rose Klise, master of the Pomona Grange, attended the meeting and in a talk stated that he believed the association could accomplish a great deal and expressed himself as being pleased that this move had been undertaken.

PORTLAND, Ore., Oct. 26.—(AP)—A quotation of 73½ cents a bushel for soft white wheat was posted today by the North Pacific Emergency Export Association.

Soviets Envoy

MOSCOW, Oct. 26.—(AP)—Maxim Litvinoff, commissar of foreign affairs, left Moscow tonight for Washington, where he will confer with President Roosevelt regarding American recognition of Soviet Russia.

COMMUNITY CHEST COMMITTEE MAPS COMING CAMPAIGN

In compliance with President Roosevelt's plan for mobilization for human needs, the general committee of the community chest for 1933-34 met late yesterday afternoon to outline the drive, which will be held here November 7, 8 and 9.

Frank Hull was named general chairman of the drive and additional committees and final plans will be released at an early date.

The general committee, composed of Eugene Thorndike, chairman, J. C. Thompson and Larry Schade, decided upon \$2000 as the goal of this year's drive and headquarters will be held at the chamber of commerce and will be opened Wednesday, November 1.

Following the president's request for united action within communities to care for welfare problems, numerous cities of the land turned back to the community chest plan this year as the most plausible solution of the problem, and Medford has followed their lead. Participants in the chest this year will be the Red Cross, Jackson County Health Association, Welfare Exchange, Girl Scouts, Boy Scouts and W. W. C. A.

The publicity committee, headed by C. L. MacDonald of Foster and Kleiser line a campaign. Other members of the committee are: Herb Grey of The Mail Tribune, Lee Bishop of radio station KEMD, and Moore Hamilton of the News.

LINDY'S DESTINATION REMAINS MYSTERY

LONDON, Oct. 26.—(AP)—Colonel Charles A. Lindbergh and Mrs. Lindbergh, who flew southward from Geneva today for an unannounced destination, believed to be Southampton, had not landed at the Woolston air station there at 9 o'clock G. M. T. (4 p. m. Eastern Standard time) tonight.

No anxiety was expressed, however, as it was possible that Colonel Lindbergh had headed for Ireland or one of the Scandinavian countries instead of Southampton.

ALLIED WELFARE TO MEET FRIDAY NOON

The Allied Welfare association will meet tomorrow noon at the Hotel Medford for luncheon and regular session and a large attendance is urged by the president, John C. Mann, as several matters of importance will be brought before the organization.

With the Community Chest drive scheduled for the early part of next month, the association will have several matters to settle. Luncheon will be served at 12:10.

HERM BURGUYNE KILLS ELK IN LA GRANDE HUNT

A large elk, weighing about 500 pounds, was killed this week by Herman Burgoyne of Medford, while hunting near LaGrande, he announced upon his return here from Portland. Accompanying Mr. Burgoyne on the trip was R. B. Miller, also of Medford.

ROOSEVELT UPS PRICE FOR GOLD EIGHTEEN CENTS

Daily Increase Not Promised—Avowed Intention Raise Price of Commodities—To Curb Profiteering

SPOKANE, Wash., Oct. 26.—(AP)—Senator Burton K. Wheeler, (D., Mont.), predicted in an interview here today that congress will pass some form of inflation legislation, either paper inflation or silver inflation.

"Silver inflation is better than paper inflation," he said, "for there is no limit to which printing presses can go, as certain European countries have shown us, while God has limited the amount of silver."

WASHINGTON, Oct. 26.—(AP)—The administration sought to give increased impetus to its price boosting program today by increasing the price it will pay for newly mined gold by 18 cents an ounce over yesterday, the figure set being \$31.54.

It was asserted at the White House later that the increase did not mean necessarily that there would be a daily increase.

Indications were voiced that so long as the American price keeps ahead of foreign market levels, a point may be reached when it will not be felt necessary to increase the quotation.

Purchases of the metal will continue on a daily basis. Yesterday, when this Roosevelt policy was inaugurated, the domestic price was fixed at \$31.36 against a London figure of \$31.02.

At exchange rate of \$4.75, today's London quotation was \$31.05.

While this was a decrease of three cents, as compared with yesterday, there was actually an increase in the London gold price in British currency.

It jumped from 130 shillings, one penny, to 130 shillings, 9½ pence. Vibrations in foreign exchange accounted for the decrease in the dollar value.

Today's price was determined by the committee appointed by the president to attend to this detail.

The avowed administration aim is to raise commodity prices, especially for producers; but simultaneously at presidential behest the NRA has in the making the most elaborate system yet attempted to protect the consumer against profiteering.

It plans soon to set up community boards to which persons who believe they are being overcharged can complain.

