

FIRING COACHES MUST BE CURBED FACULTY WARNS

By PAUL MICKELSON (Associated Press Sports Writer.)
CHICAGO, Oct. 26.—(AP)—Unless the alumni and students ease up in their annual campaign of "firing coaches," Big Ten football may be drastically demoralized.

The presidents and faculty representatives of the Big Ten universities are adjugated with the "Get a new coach" movement, the Associated Press was reliably informed today, and will take concerted action to dampen the enthusiasm for the sport unless there is a letup.

"It's all right to have enthusiasm for football," one of the Big Ten leaders said, "but to let it run away with you is something else again. Every fall, some coach is one of the alumni and students, just because his team happens to get beat. Some alumnus of student gets all burnt up because his team loses, and the next thing we know the president of the university is roused out of bed to deny a rumor that the coach is going to get fired."

"Well, we're all getting tired of it. If it doesn't stop or ease up a bit, all we can do is to deflate the game's importance. After all, you know, football is just a sport, not a college education. The president of every university wants a winning football team just as much as the most excited freshman. They are interested in the game and, through counsel, know when it's time to change coaches."

BEAVER SUBS MAY BE GIVEN CHANCE

CORVALLIS, Ore., Oct. 26.—(AP)—Oregon State is working hard in anticipation of another tough game here Saturday against Washington State, the big feature of homecoming week. While the Orange first string had passing and putting, scrimmage and defensive work yesterday against the highly touted Washington State passing attack, the second string went through an hour of tough scrimmage with the freshman team.

Coach Lon Stiner is also developing substitutes for his "iron-man" eleven. Stiner figures a wet field here Saturday may call for numerous substitutions. Norman Franklin, the red-headed streak, will undoubtedly start at left half, but Stiner has Johnny Blanche and Toed McIntosh ready to give him a rest if needed.

MANK GET ELK DURING SEASON

PENDLETON, Ore., Oct. 26.—(AP)—The bombardment of elk ended in the Umatilla county forests yesterday, the last day of the open season on the big animals.

More than 30 elk were brought into Pendleton yesterday, and many hunting parties remained in the mountains with elk in their possession.

Hunters from Willamette valley points were successful in many cases and were rapidly returning home with their kills. Many deer, likewise, have been slain during the three-day open season on elk.

So far, no casualties to hunters have been reported.

FOOTBALL PLAYERS' CLOTHING RANSACKED

PULLMAN, Wash., Oct. 26.—(AP)—Washington state's football team returned from practice last night to find itself \$300 poorer in terms of currency and jewelry, Coach O. A. Hollingbery revealed today.

While the squad was mixing poison for its game with Oregon State College at Corvallis next Saturday, a prowler helped himself to articles in the players' clothes.

Huskies Revive Fight For Cards

SEATTLE, Wash., Oct. 26.—(AP)—The Washington Huskies, somewhat lethargic of late, seemed to have come to life today, for they are smacking their opposition right and left while training for the Stanford game.

The Renegades, a tough team of eligibles boasting such big, bad backs as Burt Buffin, tried redshirt offensive plays on Jimmy Phelan's first line defense and were smacked in the mid.

BOWLING

Captain Hugh Rankin led his Elks club bowling team in a ferocious attack on the quintet captained by Hugo Guenther at the lodge alleys last evening, taking two out of three games in their tournament match.

While Rankin was raking the alleys for a total count of 556, topping 233 pins in the third cast, the entire team showed class by chalking up a total of 2954, putting the weekly prize for high team score in the bag.

The Brayton and Ends outfits will roll Friday evening.

Fruitt's Service Station bowling team eked out a one-game victory over the Domestic Laundry last night in their City Bowling league match which, according to Pay Diamond, manager of the Nat alleys, was one of the most bitterly fought encounters seen so far this season.

Cannon led the heavy firing for the Fruitts, chalking up a total of 820 pins in the match, his first game being 224 and the third 217.

The Elks all-stars and Perissas Meat Market outfit rolled tonight.

THE ALL ELECTRIC BATHROOM

An electric water heater means that you will always have hot water, for the bathroom as well as the rest of your home, at exactly the right temperature, night or day, in sickness or in health, at the turn of a tap. An electric sun-lamp makes your bathroom a private bathing beach with its invigorating sun rays of health. An electric heater takes the chill out of the air and saves firing up more expensive heating equipment. An inexpensive electric clock will be found very convenient here also. Then of course there is the electric vibrator, electric curling iron and electric exerciser to complete the "All Electric Bathroom."

THE CALIFORNIA OREGON POWER COMPANY

WEBFOOTS LEAVE FOR UCLAN GAME

EUGENE, Ore., Oct. 26.—(AP)—Twenty-eight Oregon players, headed by Coach Prince Callison, entrained last night for Los Angeles for their third Pacific conference game within as many weeks. Trainer Bill Hayward reported the team in tip-top shape for their tussle with University of California at Los Angeles Saturday. Biff Nilsson, who has been out for some time with an injured knee, was left at home. The rest of the cripples were announced as definitely off the casualty list.

The team will arrive in Los Angeles early Friday morning, with a light workout set for that afternoon on the Coliseum field.

RUNNING WITH FUMBLE URGED TO "PEP" GAME

NEW YORK, Oct. 26.—(AP)—Lou Little, Columbia's football coach, offers a suggestion that will save grid-iron officials a few gray hairs. He do away with some of the controversies such as those which arose out of last week's Yale-Brown, Dartmouth-Penn and Army-Illinois games and, perhaps, make the game more exciting for the spectators.

That is to do away with the rules which prevent running with a fumbled ball or a blocked kick.

"Let the boys run with a loose ball," says Lou. "That's the instinctive, the natural thing for them to do, so natural that even good officials forget that it's against the rules."

"Let's get rid of the artificial situation where you cannot capitalize on an opponent's mistakes. The rule against running with a fumbled ball was put into the books to promote lateral passing, which it has not done. The rules against running with a blocked kick, natural outgrowths, have merely added new problems to an already complicated situation."