Regulations will be laid down as to the manner in which such complaints are to be investigated, settled locally or referred up to regional authorities and, if necessary, to Washington.

Until this time the consumer angle has been submerged to an extent in the mass of urgent NRA work.

FOREST HIGHWAY BIDS ARE OPENED

PORTLAND, Oct. 26.—(AP)—Bids on two national recovery forest highway projects, amounting to about \$357,000, were opened here Wednesday by the federal bureau of public roads.

For traveling and treating with bituminous macadam 20 miles of the Cascade Lake-Diamond Lake highway in Douglas and Klamath counties near their junction just north of Crater Lake national park, Joplin & Eldon of Portland was low with a bid of \$210,016.

Six contractors submitted proposals for grading 4½ miles of the Willamette highway in Lane county near McCredie Springs. F. C. Dillard & Yunker & Welchs of Medford were low at \$147,190.

FARMER'S WIFE AND BOY BATTLE INFURIATED BEAR

ROSEBURG, Ore., Oct. 26.—(AP)—A tale of a farmer's wife who attacked a sheep-killing bear while armed only with a .22-caliber rifle, and who escaped the charge of the wounded and infuriated animal as the result of good shooting on the part of a 14-year-old boy, was brought to Roseburg today by residents of the Rice creek community, 14 miles southwest of this city.

Mrs. Harvey Potter, who lives opposite the Rice Creek school, was engaged in her household duties Tuesday afternoon, when she heard a commotion in the nearby pasture and saw a large bear in the midst of the sheep.

Harness Shop Coming Back To Old Glory

SALEM, Ore., Oct. 26.—(AP)—The market for sulkeys, diligences, spring wagons and similar 19th century finery may be at a low ebb, but a harness shop here has doubtless the floor space to meet increased demands.

Return to genuine horsepower for operations on many farms in the valley has brought about a more brisk demand for harness than has been experienced in a number of years, the proprietor, J. D. Ooley, stated.

FRUIT MARKETING AGREEMENT NEAR CLAIMS HORSELEY

PORTLAND, Ore., Oct. 26.—(AP)—William Horseley, manager of Northwest Fruit Industries, Inc., the authority under which tree fruits grown in Oregon, Washington, Idaho and Montana will be marketed under the proposed code for the industry, said today adoption of the marketing agreement is expected to be reached before tonight.

The control committee of the corporation has been holding executive sessions here since Monday, generally working far into the night in an effort to effect general subscription to the code, which has twice been modified in what Horseley said were "minor details."

Members of the committee refused to comment on details of the lengthy discussion. None but the committee members, themselves, were permitted to attend the meetings.

AIDES IN JUBILEE CELEBRATION ARE NAMED BY LEADER

E. C. (Jerry) Jerome, general chairman of Oregon's Diamond Jubilee celebration, announced this morning the personnel of his general committee. The committee is as follows: E. C. Jerome, general chairman; C. C. Dunnington, Jacksonville; Professor Irving E. Vining, Henry Enders, Ashland; John Anderson, Central Point; and the following from Medford: Floyd Hart, W. A. Gates, F. E. Wahl, R. R. Shreve, O. A. Alexander, George Hunt, J. C. Thompson, J. Verne Shangie, W. W. Allen, C. L. MacDonald, C. Glenn Smith, T. E. Daniels, Harold Larsen, C. L. Hopkins, Raymond Mikache and A. H. Banwell, secretary.

To date the following committee chairmen have been appointed: Floyd Hart, aviation; W. A. Gates, home products exhibit; F. E. Wahl, finances; R. R. Shreve, publicity; O. O. Alexander, dog races; George Hunt, queen contest.

Mr. Jerome expressed delight this morning that Professor Vining had become a member of the general committee, and his wealth of knowledge regarding the historic background of this section of Oregon will be of extreme value in working out the anniversary program.

The first meeting of the general committee will be held at the Chamber of Commerce, Tuesday, October 31, at 8 p. m.

HUNTING DEATH HELD PURELY ACCIDENTAL

ROSEBURG, Ore., Oct. 26.—(AP)—A verdict of accidental death was returned last night by a coroner's jury which investigated the fatal wounding of C. W. Jones, Myrtle Creek farmer, last Monday by Ronald Loffer, who mistook his hunting companion for a deer. Loffer was released from custody after paying a fine of \$25 for hunting without a license.

to wound the bear, which had by this time killed one of the sheep. She fired three shots into the bear, but failed to inflict a fatal wound. Meredith Roberts, a 14-year-old school boy, attracted by the shooting, ran to a nearby home where he seized a larger rifle and returned to the scene as the bear was escaping toward the woods. The first shot inflicted an outer wound, and the bear turned and charged toward Mrs. Potter, but the boy's second shot stopped the rush, and Mrs. Potter, at close range, fired the final and fatal bullet.

The excitement furnished a partial holiday for the pupils of the Rice Creek school, as the teacher and students had rushed out to view the shooting and were too excited to return to the humdrum of study and lessons.

RUSS RECOGNITION GOOD BUSINESS IS SEN. M'ADOO VIEW

Saw No Loafers in Moscow He Says On Return From Abroad—Trip was Not Official, Is Declaration

BY MORRIS WATSON

NEW YORK, Oct. 26.—(AP)—Saying that he saw no loafers in Moscow, United States Senator Williams McAdoo of California returned from a short tour of Europe today and called the move of President Roosevelt to resume trade relations with Russia "very wise, indeed."

In an interview given while the teamship Conte Di Savoia made its way from quarantine to its dock, the senator said "there was never any reason why recognition should have been withheld."

"It is the first place," he said, "it simply means the establishment of diplomatic relations which are so necessary to intercourse to be carried on. It means the re-establishment of consular offices which are essential machinery for international trade."

"Russia is a large field for reciprocal trade we ought to have."

"France, England and Italy all have recognized Russia. It must be borne in mind that recognition does not mean approval of a form of government or of Russia's domestic institutions or of Russia's domestic affairs."

"From my observations, I would say that Russia would be much pleased to have the United States' recognition. They feel that their interests and our interests do not collide anywhere."

Senator McAdoo spent only a few days in Russia. He denied that his trip had any official connection, explaining "it was only a tourist."

"Of course, recognition is an executive function," he said, "A senator has nothing to do with it."

OREGON GROWERS GET \$2,777,000 WHEAT BENEFITS

WASHINGTON, Oct. 26.—(AP)—Secretary Wallace announced today that wheat farmers have signed up the equivalent of about 60 per cent of the average national seeded acreage in the farm adjustment administration's acreage reduction campaign.

He estimated that cash benefits to farmers for agreements to restrict plantings next year 15 per cent, will exceed \$102,000,000 of which they will receive slightly more than two-thirds this fall.

The first checks will be issued next week and will go to farmers in several Virginia counties who have completed the sign-up campaign. Distribution of checks to the large wheat growing sections of the great plains will hit its peak during November, Wallace said.

Applications have been signed covering 570,283 farms on which wheat is grown and representing 51,925,912 acres. A reduction of 15 per cent on this area for the crop to be harvested next year will reduce plantings about 7,780,000 acres. Whether farmers, who either are not eligible or have determined not to join in the wheat reduction program, will increase their plantings has not yet been determined.

The percentage of sign-ups by states and the estimated sum farmers in each receive in benefit payments this fall and next spring for twenty states in which the campaign is practically completed included:

State	Pct.	Total Payments
Kansas	95 to 100	\$24,285,000
North Dakota	95 to 100	14,999,000
Montana	95	6,463,000
Washington	78	5,061,000
South Dakota	92	5,229,000
Idaho	88	3,846,000
Oregon	87	2,777,000
California	70	1,086,000

MRS. HEYLAND IS HONORED BY P. T. A.

SALEM, Oct. 26.—(AP)—In a heated contest, Mrs. W. L. Wales of Klamath Falls was elected vice-president of the Oregon Congress of Parents and Teachers over Mrs. W. T. Dean, also of Klamath Falls.

Gets Film Call

A Los Angeles court consented to the terms of a contract offered dark-eyed Mawita Castaneda, 17-year old Nogales, Ariz., school girl, by a Hollywood motion picture company. (Associated Press Photo)

MISTAKEN HUNTER IS ARRESTED FOR LACK OF LICENSE

Glenn Clark, 20, who Tuesday shot and wounded in mistake for a deer, his hunting companion, Homer O. Gillette, 21, is held on a warrant charging hunting without an Oregon license. He is held in the city jail pending a hearing. The arrest was made Tuesday by the state police, after the accident, of which Clark did not inform them.

The district attorney's office said today they would investigate the near-tragedy and if the facts warranted, place them before the next session of the grand jury.

Gillette was reported by Dr. W. A. Bishop, his physician, as "progressing satisfactorily, and will be out of the hospital in a day or so." The bullet struck a glancing blow on the chest, and by a mere chance of fate was not fatal. The lungs were not penetrated. Hemorrhages following the accident caused weakness from loss of blood.

Both Gillette and Clark are residents of Alva, Okla., and on their way home from the Chicago exposition, stopped here to visit Clark's uncle, the late M. L. Clark of Cascade County, who had been invited to accompany them to mountain hunting.

The accident occurred about 3:30 p. m. Tuesday. First word was phoned to the courthouse, Dr. Bishop, acting county physician, during the absence of Dr. C. L. Drummond, was dispatched to the scene. No report was made to the state police or sheriff. When Clark was arrested afterwards for hunting license violation the state police were not advised of the accident.

According to the story told by Clark to Dr. Bishop, the two left Cascade County to hunt in the nearby mountains, and became separated. Clark says he noticed a movement in the brush. He watched it for several minutes and when positive he was shooting at a deer, fired. He then realized his mistake and rushed to Gillette's aid, rendering what temporary aid he could, and summoning help.

It was necessary to carry Gillette on a litter for a mile, before he could be placed in an auto, as the country is exceedingly rough.

The hunting season closes today at sundown.

JUNIOR GRIDDERS TO PLAY ASHLAND FRIDAY

Medford Junior high school's football warriors will invade the Ashland Junior high gridiron Friday afternoon for a return game scheduled to start at 3:45. The locals are favored to win as they already have a victory over the Lithia City Juniors.

The two teams weigh up on about even terms. Medford, unable to score through the line in their previous clash, took to the air for the necessary points.

BENEFIT SHOW SWELLS GRID EQUIPMENT FUND

Although a complete check-up had not been made this afternoon on the football benefit show, presented last night at Hunt's Criterion theater, indications were this afternoon that the \$500 promised the Medford team would be available, was the announcement from the Chamber of Commerce.

Several pre-show ticket salesmen had reports to be submitted and a complete check will be given before the exact sum is announced.

\$15,000,000 LOAN FOR HIGHWAY JOBS OREGON OBJECTIVE

\$2,100,000 of Sum Would Be Allocated Southern Oregon—Straightening Siskiyou Among Projects

PORTLAND, Ore., Oct. 26.—(AP)—Allocation of funds to be derived from the proposed \$15,000,000 loan from the federal government includes the following projects which will be submitted to Governor Meier today:

- Southern Division, \$2,100,000
- Pacific highway, \$1,650,000 as follows:
 - Ashland-Nell Creek: Grading 4.8 miles, \$100,000.
 - Barron Creek, Wall Creek: Grading 1.5 miles, \$225,000.
 - Wall Creek: Undercrossing structure, \$300,000.
 - Wall Creek-Summit: Grading 3.2 miles, \$205,000.
 - Summit tunnel, \$70,000.
 - Ashland-Summit: Paving 11.8 miles, \$280,000.
- Junction City-Eugene: \$450,000.
- Rice Hill-Oakland: Grading and paving, \$200,000.
- Willamette Highway: Salt Creek to county line, \$400,000.
- Central Division, \$5,100,000
- Klamath Falls-Weed Highway: \$400,000 as follows:
 - Klamath Falls-Midland: Grading 8.8 miles, \$200,000.
 - Klamath Falls-State Line: Surfacing 16.24 miles, \$200,000.
 - The Dalles-California Highway: \$440,000.

PORTLAND, Ore., Oct. 26.—(AP)—Oregon will seek an additional \$15,000,000 federal loan for highway work, Governor Julius L. Meier and members of the state highway commission decided here late yesterday.

If approved, 70 per cent of the money would be expended in western Oregon and 30 per cent in eastern Oregon, affecting virtually every community in the state.

Further subdivision would allocate \$9,400,000 to the northwestern corner; \$2,000,000 to southern Oregon, south of Eugene and west of the Cascades; \$2,100,000 to central Oregon, and \$2,400,000 to the eastern part of the state.

To File Application. The commission's \$12,500,000 program was boosted to \$15,000,000 by the governor. A blanket application will be filed at once, to be followed by a completion of detailed plans.

"We can't go further than our estimated revenue in the next few years, but we must go as far as possible to assure Oregon at least a fair share of the federal funds for unemployment," Governor Meier commented.

Scott declared the original \$12,500,000 project would require 12 years for repayment and that the increased program would leave no relief from gasoline taxes in sight for the next 15 years.

Siskiyou Among Projects. Some of the larger construction and improvement projects proposed are Wolf Creek and Wilson River routes from Portland to the sea, Troutdale-Bonville road, Pacific Highway in southern Oregon, including straightening of Siskiyou section, Old Oregon Trail and Pendleton-Cold Springs highway.

WILL ROGERS SAYS:

SANTA MONICA, Cal., Oct. 25.—Mr. Roosevelt is the only man who can raise the stock market without putting up the money.

The market not only operates on O. P. M. (other people's money) but O. P. R. (other people's rumors). A war in Europe would mean nothing to the stock market (provided it actually happened) but let a rumor get out that Mr. Ford was building a six-door sedan or that the present government was going to recognize Tammany Hall or that Bernard Baruch was growing a beard, any of these rumors, and wheat would jump 10 points, American Can 8, American T. & T. 9. So the only thing can break the stock market is a fact.

Yours,

Will Rogers
